Dear Fellow Stockholders,

You are invited to attend our 2009 annual meeting of stockholders. The meeting will be held on Friday, May 15, 2009, at 8:00 a.m., Eastern Time, at the Wright Express Long Creek campus in South Portland, Maine.

At the meeting we will:

- elect three directors for three-year terms,
- vote to ratify the selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the year ending December 31, 2009, and
- consider any other business properly coming before the meeting.

Whether or not you attend the annual meeting, it is important that your shares be represented and voted at the meeting. As a stockholder of record, you can vote your shares by signing and dating the enclosed proxy card and returning it by mail in the enclosed envelope. If you decide to attend the annual meeting and vote in person, you may then revoke your proxy. If you hold your stock in "street name," you should follow the instructions provided by your bank, broker or other nominee.

On behalf of the Board of Directors and the employees of Wright Express Corporation, we would like to express our appreciation for your continued interest in the Company.

Sincerely,

A handwritten signature in black ink that reads 'Michael E. Dubyak'.

Michael E. Dubyak
CHAIRMAN OF THE BOARD,
PRESIDENT AND CHIEF EXECUTIVE OFFICER

NOTICE OF 2009 ANNUAL MEETING OF STOCKHOLDERS

INFORMATION ABOUT VOTING PROCEDURES	44

This proxy statement describes the proposals on which you may vote as a stockholder of Wright Express Corporation. It contains important information to consider when voting.

The Company's board of directors, or the Board, is sending these proxy materials to you in connection with the Board's solicitation of proxies. Our annual report to stockholders and our proxy materials were first mailed on or about April 9, 2009.

Your vote is important. Please complete, execute and promptly mail your proxy card as soon as possible even if you plan to attend the annual meeting.

VOTING YOUR SHARES

Stockholders who owned the Company's common stock at the close of business on April 3, 2009, the record date, may attend and vote at the annual meeting. Each share is entitled to one vote. There were 38,351,018 shares of common stock outstanding on the record date.

How do I vote?

- You may vote by mail if you hold your shares in your own name.

You do this by completing and signing your proxy card and mailing it in the enclosed prepaid and addressed envelope.

- You may vote in person at the meeting.

We will pass out ballots to any record holder who wants to vote at the meeting. However, if you hold your shares in street name, you must request a proxy from your stockbroker in order to vote at the meeting. Holding shares in "street name" means you hold them through a brokerage firm, bank or other nominee, and as a result, the shares are not held in your individual name but through someone else.

If you hold your shares in "street name," you should follow the instructions provided by your bank, broker or other nominee, including any instructions provided regarding your ability to vote by telephone or through the Internet.

How do I vote my shares held in the Wright Express Corporation Employee Savings Plan?

If you participate in our Wright Express Corporation Employee Savings Plan, commonly referred to as the "401 (k) Plan," shares of our common stock equivalent to the value of the common stock interest credited to your account under the plan will be voted automatically by the trustee in accordance with your instruction, if it is received by May 12, 2009. Otherwise, the share equivalents credited to your account will be voted by the trustee in the same proportion that it votes share equivalents for which it receives timely instructions from all plan participants.

Please refer to the "Information about Voting Procedures" section.

PROPOSALS TO VOTE ON

ITEM 1. *ELECTION OF DIRECTORS*

Our nominees for director this year are:

- Jack VanWoerkom
- George “Larry” McTavish
- Regina O. Sommer

Each nominee is presently a director of the Company and has consented to serve a new three-year term.

*We recommend a vote **FOR** these nominees.*

ITEM 2. *RATIFICATION OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2009*

The Audit Committee of the Board has selected Deloitte & Touche LLP, or D&T, as the independent registered public accounting firm for the Company’s fiscal year 2009. Stockholder ratification of the appointment is not required under the laws of the State of Delaware, but the Audit Committee has decided to request that the stockholders ratify the appointment. A representative of D&T will be present at the meeting to answer appropriate questions from stockholders and will have the opportunity to make a statement on behalf of the firm, if he or she so desires.

If this proposal is not approved by our stockholders at the 2009 annual meeting, the Audit Committee will reconsider its selection of D&T. Even if the selection is ratified, the Audit Committee may, in its discretion, select a different registered public accounting firm at any point during the year if it determines that making a change would be in the best interests of the Company and our stockholders.

*We recommend a vote **FOR** the ratification of Deloitte & Touche LLP as our independent registered public accounting firm.*

OTHER BUSINESS

We know of no other business to be considered at the meeting and the deadline for stockholders to submit proposals or nominations has passed. However, if:

- other matters are properly presented at the meeting, or at any adjournment or postponement of the meeting, and
- you have properly submitted your proxy,

then Michael E. Dubyak or Melissa D. Smith will vote your shares on those matters according to his or her best judgment.

THE BOARD OF DIRECTORS

CHAIRMAN

Our Board is led by our Chairman, Mr. DUBYAK. The Chairman leads all meetings of the Board at which he is present. The Chairman serves on committees as reasonably requested by the Board, sets meeting schedules and agendas and manages information flow to the Board to ensure appropriate understanding and discussion regarding matters of interest or concern to the Board. The Chairman also has such additional powers and performs such additional duties consistent with organizing and leading the actions of the Board as may be prescribed.

VICE CHAIRMAN AND LEAD DIRECTOR

In addition to our Chairman, the Board has appointed Dr. Moriarty as our Vice Chairman and Lead Director. Dr. Moriarty chairs any meeting of the non-management or independent directors in executive session and chairs any meetings at which the Chairman is not present. In addition, he facilitates communications between other members of the Board and the Chairman. The Lead Director is also authorized to call meetings of the independent directors and is available to consult with any of the Company's senior executives regarding any concerns an executive may have. Dr. Moriarty also may aid in the preparation of the meeting agendas and is authorized as a representative of the independent directors for any meeting with stockholders.

NUMBER OF DIRECTORS AND TERMS

Our certificate of incorporation provides that our Board shall consist of such number of directors as is fixed by our By-Laws. Our By-Laws provide that, by resolution of the Board, we shall have eight directors. Our directors serve staggered terms as follows:

- each director who is elected at an annual meeting of stockholders serves a three-year term and until such director's successor is duly elected and qualified, subject to such director's earlier death, resignation or removal,
- the directors are divided into three classes,
- the classes are as nearly equal in number as possible, and
- the term of each class begins on a staggered schedule.

BOARD AND COMMITTEE MEETINGS

The Board held eight meetings in 2008 and each director attended at least 75 percent of all Board and applicable committee meetings. Our non-management directors meet in executive session at each regularly scheduled in-person Board meeting and we have at least one meeting per year of our independent directors. Our Vice Chairman and Lead Director of the Board leads the executive sessions of non-management directors. As provided in our Corporate Governance Guidelines, we expect directors to attend the annual meeting of stockholders. All directors who were serving at that time attended our 2008 annual meeting of stockholders.

Table of Contents

Our Board has created the following committees:

<u>NAME OF COMMITTEE AND MEMBERS</u>	<u>COMMITTEES OF THE BOARD OF DIRECTORS</u>	<u>NUMBER OF MEETINGS IN 2008</u>
<i>Audit</i> Ronald T. Maheu (Chair) Regina O. Sommer George L. McTavish	The Audit Committee must be comprised of at least three directors appointed by a majority of the Board. The Audit Committee oversees our accounting and financial reporting processes, as well as the audits of our financial statements and internal control over financial reporting. All members of the Audit Committee are independent under the rules of the New York Stock Exchange, or the NYSE, and the applicable rules of the Securities and Exchange Commission, or the SEC. In addition, each member of the Audit Committee is required to have the ability to read and understand fundamental financial statements. Unless determined otherwise by the Board, the Audit Committee shall have at least one member who qualifies as an “audit committee financial expert” as defined by the rules of the SEC. Our Board has determined that Mr. Maheu qualifies as an “audit committee financial expert.”	11
<i>Compensation</i> Kirk P. Pond (Chair) Shikhar Ghosh Regina O. Sommer	The Compensation Committee must be comprised of at least two directors appointed by a majority of the Board. The Compensation Committee oversees the administration of our equity incentive plans and certain of our benefit plans, reviews and administers all compensation arrangements for executive officers and our Board and establishes and reviews general policies relating to the compensation and benefits of our officers and employees. All members of the Compensation Committee are independent under the rules of the NYSE.	7
<i>Corporate Governance</i> Jack VanWoerkom (Chair) Shikhar Ghosh Rowland T. Moriarty Kirk P. Pond	The Corporate Governance Committee is comprised of that number of directors as our Board shall determine. Currently, there are four directors serving on the committee. The Corporate Governance Committee’s responsibilities include identifying and recommending to the board appropriate director nominee candidates and providing oversight with respect to corporate governance matters. All members of the Corporate Governance Committee are independent under the rules of the NYSE.	4

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of our Compensation Committee (the members of which are listed in the table in the “Board and Committee Meetings” section) is or was one of our or our subsidiaries’ former officers or employees. During 2008, there were no Compensation Committee interlocks as required to be disclosed under SEC rules.

