Safe Harbor Statements and Non-GAAP Financial Measures

Forward-Looking Statements

This presentation includes forward-looking statements as that term is defined by the federal securities laws, including statements concerning our business plans and strategy; projected profitability, performance or cash flows, future capital expenditures; anticipated financing needs, business trends, the impact and our response to COVID-19, liquidity and capital management, and other information that is not historical information. Forward looking statements are generally identified by the words "estimates," "expects," "anticipates," "projects," "plans," "intends," "believes," "forecasts," and future or conditional verbs, such as "will," "should," "could" or "may," as well as variations of such words or similar expressions. All forward-looking statements are based upon our current expectations and various assumptions and, there can be no assurance that our current expectations will be achieved. They are subject to future events, risks and uncertainties - many of which are beyond our control - as well as potentially inaccurate assumptions, that could cause actual results to differ materially from those in the forward-looking statements. Further information on the risks that may affect our business is included in filings we make with the Securities and Exchange Commission from time to time, including our most recent annual report on Form 10-K, subsequent quarterly reports on Form 10-Q, and in our other SEC filings. We undertake no obligation to update or revise forward-looking statements that have been made to reflect events or circumstances that arise after the date made or to reflect the occurrence of unanticipated events.

Information Regarding Non-GAAP Financial Measures

In addition to results calculated according to accounting principles generally accepted in the United States (“GAAP”), the Company has provided certain information in this presentation that is not calculated according to GAAP (“non-GAAP”), such as adjusted net income, adjusted earnings per diluted share, EBITDA, adjusted EBITDA, adjusted EBITDA margin, REBITDA, REBITDA margin, REBITDA flow-through and free cash flow. Management uses these non-GAAP measures to evaluate operating performance and period-over-period performance of our core business without regard to potential distortions, and believes that investors will likewise find these non-GAAP measures useful in evaluating the Company’s performance. These measures are frequently used by security analysts, institutional investors and other interested parties in the evaluation of companies in our industry.

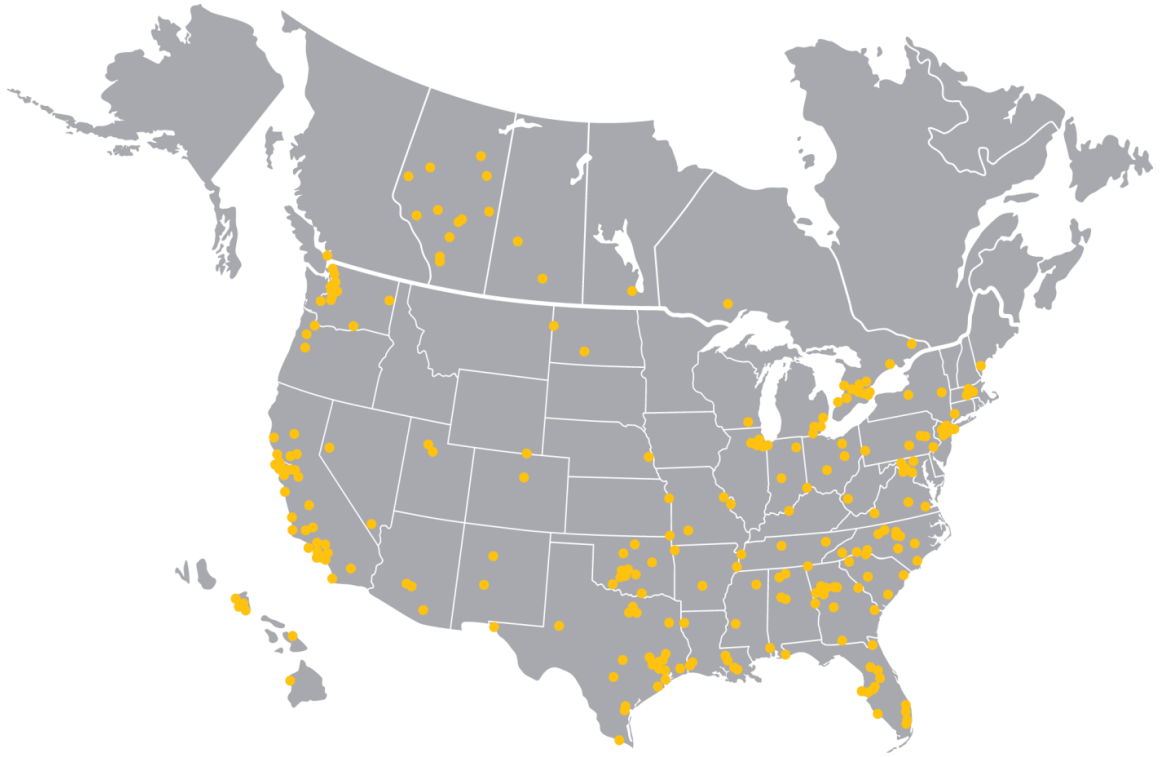

Non-GAAP measures should not be considered in isolation or as a substitute for our reported results prepared in accordance with GAAP and, as calculated, may not be comparable to similarly titled measures of other companies. For the definitions of these terms, further information about management’s use of these measures as well as a reconciliation of these non-GAAP measures to the most comparable GAAP financial measures, please see the appendix that accompanies this presentation.

