Terms:**Dateline City:**

PITTSBURGH & DENVER & SANTA FE, N.M.

PITTSBURGH & DENVER & SANTA FE, N.M.--(BUSINESS WIRE ^[1])--Evoqua Water Technologies (NYSE: AQUA) today announced it has signed a definitive agreement to acquire privately held Pure Water Solutions, a leading provider of high-purity water equipment and systems, service deionization and resin regeneration, with service operations in suburban Denver and Santa Fe. The acquisition further underscores Evoqua's industry-leading service capabilities in the water treatment market. Terms of the deal were not disclosed.

Pure Water Solutions serves the ultrapure pharmaceutical and laboratory, medical, commercial, industrial and agriculture markets throughout Colorado and New Mexico. It serves its customer base with a variety of products and solutions including reverse osmosis, deionized water systems, ultra-filtration, and portable exchange. It will become part of Evoqua's Light Industry Technologies division, which is a part of Evoqua's Industrial Segment, and will extend the Company's unmatched service network.

"Pure Water Solutions has been a leader in the high-purity water market in Colorado and New Mexico for more than 20 years and their reputation of customer-focus, flexibility and service is well earned," said Ron Keating, Evoqua Chief Executive Officer. "We welcome Pure Water Solutions to the Evoqua family and look forward to immediately helping them accelerate their growth as part of Evoqua."

Evoqua has an unmatched service and support network that is four times larger than its next largest competitor. As a result, a certified Evoqua Service Technician - the best trained in the industry -- is no more than 2 hours away from more than 90 percent of its more than 25,000 industrial customers.

About Evoqua

Evoqua Water Technologies is a leading provider of mission critical water treatment solutions, offering services, systems and technologies to support its customers' full water lifecycle needs. Evoqua Water Technologies has worked to protect water, the environment and its employees for over 100 years, earning a reputation for quality, safety and reliability around the world. Headquartered in Pittsburgh, Pennsylvania, Evoqua Water Technologies operates 160 locations in eight countries and, with over 200,000 installations and 87 service branches, holds leading positions in the North American industrial, commercial and municipal water treatment markets.