DIRECTOR COMPENSATION

In 2006, the compensation committee requested that Mercer (US) Inc. review our director compensation plan and provide the committee with recommendations on any changes to meet the following objectives of the compensation plan:

- Attract and retain directors
- Reward our directors for the investment of time they make to support our growing company
- Align director compensation with stockholder interests

The committee reviewed Mercer’s analysis and approved the new Wright Express Corporation Non-Employee Director Compensation Plan which replaced the previous plan adopted when the Company went public. The director plan was effective as of January 1, 2007.

The plan splits the director retainer between cash and equity as shown below to meet our objectives of attracting and retaining directors while aligning director compensation with stockholder interests.

Compensation ⁽¹⁾

Annual non-executive chairman cash retainer	\$127,500
Annual non-executive chairman equity retainer ⁽²⁾	\$127,500
Annual lead director cash retainer	\$ 52,700
Annual lead director equity retainer ⁽²⁾	\$102,300
Annual director cash retainer	\$ 35,000
Annual director equity retainer ⁽²⁾	\$ 70,000
Board and committee attendance fee	\$ 2,000
M&A Committee cash retainer	\$ 16,000
Audit Committee chair cash retainer	\$ 25,000
Compensation Committee chair cash retainer	\$ 12,000
Corporate Governance Committee chair cash retainer	\$ 12,000
M&A Committee chair cash retainer	\$ 15,000
New director equity grant ⁽²⁾	\$ 50,000

- (1) Members of our Board who are also our employees do not receive compensation for serving as a director (other than travel-related expenses for meetings held outside of our headquarters).
- (2) Equity retainers are granted at the time of the Annual Stockholders' Meeting. The number of restricted stock units granted is determined by dividing the amount shown above by the then current stock price. Such restricted stock units, or RSUs, vest ratably over a three year period.

The total direct compensation of our outside directors at the time the 2007 plan was adopted represented the 75th percentile of our peer group which the Compensation Committee believes is the appropriate target given the experience our outside directors bring to Wright Express.

In recognition of the challenging economic conditions the Company is facing, the Compensation Committee recommended, and the Board approved, a five percent reduction in all cash compensation paid to members of the Board effective in March 2009. The Board agreed to reevaluate this reduction from time-to-time in light of changes in overall business conditions.

Non-Employee Directors Deferred Compensation Plan

Under our Non-Employee Directors Deferred Compensation Plan (DDCP), our non-employee directors are eligible to receive their cash retainers and equity retainers in the form of deferred stock units, or DSUs. The DSUs issued pursuant to the DDCP are issued under the 2005 Equity and Incentive Plan. On the 200th day after the Director leaves the Board, a one-time distribution equivalent to the units deferred is payable to the Director in shares.

Actual director compensation earned or paid in 2008 is shown below.

Director Compensation

Kirk Pond	83,000	37,975	120,975
Regina Sommer	85,000	37,975	122,975
Jack VanWoerkom	69,000	37,975	106,975

(1) This column reflects 2008 retainer fees paid in deferred stock units to Mr. Ghosh and Mr. McTavish. To determine the number of deferred stock units a director receives, the total amount of cash earned is divided by the closing price of Wright Express stock on the date of the award. All amounts deferred result in deferred stock units equal in value to the closing price of Wright Express common stock on each of the pricing dates, which are as follows: \$33.20 on May 2, 2008; \$27.26 on August 1, 2008; \$13.69 on October 31, 2008; and \$13.51 on February 13, 2009. The February 13, 2009 award was for fees earned in the fourth quarter of 2008. Also included in this column is the total fair value of stock awards recognized by the Company as an expense in 2008 for financial accounting purposes, disregarding for this purpose the estimate of forfeitures related to service-based vesting conditions. The fair values of these awards and the amounts expensed in 2008 were determined in accordance with Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123 (revised 2004), *Share-Based Payment* ("FAS 123R"). The awards for which expense is shown in this table include RSUs that were granted on May 18, 2007, and May 16, 2008. For the Board of Directors, the Compensation Committee had decided to use the closing price of our common stock as reported by the New York Stock Exchange on the day that the award is granted as the fair market value of the common stock.

Table of Contents

The following table indicates the full grant date fair value of stock awards made during 2008 to certain directors. A portion of the fair value of the awards was recognized as expense during 2008:

The aggregate number of RSUs outstanding for each director as of December 31, 2008, inclusive of the RSUs granted May 16, 2008, and exclusive of the RSUs which vested on May 18, 2008, is as follows: Mr. Ghosh — 3,655; Mr. Maheu — 3,655; Mr. McTavish — 4,680; Dr. Moriarty — 6,192; Mr. Pond — 3,655; Ms. Sommer — 3,655; and Mr. VanWoerkom — 3,655.

NON-EMPLOYEE DIRECTOR OWNERSHIP GUIDELINES

On September 7, 2006, the Committee established and approved equity ownership guidelines for all non-employee directors. “Equity” for the purpose of these guidelines is defined to include shares of the Company’s common stock, vested restricted stock units and deferred stock units. Under the guidelines of the equity ownership program, all directors are expected to own equity equal in value to at least three times each director’s annual director cash retainer. The Compensation Committee assesses progress against the guidelines each year on July 31. Directors have three years from July 31, 2007, or, if later, three years following their appointment to the Board, to achieve this level of ownership. All of our non-executive directors exceed the holdings in the guidelines.

PRINCIPAL STOCKHOLDERS

This table shows common stock that is beneficially owned by our directors, our chief executive officer, our chief financial officer and our next three most highly compensated executive officers as of December 31, 2008, whom we refer to as our “named executive officers,” and all persons known to us to own 5 percent or more of the outstanding Company common stock, as of March 9, 2009.

DIRECTOR INDEPENDENCE

We have considered the independence of each member of the Board. To assist us in our determination, we reviewed NYSE requirements and our general guidelines for independence, which are part of our corporate governance guidelines.

To be considered independent: (1) a director must be independent as determined under Section 303A.02(b) of the NYSE Listed Company Manual and (2) in the Board's judgment, the director must not have a material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company).

The Board has established guidelines to assist it in determining whether a director has a material relationship with the Company. Under these guidelines, a director will not be considered to have a material relationship with the Company if (1) he or she is independent as determined under Section 303A.02(b) of the NYSE Listed Company Manual and (2) he or she: (i) serves as an executive officer of another company which is indebted to the Company, or to which the Company is indebted, provided that the total amount of either company's indebtedness to the other is less than one percent of the total consolidated assets of the company he or she serves as an executive officer; (ii) serves as an officer, director or trustee of a tax exempt organization, provided that the Company's discretionary contributions to such organization are less than the greater of \$1 million or 2 percent of that organization's consolidated gross revenues; or (iii) serves as a director of another company with which the Company engages in a business transaction or transactions, provided that the director owns less than 5 percent of the equity interests of such other company and recuses himself or herself from deliberations of the Board with respect to such transactions. In addition, ownership of a significant amount of the Company's stock, by itself, does not constitute a material relationship. For relationships not covered by the guidelines set forth above, the determination of whether a material relationship exists shall be made by the other members of the Board of Directors who are independent as defined above.

Based on our guidelines and NYSE corporate governance standards, we have determined that the following directors are independent: Shikhar Ghosh, Ronald T. Maheu, George L. McTavish, Rowland T. Moriarty, Kirk P. Pond, Regina O. Sommer and Jack VanWoerkom.

When considering the independence of the directors listed above, the Board was aware that Mr. VanWoerkom was an executive officer of a company that does business with us in the ordinary course and that such relationship is deemed immaterial under the NYSE bright-line independence tests and our categorical standards. The amounts involved were substantially less than 1 percent of either party's consolidated gross revenues for 2008.

DIRECTOR NOMINATIONS

The Corporate Governance Committee is composed entirely of independent directors as determined by the Board in accordance with its independence guidelines and the listing standards of the NYSE. Among the committee's responsibilities is recommending candidates for nomination to the Board. In that capacity, the Corporate Governance Committee, with Mr. VanWoerkom abstaining, recommended Ms. Sommer and Messrs. VanWoerkom and McTavish for election by our stockholders. Ms. Sommer and Mr. VanWoerkom have served as members of our Board since February 2005. Mr. McTavish has served as a member of our Board since 2007.