Our Strategic Initiatives are Delivering Results

Develop Our People and Culture

Attract and retain diverse talent

Align performance to shared purpose

Support a safe and healthy work place culture

Expand continuous learning to all employees

Expand and Diversify Revenues

Broaden customer base

Expand products and services

Grow pricing and ancillary revenues

Seek accretive M&A in selective geographies, verticals and selected products

Improve Operating Effectiveness

Improve sales force effectiveness

Improve safety and labor productivity

Increase density in large urban markets

Improve vendor management and fleet availability

Enhance Customer Experience

Provide premium products and solutions-based services

Introduce innovative technology solutions

Maintain COVID-19 protocols to protect customers and employees

Disciplined Capital Management

Drive EBITDA margin growth

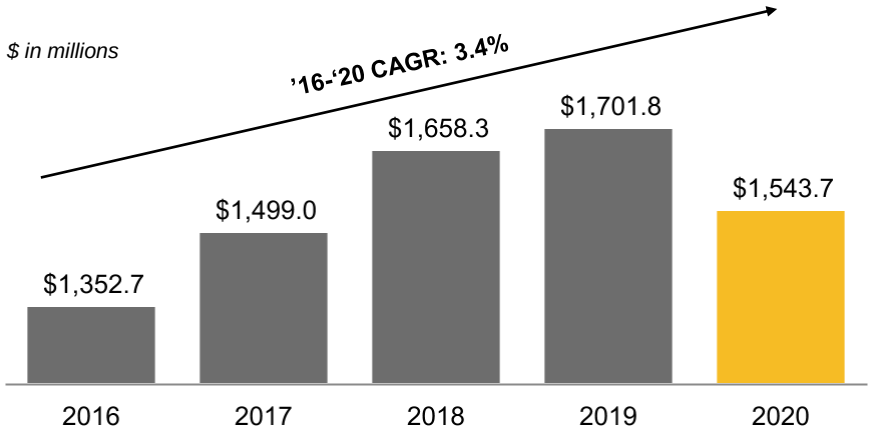

Maximize fleet management and utilization

Operate within new net leverage target range of 2.0x to 3.0x

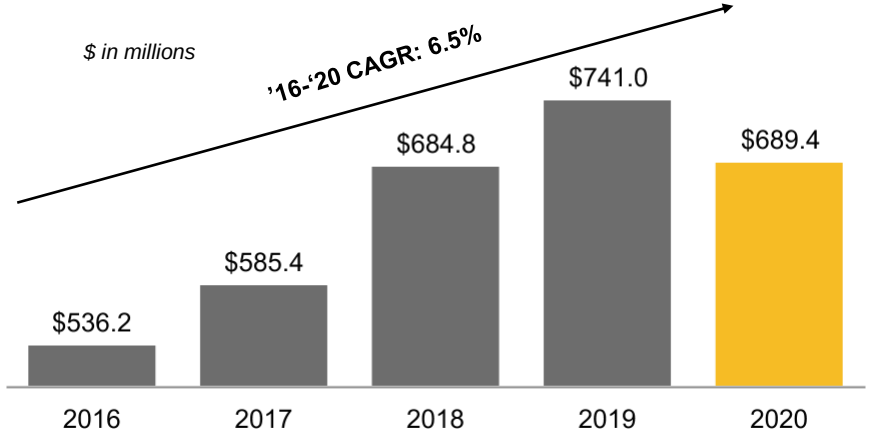

©2021 Herc Rentals Inc. All Rights Reserved.

Margin and Net Leverage Improved Since Spin-off

Q4 2020
OPERATIONS REVIEW

HercRentals®

NYSE: HRI

©2021 Herc Rentals Inc. All Rights Reserved.

Delivering in a Challenging Environment

Year-over-year trends in Q4 rental revenue improved compared with double-digit % declines in Q2 and Q3, but was still lower than the prior year

Diverse customers and industries helped mitigate the impact of COVID-19

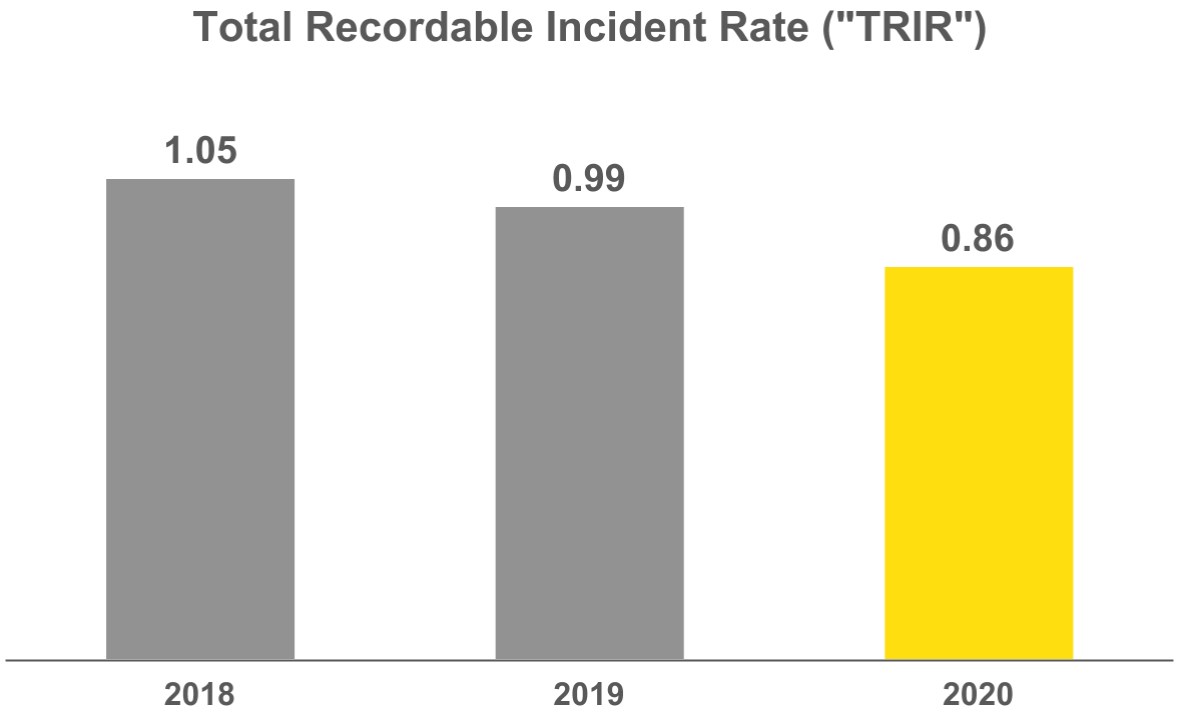

Results in the quarter were also aided by weather-related and emergency response activity

Our ProSolutions® team continued to deliver strong results with rental revenue up 22% in the fourth quarter compared with the prior year

©2021 Herc Rentals Inc. All Rights Reserved.

Focusing on Safety Delivers Results

Think **Safety!**

TRIR improved to 0.86 in 2020

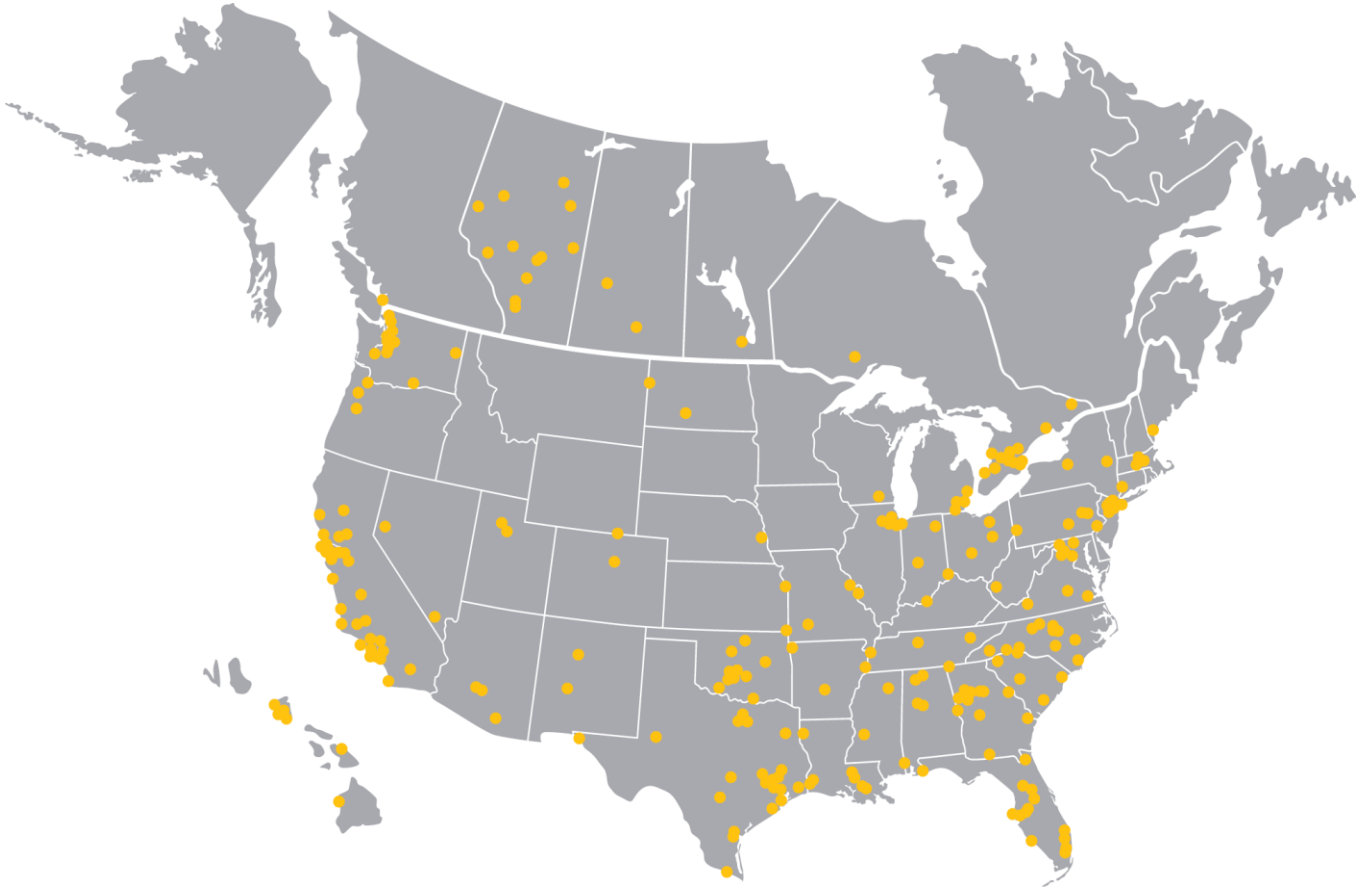

Continued focus on safety by following CDC guidelines

All of our branches reported at least 98% Perfect Days in 2020

Conducted 58,395 safety training hours

©2021 Herc Rentals Inc. All Rights Reserved.

Investing in High Growth Urban Markets

277 39 states
5 provinces

Strong geographic footprint in high growth urban markets

New greenfield locations opened in Ft. Lauderdale, Toronto, Denver, and two in Dallas