The Corporate Governance Committee will consider candidates nominated by stockholders for next year's meeting in the same manner as candidates nominated by the Corporate Governance Committee. If the Board determines to nominate a stockholder-recommended candidate and recommends his or her election, then that nominee's name will be included in the proxy card for the next annual meeting. Our stockholders also have

the right under our By-Laws to directly nominate director candidates and should follow the procedures outlined in the answer to the question section entitled “ *How do I submit a stockholder proposal, including suggesting a candidate for nomination as a director to the Corporate Governance Committee, for next year’s annual meeting?* ”

To be timely, a stockholder’s notice to the Secretary must be delivered to or mailed and received not earlier than January 15, 2010 nor later than February 14, 2010. However, in the event that the annual meeting is called for a date that is not within twenty-five days before or after May 15, 2010, notice by the stockholder must be received no earlier than 120 days prior to the annual meeting and no later than the later of the 90th day prior to the annual meeting or the tenth day following the day on which notice of the date of the annual meeting is mailed or publicly disclosed.

Stockholder nominations must be addressed to:

Director Qualifications

The qualifications for directors are described in our Corporate Governance Guidelines and the guidelines for evaluating director nominees are in the Corporate Governance Committee’s charter, each of which is available on our website. In addition, the Corporate Governance Committee believes that a nominee for the position of director must meet the following specific, minimum qualifications:

- Nominees should have a reputation for integrity, honesty and adherence to high ethical standards.
- Nominees should have demonstrated business acumen, experience and ability to exercise sound judgments in matters that relate to the current and long-term objectives of the Company and should be willing and able to contribute positively to the decision-making process of the Company.
- Nominees should have a commitment to understand the Company and its industry and to regularly attend and participate in meetings of the Board and its committees.
- Nominees should have the interest and ability to understand the sometimes conflicting interests of the various constituencies of the Company, which include stockholders, employees, customers, governmental units, creditors and the general public, and to act in the interests of all stockholders.
- Nominees should not have, nor appear to have, a conflict of interest that would impair the nominee’s ability to represent the interests of all the Company’s stockholders and to fulfill the responsibilities of a director.
- Nominees shall not be discriminated against on the basis of race, religion, national origin, sex, sexual orientation, disability or any other basis proscribed by law. The value of diversity on the Board should be considered.

Application of Criteria to Existing Directors

The re-nomination of existing directors is not viewed as automatic, but is based on continuing qualification under the criteria listed above. In addition, the Corporate Governance Committee considers the existing directors’ performance on the Board and any committee, which shall include consideration of the extent to which the directors undertook continuing director education.

The backgrounds and qualifications of the directors considered as a group are to provide a significant breadth of experience, knowledge and abilities in order to assist the Board in fulfilling its responsibilities.

COMMUNICATIONS WITH THE BOARD OF DIRECTORS

The Board believes that the Chief Executive Officer and his designees speak for the Company. Individual Board members may, from time to time, meet or otherwise communicate with various constituencies who are involved with the Company. It is, however, expected that Board members would do so with the knowledge of and, absent unusual circumstances or as contemplated by the committee charters, only at the request of the Company's senior executives.

The Board will give appropriate attention to written communications that are submitted by stockholders and other interested parties, and will respond if and as appropriate. Absent unusual circumstances or as contemplated by the committee charters, the Chairman of the Board shall, subject to advice and assistance from the General Counsel, (1) be primarily responsible for monitoring communications from stockholders and other interested parties, and (2) provide copies or summaries of such communications to the other directors as he considers appropriate.

If you wish to communicate with the Board or the non-management members of the Board, you may send your communication in writing to:

You should include your name and address in the written communication and indicate whether you are a stockholder.

INDEPENDENT REGISTERED PUBLIC ACCOUNTANT

AUDIT COMMITTEE REPORT

The board of directors appointed us as an audit committee to monitor the integrity of Wright Express' consolidated financial statements, its system of internal controls and the independence and performance of its internal auditor and independent registered public accounting firm. As an audit committee, we select the independent registered public accounting firm.

We are governed by a written charter adopted by the Audit Committee, which is available through the Investor Relations page of our website at www.wrightexpress.com.

Our committee consisted of three non-employee directors at the time that the actions of the committee described in this report were undertaken. Each member of the audit committee is "independent" within the meaning of the New York Stock Exchange rules and the Securities Exchange Act of 1934. Wright Express' management is responsible for the financial reporting process, including the system of internal controls, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. Wright Express' independent registered public accounting firm is responsible for auditing those financial statements. Our responsibility is to monitor and review these processes. However, we are not professionally engaged in the practice of accounting or auditing. We have relied, without independent verification, on the information provided to us and on the representations made by Wright Express' management and independent registered public accounting firm.

In fulfilling our oversight responsibilities, we discussed with representatives of Deloitte & Touche LLP, the independent registered public accounting firm for fiscal year 2008, the overall scope and plans for their audit of the consolidated financial statements for fiscal year 2008. We met with them, with and without Wright Express management present, to discuss the results of their examinations, their evaluations of the Company's internal control over financial reporting and the overall quality of Wright Express' financial reporting. We reviewed and discussed the audited consolidated financial statements for fiscal year 2008 with management and the independent registered public accounting firm.

We also reviewed the report of management contained in the annual report on Form 10-K for the fiscal year ended December 31, 2008, filed with the SEC, as well as the Report of Independent Registered Public Accounting Firm included in the annual report on Form 10-K related to Deloitte’s audit of (i) the consolidated financial statements and (ii) the effectiveness of internal control over financial reporting. We continue to oversee the Company’s efforts related to its internal control over financial reporting and management’s preparations for the evaluation in fiscal 2009.

We discussed with the independent registered public accounting firm the matters required to be discussed by Statement of Auditing Standards (“SAS”) No. 61, *Communication with Audit Committees*, as amended by SAS 114, as adopted by the Public Company Accounting Oversight Board, including a discussion of Wright Express’ accounting principles, the application of those principles, and the other matters required to be discussed with audit committees under generally accepted auditing standards.

In addition, we received from the independent registered public accounting firm the letter and the written disclosures required by the applicable requirements of the Public Company Accounting Oversight Board, and discussed the disclosures with them, as well as other matters relevant to their independence from management and Wright Express. In evaluating the independence of our independent registered public accountant, we considered whether the services they provided beyond their audit and review of the consolidated financial statements were compatible with maintaining their independence. We also considered the amount of fees they received for audit and non-audit services.

Based on our review and these meetings, discussions and reports, we recommended to the board of directors that the audited consolidated financial statements for fiscal year 2008 be included in the annual report on Form 10-K.

⁽¹⁾ These are the aggregate fees for professional services by D&T in connection with their audits of the annual financial statements, included in the annual report on Form 10-K, reviews of the financial statements included in quarterly reports on Forms 10-Q and audits of our internal control over financial reporting.

- (2) These are the aggregate fees for professional services by D&T in connection with the audit of the Wright Express Employee Savings Plan and their assistance in providing accounting services on completed and potential acquisitions.

Pre-Approval Policies and Procedures

The Audit Committee has adopted a policy regarding pre-approval of audit and non-audit services performed by D&T. According to the policy, the Audit Committee shall pre-approve all audit services to be provided to the Company, whether provided by the principal independent registered public accountant or other firms, and all other permitted services (review, attest and non-audit) to be provided to the Company by the independent registered public accountant; provided, however, that de minimis permitted non-audit services may instead be approved in accordance with applicable SEC rules. The independent registered public accountant is not authorized to provide any prohibited non-audit services (as defined in Rule 2-01(c)(4) of Regulation S-X). The Chairman of the Audit Committee has the authority to pre-approve any permitted services on behalf of the Audit Committee and shall notify the full committee of such approval at its next meeting.

Since our initial public offering on February 16, 2005, the Audit Committee has pre-approved all of the services performed by D&T.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis, or CD&A, describes our compensation objectives and programs for our executive officers. The CD&A also describes the specific decisions, and the process supporting those decisions, which were made with respect to 2008 for the executive officers named in the Summary Compensation Table.

The following discussion includes statements regarding performance targets in the limited context of our compensation programs. These targets should not be understood to be statements of management's expectations of our future results or other guidance. Investors should not apply these targets in any other context.

Compensation Philosophy

Our compensation programs are designed and administered to balance the achievement of short-term operational results and long-term growth goals with the ultimate objective of increasing long-term stockholder value. We do this by structuring our compensation programs to:

- Attract and retain high-performing talent
- Drive outstanding operational and financial performance
- Align executive and stockholder interests for profitable long-term growth

We are a leading provider of fleet and corporate charge cards, providing payment processing and information management services to the United States commercial and government vehicle fleet industry. We compete for both clients and employees with significantly larger companies. Our primary differentiator in this competitive market is our client-centered partnering approach. Our clients count on this when they outsource their branded business to us. The experience and performance of our associates, including the members of our executive team, are critical to sustaining this level of differentiation. Our Chairman, President and Chief Executive Officer (CEO) has been with the Company for over 20 years and has been instrumental in guiding this approach and in our resulting growth. The other members of our executive team bring significant industry and Company experience which is critical to our continued success. Accordingly, in addition to being designed to support our goals of achieving strong year-over-year and long-term growth and stockholder value, our compensation programs reflect the competitive environment in which we operate and our focus on continued differentiation in the marketplace through continuity of leadership and culture.