Four locations acquired in Houston

Targeting 10 to 20 new locations in urban markets annually

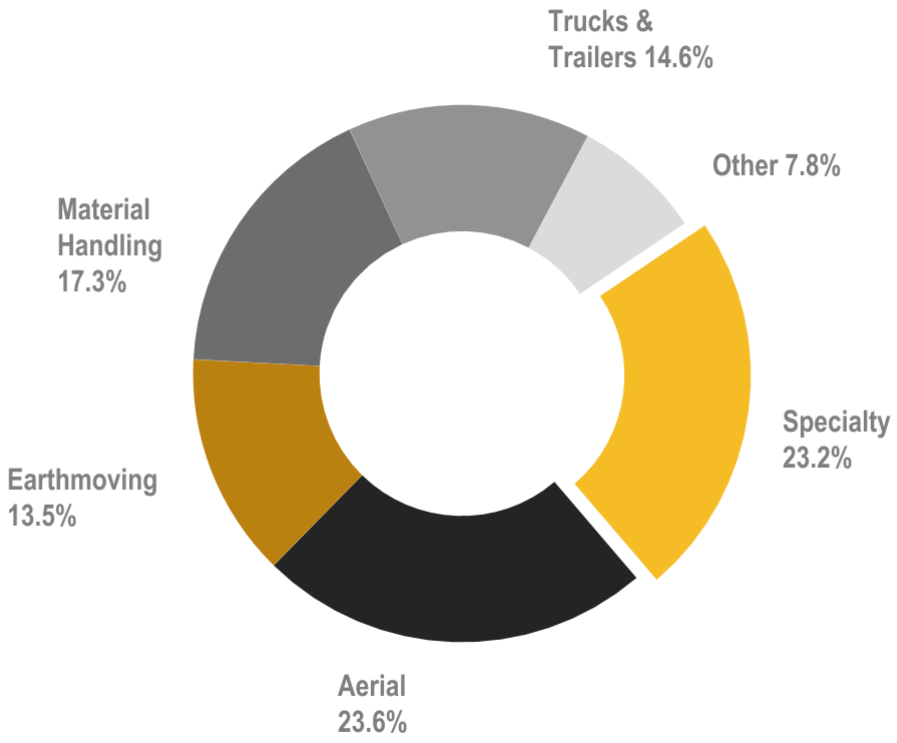

Locations as of December 31, 2020

©2021 Herc Rentals Inc. All Rights Reserved.

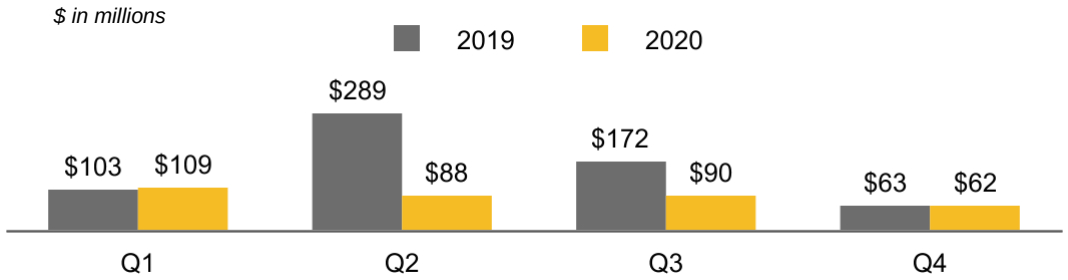

Managing Fleet to Enhance Utilization

Fleet Composition at OEC[1]

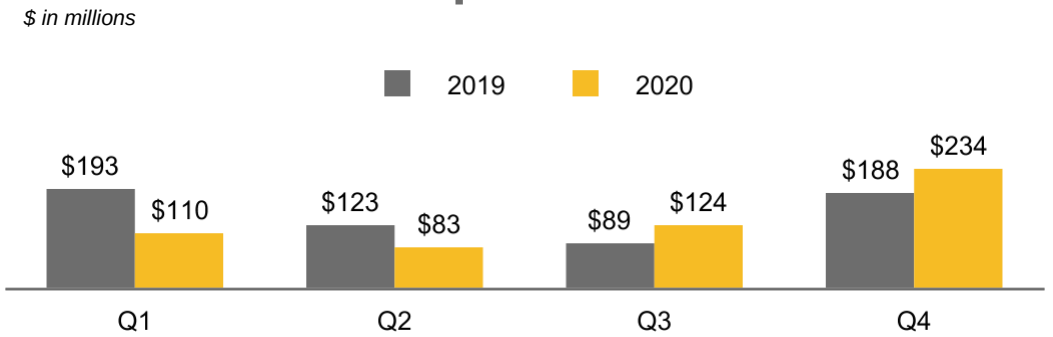

$3.59B at OEC

Fleet Expenditures at OEC[1]

Fleet Disposals at OEC[1]

Fleet disposals at OEC in Q4 2020 were $234 million, generating ~36% proceeds as a percent of OEC

Average age of disposals was 85 months in Q4 2020

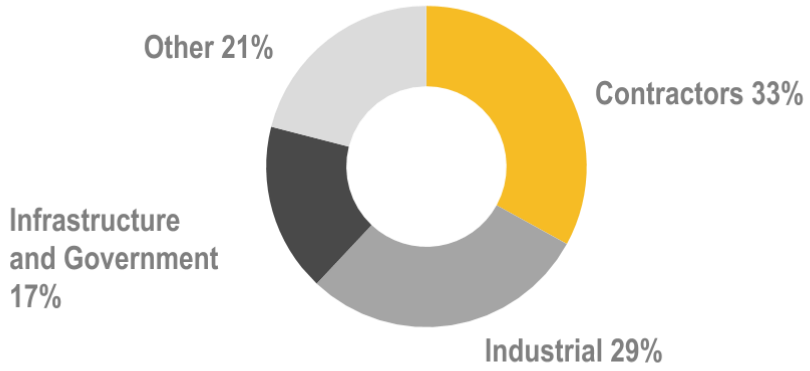

Average fleet age of 46 months in Q4 2020

1. Original equipment cost based on ARA guidelines. As of December 31, 2020

©2021 Herc Rentals Inc. All Rights Reserved.

Resilient Business Model Delivers

Q4 Revenue by Customer[1]

Q4 Local vs National Mix

Our diverse customer mix, base of national customers and expanded specialty business continues to provide growth opportunities

Industrial manufacturing activity began to close the gap with pre-COVID-19 levels

Focusing on high growth industry verticals

Customer revenues from the oil & gas sector were less than 8% of rental revenues in Q4

The return to normalcy in our end markets provides additional growth opportunities

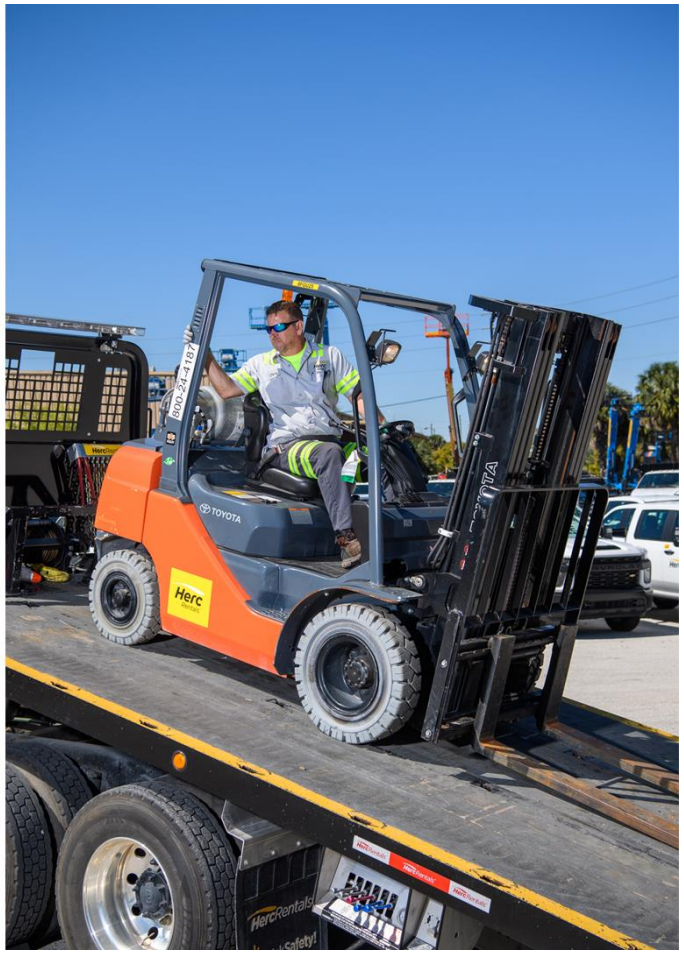

1. Refer to our 10-K for description of industries related to each customer classification. Other includes commercial and retail service, hospitality, healthcare, recreation, and entertainment and special events

©2021 Herc Rentals Inc. All Rights Reserved.

Continuing Our Journey

Our team is focused on:

- Enhancing the well-being of our team by investing in training
- Operating a safe environment for our employees, customers and communities
- Expanding in fast-growing urban markets to drive top-line growth
- Improving utilization by driving more fleet through the network
- Continued investment in ProSolutions business
- Delivering a lean cost structure and improved margins
- Providing excellent customer service and premium equipment to our customers

Q4 and Full Year Adjusted EBITDA[1]

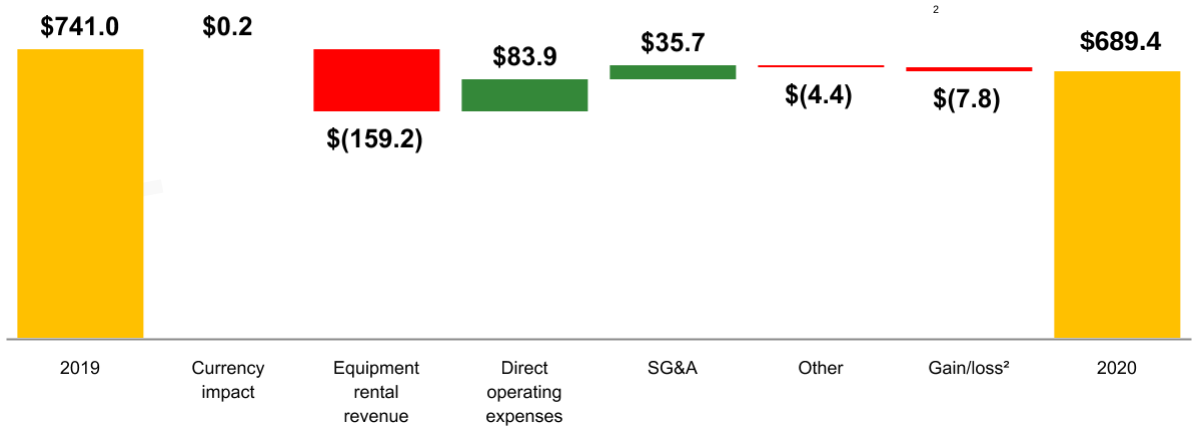

Q4 Adjusted EBITDA Bridge

$ in millions

Full Year Adjusted EBITDA Bridge

$ in millions

Adjusted EBITDA declined 8.8% or $18.8 million in Q4 2020 primarily due to lower volume and rental revenue

DOE was reduced by $8.6 million primarily due to lower re-rent and personnel-related expenses in Q4 2020

SG&A declined $3.1 million in Q4 2020 primarily due to reductions in selling and travel expense