Compensation Objectives

We recognize the role total compensation plays in achieving our objectives of attracting, retaining and motivating our high-performing associates, including our executives, to achieve these results. The chart below identifies the compensation elements and method of delivery used to support each of our compensation objectives listed above.

Element of Compensation	Reward Period	Primary Objective				Method of Delivery
		Attract	Retain	Pay for Performance	Align/Drive Growth	
Base Salary	Ongoing	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>			- Cash
Short Term Cash Incentive	Annual	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	- Cash
Long Term Equity Incentive	Vesting period is generally three to four years	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	- Restricted Stock Units - Performance Based Restricted Stock Units - Non Qualified Stock Options
Benefits & Perquisites	Ongoing	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>			- Health & Welfare Benefits - Deferred Compensation Program - Automobile - Financial Planning - 401(k)

We believe the compensation of our executives should and does reflect the success of our Company. In setting compensation levels for each executive, we evaluate total direct compensation (base salary plus short-term incentive at target plus long-term equity incentive at target) against multiple factors including:

- Company success in achieving predetermined revenue, adjusted net income and other operational and strategic goals
- Individual performance during the period in achieving operational goals including goals in the areas of talent management and succession planning
- Market and peer group comparison data
- The value of the unique skills and experience the executive brings to our Company and the importance of their continued leadership in the Company

Annually, we reevaluate each compensation element with a focus on total direct compensation. We also evaluate equity ownership levels for each executive. The purpose of this review is to appropriately reward and motivate our executive team to increase stockholder value with a focus on providing compensation above target levels when Company performance is above target and compensation below target levels when we do not achieve our performance goals. In evaluating the components of compensation and the metrics used to determine individual and Company performance, the committee considers whether these factors drive an appropriate level of risk taking. The committee will continually promote creating ownership for executives and aligning the interests of management with the interests of stockholders, which include avoiding excessive risk taking. The committee believes that the mix and design of the elements of compensation do not incent management to assume excessive risks.

Annual Process of the Compensation Committee

The compensation committee is responsible for review and oversight of executive compensation. This includes approval of corporate goals and objectives used in the compensation programs for executives as well as setting executive compensation and approving annual incentive plan payouts and long-term incentive stock grants. The committee meets at least once each quarter. In addition to the three independent directors who

Table of Contents

serve on the compensation committee, typical attendance at these meetings includes the Senior Vice President, Human Resources, the Director of Compensation and Benefits and the Associate General Counsel and Assistant Corporate Secretary. Mr. Dubyak, our Chairman, President and CEO, generally joins two meetings each year to discuss the mid-year and end-of-year appraisal of his performance with the committee. Otherwise, he generally does not attend committee meetings.

In the first quarter of each fiscal year, the committee reviews the Board's assessment of the CEO's performance with him and the Company results for the prior year. In addition, the committee approves the following as explained in the Annual Review of Executive Compensation section:

- Changes to executive base salaries and incentive targets for the current year
- Short-term incentive program, or STIP, payout, if any, for the previous fiscal year
- STIP design and targets for the current fiscal year
- Vesting of performance-based stock units granted under the long-term incentive program, or LTIP, if any, for the previous year
- LTIP targets and grants for the current year

Agenda items for the second quarter vary each year but this meeting generally focuses on plan benchmarking and assessing how effectively our executive compensation programs are meeting their objectives.

The compensation committee generally conducts its annual review of executive compensation in the third quarter of each year. The data reviewed includes target ranges for:

- Base salary
- Total cash (base salary plus short-term incentive target)
- Total direct compensation (total cash plus long-term equity incentive target)
- Executive employment agreement provisions
- Equity ownership guidelines

In the final quarter of each fiscal year, management presents the committee with recommended executive compensation changes for each element of compensation. This includes:

- Any recommended changes to executive officer base salaries and incentive targets
- Recommended target equity grant levels for each executive officer
- Proposed design and targets for the STIP and LTIP for the next fiscal year
- A total direct compensation and wealth accumulation review for each member of the executive team which shows proposed total direct compensation in the context of historical compensation and current accumulated wealth

Role of the Compensation Consultant

In 2008, the committee utilized Mercer, reporting directly to the committee, to provide advice regarding the Company's executive compensation practices. The primary services provided by Mercer were an evaluation of executive officers' base salaries, short-term incentive targets and long-term incentive targets relative to identified peers and the broader market and a recommendation of compensation ranges for each executive officer. Mercer has also provided advice on the design of the Company's short-term and long-term incentive plans and evaluated the impact of the Company's equity programs on the total pool of shares available for grant. During 2008, Mercer also provided services to the Company's management in the areas of health and

Table of Contents

welfare benefits, 401(k) and risk management. The table below shows the total amount Mercer received directly or indirectly as a result of its relationship with the Company.

<u>Mercer Group</u>	<u>Services Provided</u>	<u>2008 Payments</u>
Mercer Human Capital Business	Executive compensation consulting services provided to the compensation committee	\$ 46,973
Mercer Health & Welfare Business	Health and welfare benefits consulting	115,404
Mercer Retirement Risk and Finance	401(k) consulting	15,000
Marsh, sister company of Mercer	Risk management brokerage	110,428
Total		\$ 287,805

Mercer's existing relationships with Wright Express were discussed by the committee during the compensation consultant selection process. The committee selected Mercer over other compensation consultants reviewed due to its breadth and depth of experience and its familiarity with our business model and Company goals.

The committee has taken the following steps to ensure that Mercer's advice to the committee remains objective and is not influenced by the Company's management. While the Company's management team provides certain pieces of information to Mercer that it uses for its analysis, Mercer's compensation consulting group operates with a direct reporting relationship to the committee. At least annually, the committee consults directly with Mercer without members of management present to evaluate the level to which Mercer is operating without management influence as its compensation consultant. Decisions regarding the amount and form of executive and director compensation are made by the committee alone. These decisions reflect considerations beyond the information and advice provided by Mercer.

Role of the Executive Officers

In approving 2008 compensation levels, the committee reviewed competitive market data, Company performance and Mr. Dubyak's recommendations regarding total direct compensation for those executives reporting directly to him. Mr. Dubyak provided the committee with an assessment of each executive officer's performance to support his recommendations. These assessments included the results of specific operational and strategic goals identified in our STIP as well as progress in the area of succession planning. Mr. Dubyak discussed any retention concerns at that time as well. The committee took into account individual job performance, incumbent experience, retention needs, and an executive's ability to impact future results for the Company. Mr. Dubyak does not provide recommendations for his own compensation. With the exception of Mr. Cornett, the Senior Vice President, Human Resources, who presents Mr. Dubyak's recommendations to the committee, the other executives were not involved in the process of recommending specific executive compensation levels. Ms. Smith, in her role as CFO and Executive Vice President, Finance and Operations, recommends performance goals for the upcoming fiscal year.

Peer Group

Mercer used the following compensation peer group in identifying the recommended compensation ranges for Wright Express executives in 2008. The peer group used by the Company is established based on input from management and a review by the committee. It is reviewed each year and modified as needed to reflect our growth and to account for changes due to market consolidations among peers.

The following companies were selected as our compensation peer group based on their comparability to Wright Express in terms of industry, annual revenue and/or market capitalization. The committee believes that understanding compensation practices for these companies is important in determining the appropriate

compensation level for each of our executives. The committee considers these factors because we compete with these companies for executive talent.

(1) The information provided reflects the most current fiscal-year-end financial information available at the time Mercer prepared the analysis, being August 2007.

(2) No total shareholder return was calculated for CheckFree Corporation as it was acquired in 2007.

(3) No basic EPS or total shareholder return was calculated for eFunds as it was acquired in 2007.

Removal from the peer group of eFunds and CheckFree did not affect the recommendations of levels of compensation provided to the named executive officers.

Annual Review of Executive Compensation

Each year, at the request of the committee, Mercer provides recommended ranges of compensation for base salary, total cash and total direct compensation for each executive. This is done after Mercer identifies any recommended changes to the peer group and provides analysis of our performance versus the peer group for the previous year. Mercer collects comparable position survey data on each executive from two sources:

- Market survey data at the 50th percentile for companies of comparable revenue
- Proxy data at the 40th percentile for the companies in our peer group

This data is blended equally for each executive to produce the target ranges which we believe represents a “competitive” compensation range. We believe market survey data at the 50th percentile for companies of comparable revenues is the appropriate target in order to meet our objectives of attracting and retaining talent. Given the average revenue and market capitalization of our identified peer group, we believe the 40th percentile of the companies in our peer group is more appropriate than the 50th percentile in targeting compensation that will both attract and retain the members of our executive team. Mercer used the following surveys in establishing the 50th percentile market survey data for companies of our size for 2008 compensation:

- Mercer US Americas Executive Remuneration Database
- Watson Wyatt ECS Top Management Compensation Survey
- Mercer Long Term Incentive Survey

Data from companies in our revenue category who participated in these surveys was aggregated and incorporated into the target compensation ranges provided to the committee by Mercer. The committee did not receive data for any individual company in these surveys. Mercer provides the committee and the human resources department with the current placement of each executive within the target range. Management uses the Mercer data to provide the committee with recommended base salary changes, short-term incentive targets

and long-term equity targets for each of the executive officers. In addition, management provides the following information to the committee:

Pay for Performance

- Company performance against strategic and operational goals for the previous fiscal year
- Proposed performance goals for the short-term and long-term incentive programs for the upcoming fiscal year
- Summary of Board feedback and results of Mr. Dubyak's performance against goals for the fiscal year
- Summary from Mr. Dubyak on each executive's performance

Retention/Leadership Continuity

- An assessment of the executive's value to the organization including the impact to the organization if the executive left the Company

Total compensation tally sheets for each executive officer are reviewed by the committee each year. The purpose of this review is to assess whether the overall compensation package is consistent with individual and Company performance. Annual review of the tally sheets also provides the committee with a view of the impact of historical changes to compensation over time and an opportunity to assess effectiveness in attracting and retaining our executives and driving high performance.

Compensation levels for 2008 were based on the committee's review of tally sheets in September 2007. These tally sheets provided the target value of all components of the executive officers' proposed 2008 compensation as well as the value of outstanding equity awards, deferred compensation, benefits, perquisites and exit pay in the event of various termination scenarios, including a change of control. The committee considers total cash and equity compensation when setting the compensation of executive officers. The committee looks at the total impact of all year over year changes in executive compensation to decide whether changes are necessary and appropriate. In reviewing total cash and equity compensation, the committee considers the retention value of the long-term equity currently held by the executive and the impact that retirement or voluntary termination would have on the executive. Based on this review, the committee can decide to adjust one or more elements of an executive's total compensation. The committee aims to provide competitive total direct compensation and assesses an executive's total compensation package when looking at the executive's competitive standing relative to the market.

Additionally, the committee seeks to provide a competitive compensation mix, with discretion depending on factors deemed relevant to the committee, such as individual performance, internal equity, historical pay practices, and current ownership level. Certain compensation decisions may specifically affect other elements of compensation. For example, because potential bonus payouts and deferred compensation allocations are based on the executive's base salary, increases in base salary also increase the amount of potential bonus payouts and deferred compensation contributions for which executives are eligible.

For 2008, as in previous years, management modeled wealth accumulation for the committee using multiple share price scenarios. These scenarios were modeled in September 2007 for use in determining 2008 compensation. With the level of market volatility experienced at the end of 2008 and continuing into 2009, these models will be reevaluated as the committee conducts its annual review of executive compensation.

2008 Executive Compensation Overview

Base Salary. Base salary is provided at a competitive level in order to attract and retain key talent and is reviewed annually. For 2008, the committee established salary targets generally at a blended rate equally weighting the 40th percentile of our peer group and the 50th percentile of Mercer survey data for companies of our revenue size. These target amounts were then adjusted based on individual performance, experience, and the criticality of the individual to overall business strategy. Annual adjustments to base salary are made based on a review of both the individual performance assessed by the CEO and reported to the committee by

management and the location of the executive officer's current base salary in the target range provided by Mercer.

As a result of this analysis, all executive officers received a merit-based salary increase between 3 and 4 percent in March 2008 other than Ms. Smith and Mr. Maxsimic. The base salaries for Ms. Smith and Mr. Maxsimic were previously increased in November of 2007 when each was promoted to Executive Vice President and neither received any additional increases to base salary in 2008. In March, the committee also approved a recommendation from management to increase Ms. Rapkin's base salary by an additional 5.6 percent beyond her approved merit-based increase. Mr. Dubyak also received an 11.4 percent increase to his compensation upon his appointment as Chairman of the Board of Directors in May.

Looking forward to 2009, given current economic conditions, management has postponed merit increases to base salary for all employees, including the named executive officers. The committee will monitor Company performance during the year and may or may not reconsider merit increases later in the year.

Annual Incentive Compensation. The short term incentive compensation program (STIP) is an annual bonus opportunity for associates at all levels of the organization other than those on commission and departmental incentive plans. The actual payouts of the STIP are contingent upon committee-approved financial performance goals. For the executive officers, a performance-based bonus focuses management on our short-term (one fiscal year) financial results in specific targeted areas approved by the committee at the beginning of each year. The STIP also aids in attracting and retaining high-performing associates, at all levels, to drive the achievement of annual operational goals. These goals and milestones, when consistently achieved, support our long-term goal of growth in stockholder value.

At the target level of performance, STIP payouts represent the 50th percentile of a market composite which is created by averaging the 40th percentile of our peers and the 50th percentile of market survey data for companies of our revenue size. At the maximum level of performance, which would represent performance that significantly exceeded target goals, STIP payouts would be at or above the 75th percentile of this market composite. If we fail to meet the threshold level goals as defined by the committee, the executive officers receive no payout under STIP. In establishing our targets for STIP we utilize the following principles generally based on historical achievement:

<u>Performance Level</u>	<u>Estimated Achievability</u>	<u>Payout as a Percentage of Target STIP</u>
Threshold	90%	50%
Target	75%	100%
Maximum	25%	200%

Table of Contents

Management proposes performance level goals based on estimated achievability and current factors supporting or inhibiting achievement. Financial measures are predominantly used in establishing annual STIP goals. The goals for 2008 were approved by the committee in March 2008 and progress toward these goals was reported by the CEO to the Board of Directors throughout the year. STIP performance objectives and final payout factors used for each of the executive officers are shown below:

Company Goals	Weight	Threshold	Target Performance Goal	Maximum	Actual Result ⁽¹⁾	2008 Earned Payout Factor ⁽²⁾

Executive STIP payout as a percentage of target based on 2008 performance						—%

(1) Result as determined under the 2008 Wright Express Corporation Short-Term Incentive Program.

(2) Payout factor represents payout level based on 50 percent payout for threshold performance, 100 percent payout for target performance and 200 percent payout for maximum performance including interpolation between these levels of performance based on the actual result.

(3) Adjusted net income, or ANI, is defined as net income adjusted for fair value changes of derivative instruments, the amortization of acquired intangible assets and software development impairment charges. These adjustments are reflected net of the tax impact.

(4) PPG adjusted revenue is revenue adjusted for the price per gallon of fuel.

(5) Earned Payout Factor was not calculated for STIP as the entire payment of STIP is conditional upon meeting ANI goals which were not met in 2008.

(6) Focus areas for executives were rated according to a scale of 1 to 5, with 5 exceeding most milestones, 4 meets all and/or exceeds most milestones, 3 meets most and/or exceeds some milestones, 2 meets most milestones, and 1 does not meet most milestones.

We have used adjusted net income and PPG adjusted revenue as performance measures in STIP each year. They represent key areas of focus for continued growth and stockholder return. We chose strategic growth revenue achievement as a STIP measure in 2008 to incent participants for achievement of revenue in emerging areas of our business, which while relatively small when compared to our corporate revenue goal, are important to the future growth of our Company. Execution of key 2008 deliverables to drive strategic revenue was included in the STIP in 2008 to drive new processes which were instituted in late 2007 to improve our long term ability to execute key client and technical implementations.

Under the terms of the 2008 STIP, each eligible participant, including each of the executive officers, could receive from 0 percent to a maximum of 200 percent of their target STIP award if specified levels of performance were achieved by December 31 of the plan year. At the end of the annual performance period, the committee evaluates potential adjustments to performance as provided in the STIP and has discretion to include all or part of an item of loss or expense or to exclude all or part of an item of gain or income that the committee believes was not attributable to or does not accurately reflect the continuing performance of the Company.