REBITDA margin[1,3] in Q4 2020 declined 80 bps YoY to 45.8%

REBITDA margin flow-through was 59.4% in Q4 2020

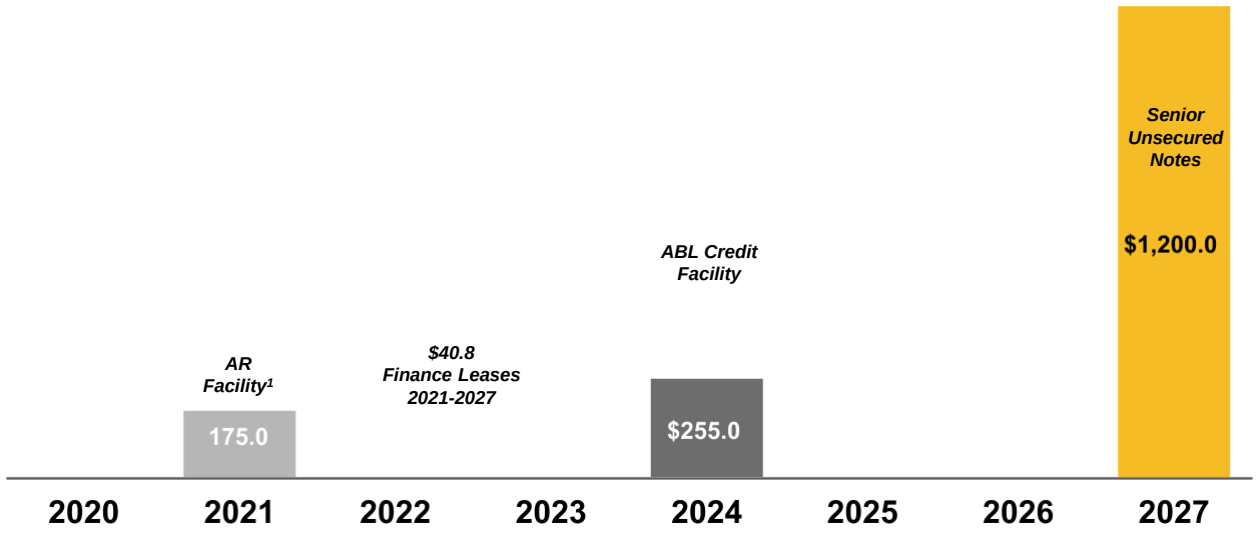

1. For a reconciliation to the most comparable GAAP financial measure, see the Appendix beginning on Slide 22
2. Gain / loss on sales of rental equipment, new equipment, parts and supplies.
3. REBITDA measures contribution from our core rental business without impact of sales of equipment, parts and supplies

Disciplined Capital Management

Maturities

$ in millions, as of December 31, 2020

Total debt of $1.7 billion as of December 31, 2020, down by approximately $415 million from December 31, 2019

No near-term maturities and **ample liquidity** of $1.4 billion provides financial flexibility[2]

$425M ↑

Free cash flow[3] of approximately $425 million for YTD 2020

2.4x ↓

Net leverage[3] of 2.4x compared with 2.8x in December 2019

New net leverage target of 2.0x to 3.0x

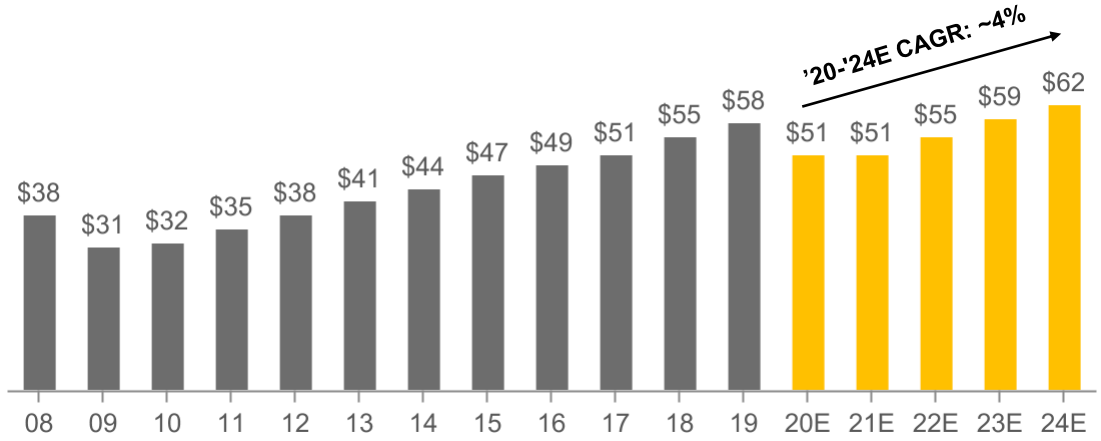

Credit Rating: Moody's (B1/Stable) / S&P (B+/Stable)

1. The AR Facility is excluded from current maturities of long-term debt as the Company has the intent and ability to consummate refinancing and extend the term of the agreement
2. Total liquidity includes cash and cash equivalents and the unused commitments under the ABL Credit Facility and AR Facility.
3. For a definition and reconciliation to the most comparable GAAP financial measure, see the Appendix beginning on Slide 22

APPENDIX

NYSE: HRI

©2021 Herc Rentals Inc. All Rights Reserved.

Glossary of Terms Commonly Used in the Industry

OEC: Original Equipment Cost which is an operating measure based on the guidelines of the American Rental Association (ARA), which is calculated as the cost of the asset at the time it was first purchased plus additional capitalized refurbishment costs (with the basis of refurbished assets reset at the refurbishment date).

Fleet Age: The OEC weighted age of the entire fleet, based on ARA guidelines.

Net Fleet Capital Expenditures: Capital expenditures of rental equipment minus the proceeds from disposal of rental equipment.

Dollar Utilization ($ UT): Dollar utilization is an operating measure calculated by dividing rental revenue by the average OEC of the equipment fleet for the relevant time period, based on ARA guidelines.