The bonus targets for the named executives employed on December 31, 2008, ranged from 45 percent to 100 percent of base salary and were not increased over the 2007 targets. Our executives' STIP targets are set

based primarily on information provided by Mercer. Their current STIP percentages represent what we believe are appropriate targets based on their experience, performance and role in the Company. Mr. Dubyak's STIP target of 100 percent is larger than those of our other executives due primarily to two factors:

- Consistency with the target range provided by Mercer for the role of Chairman, President and CEO
- Our emphasis on providing additional compensation opportunities, as needed and when appropriate, through performance based methods as opposed to base salary increases

In 2008, the Company was required to achieve threshold results for adjusted net income in order for any portion of the STIP to be paid to any employees, including the executive officers. Because we did not achieve threshold adjusted net income, the committee did not make STIP awards to any of the named executive officers as shown below:

<u>Named Executive Officer</u>	<u>Eligible Earnings ⁽¹⁾</u>	<u>Percentage of Base Salary at Threshold</u>	<u>Percentage of Base Salary at Target</u>	<u>Percentage of Base Salary at Maximum</u>	<u>Actual Percentage of Eligible Earnings Paid</u>	<u>Actual STIP Award</u>
Michael E. Dubyak	\$492,082	50.0%	100.0%	200.0%	—%	\$ —
Melissa D. Smith	\$320,000	30.0%	60.0%	120.0%	—%	\$ —
David D. Maxsimic	\$265,385	27.5%	55.0%	110.0%	—%	\$ —
Hilary A. Rapkin	\$226,923	22.5%	45.0%	90.0%	—%	\$ —
Robert C. Cornett	\$199,369	22.5%	45.0%	90.0%	—%	\$ —

⁽¹⁾ STIP Eligible Earnings include total gross pay for the applicable plan year excluding salary or wages classified by the Company as disability pay, commission/incentive pay and bonuses.

As part of the 2008 STIP, Mr. Maxsimic had an additional sales incentive opportunity which provided the potential to earn from \$0 to \$200,000 for the achievement of PPG adjusted revenue above the corporate target. The objective of Mr. Maxsimic's sales incentive opportunity is to incent him to increase PPG adjusted revenue beyond the Company's annual target and as a motivating factor for rewarding Mr. Maxsimic given his responsibility for driving our revenue growth. If results exceeded a specified maximum identified in this special incentive, Mr. Dubyak could have recommended a higher payout for approval by the committee. This additional award was only to be paid if revenue achieved was above the corporate target. In 2008, PPG adjusted revenue was below the corporate target; as a result, Mr. Maxsimic did not receive any payout under this additional incentive opportunity.

2008 Special Bonus. As with many other companies in 2008, our net income was impacted by the deteriorating economy. In December, the Committee recommended that management investigate the impact of granting a special bonus for all eligible employees including executive officers. The purpose of this bonus was to reward employees at all levels for significant efforts in 2008 and to retain employees at the management level and above. For non-management employees, a cash bonus was approved in December of 2008. For management employees and above, including executive officers, an option award was granted in February 2009. The options vest equally over two years. The number of shares available to purchase pursuant to the option was based on the approved dollar amount to be awarded, divided by the value of one option, which we determined to be the Black-Scholes value on the grant date. The exercise price of these stock options was based on fair market value on the date of grant, which the committee determined to be the closing price on the date of grant.

The following was awarded to each named executive officer with a strike price of \$13.51 per share:

<u>Named Executive Officer</u>	<u>Special Bonus Grant Value (\$)</u>	<u>Options Granted (#)</u>
Michael E. Dubyak	218,900	39,800
Melissa D. Smith	81,598	14,836
David D. Maxsimic	70,098	12,745
Hilary A. Rapkin	44,000	8,000
Robert C. Cornett	38,396	6,981

Long Term Incentive Compensation. The Company provides long-term equity-based incentives through the Wright Express Corporation Long Term Incentive Program, or LTIP, to retain our executives and reward them for performance aligned with stockholder interests.

Grants under the LTIP have generally been provided as a mix of performance-based restricted stock units, or PSUs, which vest based on the achievement of metrics and restricted stock units, or RSUs, which vest based on the passage of time. The metric used to determine the vesting of PSUs has generally been the achievement of adjusted net income and PPG revenue targets set by the committee. The time-based RSUs generally vest over a four year period of employment. RSUs facilitate retention by providing guaranteed value and alignment with shareholders through stock ownership as the RSUs vest. At the higher levels in the Company, the percentage of an executive’s overall compensation is weighted more heavily toward equity than cash as compared to non-executive employees.

The LTIP is implemented under our 2005 Equity and Incentive Plan which allows us to grant employees and directors stock options, stock awards (including restricted stock), stock appreciation rights, performance-contingent awards and other awards. Eligible participants include executive officers and other selected employees in the Company. Each of the executive officers received a grant in 2008 through the LTIP.

The committee grants stock awards at fair market value and uses a grant price that represents the closing price of Wright Express Corporation stock on the last day the stock is traded prior to the grant award date when granting RSUs and PSUs exclusively and the closing price on the grant award date when granting stock options or RSUs and stock options together. In determining the size of equity grants to executive officers, the committee considers similar awards to individuals holding comparable positions in our identified peer group. The committee also reviews potential equity ownership as a percentage of shares outstanding for each executive versus comparable positions within the peer group. Management does not grant awards without committee approval.

2008 Annual Grant. In March 2008, executive LTIP award targets for the annual grant were set at a blended rate equally weighting the 50th percentile of market survey data and the 40th percentile of our peer group for each executive and their resulting grants, approved by the committee, fell within a range of fifteen percent of this blended rate. Mr. Dubyak’s equity grant value is larger than the other named executive officers due to the scope of his role as Chairman, President and CEO and our intent to provide more of Mr. Dubyak’s total direct compensation in the form of performance-based compensation. The committee considered the following additional criteria in approving 2008 executive grants:

- Individual executive performance and experience in the role
- Projected total direct compensation relative to target ranges provided by Mercer
- The criticality of the specific executive in the achievement of our long-term goals
- The potential value of equity ownership using multiple share value appreciation scenarios

For the 2008 annual LTIP grant, Mr. Dubyak, Ms. Smith, and Mr. Maxsimic were allocated 100 percent of the target grant value in PSUs. This was done in order to align their equity compensation with the interests of our stockholders and because of their ability to drive corporate results. Ms. Rapkin and Mr. Cornett were allocated 70 percent of their target grant value in PSUs and 30 percent was allocated in RSUs. Prior to 2008,

Table of Contents

all of the executive officers besides Mr. Dubyak, whose annual grant was also at 100 percent PSUs since 2007, were allocated equal weighting between PSUs (50 percent) and RSUs (50 percent). The committee approved the change in order to strengthen the link between pay and Company performance and to align the executives with the interests of stockholders.

For 2008, the performance metric identified for the annual grant of PSUs was 2008 adjusted net income as defined in the STIP. Adjusted net income was chosen over other metrics as the performance metric for the annual grant for PSUs because we believe that this is a focus of our stockholders. It has historically served as the most appropriate reward metric for our associates whether their focus is primarily to increase revenue or the achievement of key operational goals. Both of these drive adjusted net income. To the extent that the final adjusted net income performance result differed from the target objective, the value of the PSU portion of the grant could have ranged from 0 percent to 200 percent of the target amount determined at the time of the grant. The chart below shows the 2008 performance goals:

<u>Performance Level</u>		<u>Adjusted Net Income Performance Goal</u>	<u>Percentage of PSUs Converted to RSUs</u>
Miss	Less than	\$ 80,506,000	—%
Threshold		\$ 80,506,000	50%
Target		\$ 89,451,000	100%
Maximum		\$ 100,185,000	200%
Above Maximum	More than	\$ 100,185,000	200%

In 2008, grants under the 2008 Annual Grant to the named executive officers at target totaled 74,759 units, including 3,834 units granted as RSUs and not subject to adjustment. The amount granted to named executive officers represented approximately 48 percent of the total amount granted to all associates. At the end of 2008, adjusted net income performance was below threshold, which is the minimum performance necessary for any PSU to convert to an RSU. The individual grants for each of the named executive officers are shown in the Grants of Plan Based Awards table. The chart below summarizes the difference between the initial grant at target and the actual number of units converted for vesting for each of the named executive officers.

2007 Long Term Growth Grant. On September 7, 2007, the committee granted a special performance-based equity grant. The grant was requested by management and was targeted to support the Company's strategic plan and aggressive long-term growth goals beyond our historical growth rates. As of December 31, 2008, we estimate the probability for achieving the required targets is below the threshold required for expensing the grant in our financial statements and reflect no expense for this grant. When and if it is determined that the achievement of the performance conditions of the grant is probable, we will incur an expense representing the value of the award from the date of grant. The long term growth grant is a performance-based grant, entirely PSU based, with an award to each executive officer as well as additional employees identified by management as critical to the achievement of our strategic initiatives. The approved

grant is an aggregate of 112,821 PSUs at target and provides for full vesting on March 30, 2011 based on the achievement of aggressive 2010 revenue and adjusted net income margin goals. At target, the total number of units that could be potentially awarded are as follows: Mr. Dubyak, 21,156; Ms. Smith, 7,757; Mr. Maxsimic, 9,167; Ms. Rapkin, 4,231; and, Mr. Cornett, 4,231.

International Incentive Grant. In November 2008, Ms. Rapkin was granted 3,477 PSUs at target performance under the International Incentive Grant for her significant contributions to our acquisition of New Zealand-based Financial Automation Limited. The award vests at a rate of 50 percent on the first anniversary of the grant date, and 50 percent on the second anniversary of the grant date, assuming the achievement of certain performance metrics. The first half of the award vests based on the achievement of execution of new international business opportunities and their impact on the Company's adjusted net income in the performance period. The second half of the award will vest based on achievement of specific goals related to our international operations which will be set by December 31, 2009.

Tax Deductibility of Compensation. Section 162(m) of the Internal Revenue Code generally places a limit of \$1 million on the amount of compensation that Wright Express may deduct in any one year with respect to its CEO and the three other officers (other than the Chief Financial Officer) whose compensation is required to be reported to our stockholders pursuant to the Exchange Act by reason of being among the most highly paid executive officers, other than our CFO. Wright Express receives no federal income tax deduction for any compensation that is (a) over \$1 million and (b) is not performance-based as defined under Section 162(m). The STIP and the PSU component of our LTIP are both intended to provide fully tax-deductible compensation. The time-based RSU component of our LTIP is not considered performance-based under Section 162(m). The committee has the authority to adjust payments under the STIP and LTIP up or down at its discretion with the exception of any adjustments which may increase or accelerate payment to any participant who is impacted by Section 162(m). We review the impact of Section 162(m) annually. The results of this analysis are considered in the committee's decisions each year regarding executive compensation. The committee may approve compensation that is not considered performance-based under Section 162(m) when it believes that such compensation is appropriate and consistent with our goal of building long-term stockholder value.

In September 2008, the committee requested that Mr. Dubyak defer receipt of a portion of his October 2005 special equity grant which vested in October 2008. This request from the committee was made to address potential tax liability under Section 162(m) unanticipated at the time the units were granted shortly after our initial public offering. The primary reason for the potential liabilities was that the value of our stock had increased more than 40 percent from \$21.36 per share at the time these units were granted to over \$30 per share at the time the committee analyzed the impact of Section 162(m). Mr. Dubyak voluntarily deferred receipt of 21,886 shares of common stock of his October 2005 special equity grant to January 16, 2009. The deferral was executed in compliance with Internal Revenue Code Section 409A. The vested units were delivered on January 16, 2009.

Executive Officer Equity Ownership Guidelines. We believe executive ownership of Company securities demonstrates a commitment to continued success and aligns the efforts of our executives with stockholders. The committee established equity ownership guidelines for all executive officers in October of 2005. "Equity," for the purposes of executive officer ownership guidelines, includes shares of our common stock and ownership interests in the Wright Express Common Stock Fund held in the Company's 401(k) Plan. It does not include any RSUs or PSUs prior to their vesting and conversion to shares of stock.

Under these guidelines, the President and Chief Executive Officer is required to hold securities equal in value to at least three times his annual base salary and all other executive officers are required to hold securities equal in value to at least one times their annual base salaries. The committee monitors progress annually and executive officers have four years from the later of (i) October 2005, or (ii) their promotion to executive officer, to achieve the level of ownership described above. The annual measurement date under the guidelines is July 31st of each year. As of July 31, 2008, all named executive officers exceeded the level of ownership required under the guidelines.

Employment Agreements. In October 2005, the compensation committee reviewed and approved employment agreements for our named executive officers. The Company believes that employment agreements, including severance and change of control benefits, play an important role in attracting and retaining key executive officers. The Company also believes that in the event, or threat, of a change of control transaction, these agreements reduce uncertainty and provide compensation for the significant levels of executive engagement and support required during an ownership transition that results in the termination of their employment. In addition, our employment agreements contain non-compete, non-solicitation, non-disparagement and non-disclosure provisions which protect the Company in the event that the executive terminates their employment. These employment agreements represent competitive severance and change of control benefits based on analysis conducted by our previous compensation consultant and reviewed by the committee. In 2007, Mercer reviewed the core provisions of our employment agreements and confirmed they remain competitive. The committee reviews these agreements each year to assess whether the total value to an executive provided by the agreement remains at the level needed to attract and retain executives without being considered excessive in the opinion of the committee. The specific material provisions of these contracts are discussed in the “Employment Agreements, Severance and Change of Control Benefits” section of this proxy.

Benefits and Perquisites. We provide competitive benefits to attract and retain high performing associates at all levels. This includes a health and welfare benefits package and a 401(k) plan available to associates at all levels. We offer a modest perquisites package to executives representing the benefits we have identified as most critical in attracting and retaining executives to our Company.

Nonqualified Deferred Compensation. The Company administers an Executive Deferred Compensation Plan, or EDCP, that provides each of the executive officers with the opportunity to defer up to 80 percent of base salary and/or up to 98 percent of annual short-term incentive compensation. The Company provides a match of up to 6 percent of the participant’s annual bonus deferred into the EDCP. Investment income on contributions and Company match is accrued for participants to reflect performance of investment funds identified by each participant during their annual election period. The investment funds and their performance used to calculate earnings in the EDCP generally mirror those used in the 401(k) Plan.

Each of the named executive officers serving in their role at the time of election chose to defer a portion of their bonus into the EDCP in 2008. Due to the fact that the Company did not pay bonus under the STIP in 2008, no executives deferred 2008 bonus into the EDCP. Mr. Maxsimic deferred a portion of his base salary into the EDCP during 2008. His base salary deferral is included in the Executive Contributions column of the Nonqualified Deferred Compensation Table.

Prior to our initial public offering, we offered the Wright Express Corporation Supplemental Investment & Savings Plan, or SERP, which allowed participants to defer compensation. The SERP was frozen to new contributions on December 31, 2004. Mr. Dubyak and Ms. Smith have balances in this plan, which continue to earn investment returns based on the funds they selected. These investment returns are market competitive for the type of funds offered; there is no preferential interest earned in either the EDCP or SERP accounts. SERP balances as of December 31, 2008 for Mr. Dubyak and Ms. Smith are shown below. None of the other executive officers participated in the SERP when it was an active plan.

<u>Named Executive Officer</u>	<u>2008 Losses</u>	<u>Balance on December 31, 2008</u>
Michael E. Dubyak	\$(41,976)	\$271,253
Melissa D. Smith	\$(22,947)	\$ 40,167

Financial Planning. The Company provided personal financial advisory services to executive officers. This service includes tax preparation and estate planning services. We value this benefit based on the actual charge for the services which included travel and expense reimbursement for the financial advisor.

Table of Contents

Company-sponsored Automobile. A Company-leased automobile was made available to all executive officers for personal and business use. For total compensation purposes in this proxy, the value of a Company automobile for executive officers was based on the cost of the annual lease and maintenance costs which are paid on behalf of the executive by the Company.

Memberships. The Company maintains a limited number of country club memberships for business use. In the event the facilities were used for personal reasons, the executive officers reimbursed Wright Express for the expenses incurred but not for any portion of the membership expense.

The aggregate value of all perquisites received by each of the executive officers exceeded \$10,000 in 2008 and is detailed in the footnotes to the Summary Compensation Table.

In 2008, the cost of the financial planning and automobile benefits was imputed as income and grossed up for all taxes. In 2009, the Company will begin phasing out the tax gross up on these benefits.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The compensation committee is comprised entirely of independent directors as determined by the Board of Directors in accordance with its independence guidelines and the listing standards of the New York Stock Exchange.

The compensation committee is responsible for review and oversight of executive compensation. This includes approval of corporate goals and objectives used in the compensation programs for executives as well as setting executive compensation and approving annual incentive plan payouts and long-term incentive stock grants. In connection with that responsibility, the compensation committee reports to the Board on the Company's activities at each meeting of the Board. The compensation committee charter, which describes in detail the purpose, structure, membership, authority, responsibilities, procedures and administration of the compensation committee is available on the Company's website.

The compensation committee reviewed and discussed the Compensation Discussion and Analysis with members of senior management and, based on this review and discussion, the committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's annual report on Form 10-K and proxy statement on Schedule 14A.

SUMMARY COMPENSATION TABLE

The Compensation Committee believes that the compensation provided to the named executive officers in 2008 is in alignment with the Company's financial performance for 2008 and the individual performance of each of the named executive officers. The Compensation Committee also believes that the total compensation paid to the executive officers collectively in 2008 was an appropriate reward for their efforts in driving stockholder value during the period. Total compensation for the named executive officers is shown in the Summary Compensation Table below.