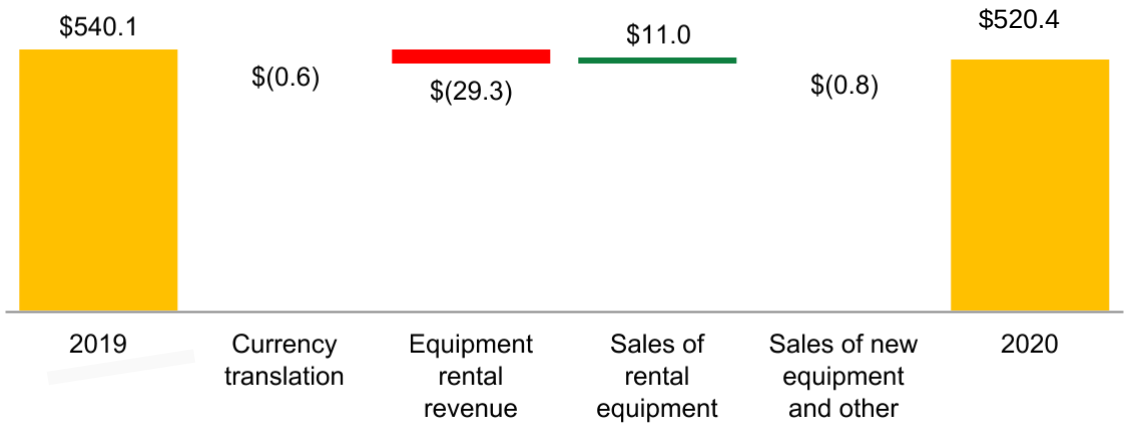

Pricing: Change in pure pricing achieved in one period versus another period. This is applied both to year-over-year and sequential comparisons. Rental rates are based on ARA guidelines and are calculated based on the category class rate variance achieved either year-over-year or sequentially for any fleet that qualifies for the fleet base and weighted by the prior year revenue mix.

Q4 and Full Year Total Revenues

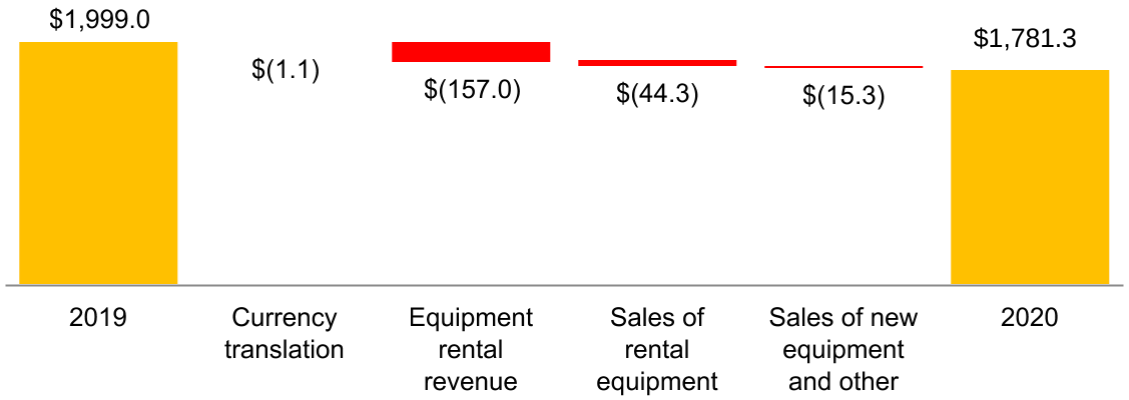

Q4 Revenue Bridge

$ in millions

Full Year Revenue Bridge

$ in millions

Equipment rental revenue decreased 6.5% in Q4 2020 with lower volume as a result of the impact of the COVID-19 pandemic

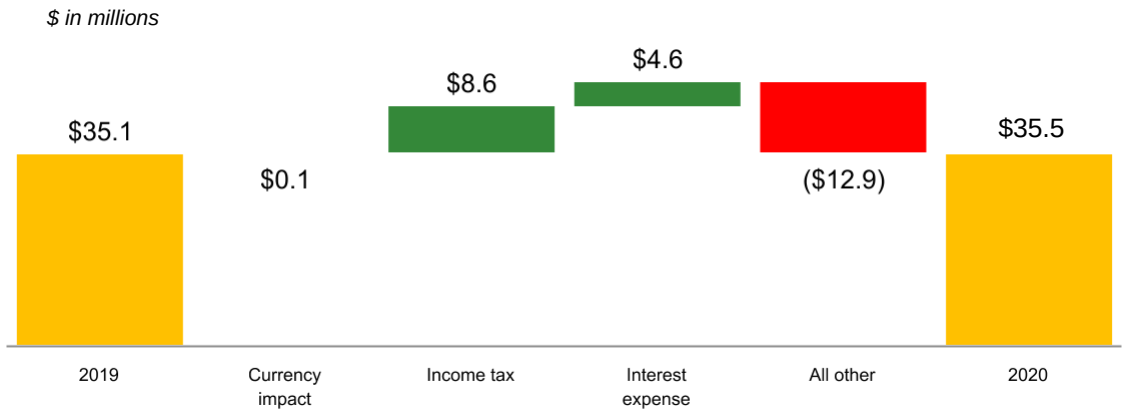

Sales of rental equipment increased 15.2%, or $10.8 million, in Q4 2020

Total revenues decreased 3.6%, or $19.7 million, in Q4 2020 primarily due to the decline in equipment rental revenue offset by an increase in sales of rental equipment

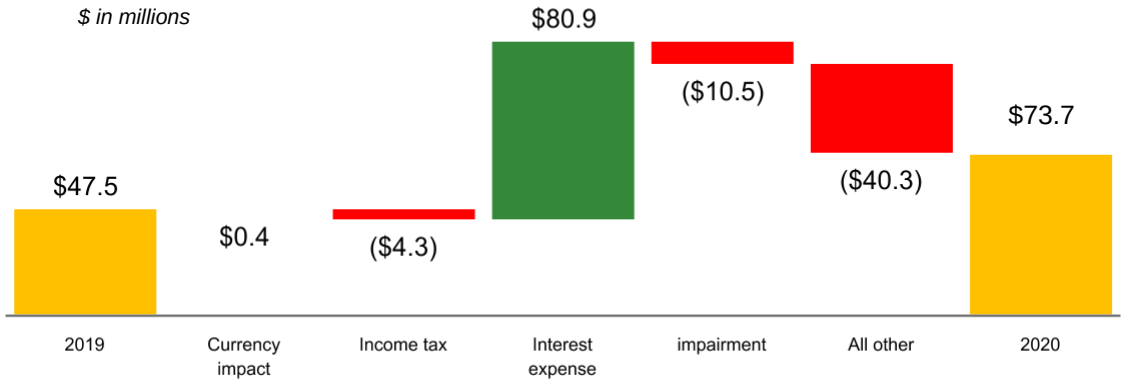

©2021 Herc Rentals Inc. All Rights Reserved.

Q4 and Full Year Net Results

Q4 Net Results Bridge

Full Year Net Results Bridge

Net income was $35.5 million in Q4 2019 compared to $35.1 million in the prior year

Interest expense in Q4 2020 declined $4.6 million primarily due to lower average outstanding balances and interest rates on our ABL Credit Facility in 2020

Income tax provision in Q4 2020 was $9.5 million compared with $18.1 million in the same period last year

All other includes the impact of our operating results

©2021 Herc Rentals Inc. All Rights Reserved.

Reconciliation of Adjusted Net Income and Adjusted Earnings Per Diluted Share

Adjusted Net Income and Adjusted Earnings Per Diluted Share - Adjusted Net Income represents the sum of net income (loss), restructuring and restructuring related charges, spin-off costs, loss on extinguishment of debt, impairment charges, gain (loss) on the disposal of a business and certain other items. Adjusted Earnings per Diluted Share represents Adjusted Net Income divided by diluted shares outstanding. Adjusted Net Income and Adjusted Earnings Per Diluted Share are important measures to evaluate our results of operations between periods on a more comparable basis and to help investors analyze underlying trends in our business, evaluate the performance of our business both on an absolute basis and relative to our peers and the broader market, provide useful information to both management and investors by excluding certain items that may not be indicative of our core operating results and operational strength of our business.

	Three Months Ended December 31,		Years Ended December 31,	
	2020	2019	2020	2019
Net income	$35.5	$35.1	$73.7	$47.5
Loss on extinguishment	—	—	—	53.6
Restructuring	—	(0.1)	0.7	7.7
Impairment	5.9	4.4	15.4	5.1
Loss on disposal of business	—	—	2.8	—
Spin-off costs	0.2	(0.2)	0.6	0.5
Other[(1)]	0.2	1.0	0.4	1.0
Tax impact of adjustments[(2)]	(1.6)	(1.3)	(5.1)	(23.8)
Adjusted net income	$40.2	$38.9	$88.5	$91.6
Diluted common shares	**29.8**	**29.3**	**29.4**	**29.1**
Adjusted earnings per diluted share	**$1.35**	**$1.33**	**$3.01**	**$3.15**

(1) Comprised primarily of a cash separation benefit paid to our former Chief Operating Officer as part of a separation agreement for three months and the year ended December 31, 2019.

(2) The tax rate applied for adjustments is 25.7% and reflects the statutory rates in the applicable entities. Additionally, the tax benefit of $6.3 million recognized during the year ended December 31, 2019 related to the debt transactions.

©2021 Herc Rentals Inc. All Rights Reserved.

Reconciliation of Net Income to Adj. EBITDA, Adj. EBITDA Margin, Rental Adj. EBITDA (REBITDA), REBITDA Margin and Flow-Through

EBITDA, Adjusted EBITDA, and REBITDA - EBITDA represents the sum of net income (loss), provision (benefit) for income taxes, interest expense, net, depreciation of rental equipment and non-rental depreciation and amortization. Adjusted EBITDA represents EBITDA plus the sum of merger and acquisition related costs, restructuring and restructuring related charges, spin-off costs, non-cash stock based compensation charges, loss on extinguishment of debt (which is included in interest expense, net), impairment charges, gain (loss) on disposal of a business and certain other items. REBITDA represents Adjusted EBITDA excluding the gain (loss) on sales of rental equipment and new equipment, parts and supplies. EBITDA, Adjusted EBITDA and REBITDA do not purport to be alternatives to net income as an indicator of operating performance. Additionally, none of these measures purports to be an alternative to cash flows from operating activities as a measure of liquidity, as they do not consider certain cash requirements such as interest payments and tax payments.

Adjusted EBITDA Margin, REBITDA Margin and REBITDA Flow-Through - Adjusted EBITDA Margin (Adjusted EBITDA / Total Revenues) is a commonly used profitability ratio. REBITDA Margin (REBITDA / Equipment rental, service and other revenues) and REBITDA Flow-Through (the year-over-year change in REBITDA/the year-over-year change in Equipment rental, service, and other revenues) are useful operating profitability ratios to management and investors.

Calculation of Net Leverage Ratio

Net Leverage Ratio –The Company has defined its net leverage ratio as net debt, as calculated below, divided by adjusted EBITDA for the trailing twelve-month period. This measure should be considered supplemental to and not a substitute for financial information prepared in accordance with GAAP. The Company's definition of this measure may differ from similarly titled measures used by other companies.

$ in millions	Q4 2020	Q4 2019
Long-Term Debt, Net	$1,651.5	$2,051.5
(Plus) Current maturities of long-term debt	12.2	27.0
(Plus) Unamortized debt issuance costs	7.1	7.9
(Less) Cash and Cash Equivalents	(33.0)	(33.0)
Net Debt	**$1,637.8**	**$2,053.4**
Trailing Twelve-Month Adjusted EBITDA	$689.4	$741.0
Net Leverage	**2.4 x**	**2.8 x**

Reconciliation of Free Cash Flow

Free cash flow is not a recognized term under GAAP and should not be considered in isolation or as a substitute for our reported results prepared in accordance with GAAP. Further, since all companies do not use identical calculations, our definition and presentation of this measure may not be comparable to similarly titled measures reported by other companies.

Free cash flow represents net cash provided by (used in) operating activities less rental equipment expenditures and non-rental capital expenditures, plus proceeds from disposal of rental equipment, proceeds from disposal of property and equipment, and other investing activities. Free cash flow is used by management in analyzing the Company's ability to service and repay its debt and to forecast future periods. However, this measure does not represent funds available for investment or other discretionary uses since it does not deduct cash used to service debt or for other non-discretionary expenditures.