- (1) Includes amounts that may be contributed by each Named Executive Officer on a pretax basis to the Company's 401(k) plan and Executive Deferred Compensation Plan.
- (2) The amounts shown in this column represent the total fair value of stock awards recognized by the Company as an expense in 2008 for financial accounting purposes, disregarding for this purpose the estimate of forfeitures related to service-based vesting conditions. The fair values of these awards and the amounts expensed in 2008 were determined in accordance with Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123 (revised 2004), *Share-Based Payment* (FAS 123R). For 2008, assumptions used in the calculation of these amounts are included in Note 20 to the Company's audited financial statements for the fiscal year ended December 31, 2008, included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 26, 2009. For 2007, assumptions used in the calculation of these amounts are included in Note 21 to the Company's audited financial statements for the fiscal year ended December 31, 2007, included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 28, 2008. For 2006, assumptions used in the calculation of these amounts are included in Note 20 to the Company's audited financial statements for the fiscal year ended December 31, 2006, included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 28, 2007. The awards for which expense is shown in this table include RSUs granted on March 31, 2008, PSUs and RSUs granted on March 30, 2007, and March 31, 2006, and RSUs that were granted on October 28, 2005, and on February 22, 2005. Our compensation committee has decided to use the closing price of our common stock as reported by the New York Stock Exchange on the day before the award is granted as the fair market value of the common stock.
- (3) The amounts shown reflect the cash incentive awarded on (i) March 7, 2008, for 2007 Short-Term Incentive Program results and (ii) March 8, 2007 for 2006 Short-Term Incentive Program results and include amounts contributed by each Named Executive Officer on a pretax basis to the Company's Executive

(1) Type of Award: STIP = Short Term Incentive Program (cash); PSU = Performance-Based Restricted Stock Unit; RSU = Restricted Stock Unit. All awards are granted under our 2005 E&I Plan.

(2) STIP is conditional upon meeting ANI goals which were not met in 2008, resulting in zero payment.

(3) Performance-based restricted stock units or PSUs granted on March 31, 2008 vest over four years at a rate of 25 percent per year beginning on the first anniversary of the grant date. The number of PSUs, represented in the Equity Incentive Plan Awards columns for each named executive officer is determined by dividing the total award amount granted by the compensation committee by the fair market value of our common stock to arrive at the number of units awarded. Our compensation committee has decided to use the closing price of our common stock as reported by the New York Stock Exchange on the day before the award is granted as the fair market value of the common stock. PSUs granted under the LTIP program on March 31, 2008 are conditional upon meeting ANI goals which were not met in 2008, resulting in the awards not converting to RSUs. The PSUs granted to Ms. Rapkin on November 13, 2008 vest in one year subject to performance conditions that will be measured on August 31, 2009.

(4) Units in All Other Stock Awards column that were granted on March 31, 2008, vest over four years at a rate of 25 percent per year, beginning on the first anniversary of the grant date. The number of restricted stock units, or RSUs, represented in the All Other Stock Awards column received by the named executive officer is determined by dividing the total award amount granted by the compensation committee by the fair market value of our common stock to arrive at the number of units awarded. Our compensation committee has decided to use the closing price of our common stock as reported by the New York Stock Exchange on the day before the award is granted as the fair market value of the common stock.

(5) Includes Mr. Maxsimic's additional sales incentive award of up to \$200,000 at maximum performance achievement.

OPTION EXERCISES AND STOCK VESTED

The following table represents stock options exercised and stock vested in 2008 by each of the named executive officers. ⁽³⁾ These amounts represent the number of PSUs granted assuming target performance conditions are met. The PSUs granted on September 7, 2007, may convert to RSUs based on the achievement of predetermined performance goals for the Company's annual revenue and adjusted net income for 2010. The PSUs granted on March 31, 2008, were subject to the achievement of a certain adjusted net income level for 2008. No PSUs were converted to RSUs based upon the Company's 2008 financial results. The PSUs granted on November 13, 2008, may convert to RSUs based on the achievement of predetermined performance goals for certain international operations of the Company during 2009. The following table shows

Robert C. Cornett	4,565	4,565	(9,015)	24,463

- (1) Reflects deferrals under the Company's EDCP of incentive compensation earned for 2007 and paid to the Named Executive Officers in 2008. In the case of Mr. Maxsimic, this amount reflects his 2007 incentive compensation deferral of \$25,662 and his 2008 base salary deferral of \$24,000. The 2007 incentive bonus amounts are not reported as 2008 compensation in the Summary Compensation Table.
- (2) Participants in the Wright Express Corporation EDCP are matched on annual incentive compensation payments only. Wright Express matches the executive's incentive compensation deferral up to a maximum of 6% of their total incentive compensation award. In 2007, all Named Executive Officers deferred at least 6% of their incentive compensation award and therefore received a match of 6% of their incentive compensation award. These amounts were previously reported in the All Other Compensation column of the Summary Compensation Table in last year's Proxy Statement.
- (3) The Company does not pay above-market interest rates on non-qualified deferred compensation.
- (4) Portions of the amounts shown in this column have been previously reported in the Salary, Non-Equity Incentive Plan Compensation and All Other Compensation columns of the Summary Compensation Table in previous years, as follows:

<u>Name</u>	<u>Salary</u>	<u>Non-Equity Incentive Plan Compensation</u>	<u>All Other Compensation</u>	<u>Total</u>
Michael E. Dubyak	—	318,129	56,878	375,007

EMPLOYMENT AGREEMENTS, SEVERANCE AND CHANGE OF CONTROL BENEFITS

In October 2005, the compensation committee reviewed employment agreements and approved the agreements which are outlined below. The Company believes that employment agreements including severance and change of control benefits play an important role in attracting and retaining key executive officers. The Company also believes that in the event, or threat, of a change of control transaction, these agreements reduce uncertainty and provide compensation for the significant levels of executive engagement and support required during an ownership transition that results in the termination of their employment. These employment agreements represent competitive severance and change of control benefits based on analysis conducted by our previous compensation consultant and reviewed by the committee. In 2007, Mercer reviewed the core provisions of our employment agreements to assess whether they are competitive relative to existing practices. The committee reviews these agreements annually to assess whether the total value to an executive provided by the agreement remains at the level needed to attract and retain executives without being considered excessive in the opinion of the committee. In 2008, the agreements were revised to comply with requirements under Section 409A of the Internal Revenue Code. The agreements contain the following provisions:

	Mr. Dubyak	Ms. Smith	Mr. Maxsimic	Ms. Rapkin	Mr. Cornett
Basic Severance Benefit					
Severance Payment	2x (base salary plus target bonus)	1x (base salary plus target bonus)		1x base salary	
Accelerated Vesting of Equity	2 years	1 year	None		
Health Benefit Continuation	1 year	1 year	None		
Change of Control(1) (COC) Severance Benefit <i>(Double Trigger: requires COC and loss of comparable position)</i>					
Severance Payment	3x (base salary plus target bonus)	2x (base salary plus target bonus)			
Accelerated Vesting of Equity	100 percent				
Health Benefit Continuation	3 years	2 years			
Other Agreement Provisions					
280G Gross Up ⁽²⁾	Yes	No			
Non-Compete ⁽³⁾	2 years for without cause COC termination; 1 year otherwise				
Non-Solicitation ⁽⁴⁾					
Non-Disparagement ⁽⁵⁾					
Non-Disclosure ⁽⁶⁾	Indefinitely				

(1) “Change in control” means, in summary: (i) an acquisition of 50 percent or more of either the then-outstanding shares of common stock or the combined voting power of the then-outstanding voting securities excluding certain specified acquisitions; (ii) a change in the composition of the Board such that the individuals who constitute the Board at that point in time cease to constitute a majority of the Board; (iii) consummation of a reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of the Company or the acquisition of shares or assets of another Company excluding certain specified transactions; or (iv) the approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

(2) In the event any payment or distribution to Mr. Dubyak under his employment agreement is determined to be subject to additional taxes under Section 280G of the Internal Revenue Code, he is entitled to receive a payment on an after-tax basis equal to the excise taxes imposed, and any penalties and interest. The decision to provide Mr. Dubyak with a 280G gross up was made at the time his agreement was executed after reviewing the standard provisions of agreements for executives at his level.

- (3) Each of the employment agreements signed by the executive officers contains a provision which restricts the executive from performing any acts which advance the interests of any existing or prospective competitors of Wright Express during the period specified in the agreement.
- (4) Each of the employment agreements signed by the executive officers contains a provision which restricts the executive from soliciting customers or employees to terminate their relationship with the Company.
- (5) Each of the employment agreements signed by the executive officers contains a provision which restricts them from making any statements or performing any acts intended or reasonably calculated to advance the interest of any existing or prospective competitor or in any way to injure the interests of or disparage the Company.
- (6) Each of the employment agreements signed by the executive officers contains a provision which restricts the executive from disclosing confidential information as defined in the agreement.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based on a review of the reports and written representations submitted to us, we believe that during 2008 all filings with the SEC by our officers, directors and 10 percent stockholders timely complied with requirements for reporting ownership and changes in ownership of our common stock under Section 16(a) of the Securities Exchange Act of 1934.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Board has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which Wright Express is a participant, the amount involved exceeds \$120,000, and one of our executive officers, directors, director nominees or 5 percent stockholders (or their immediate family members), each of whom we refer to as a "related person," has a direct or indirect material interest.

If a related person proposes to enter into such a transaction, arrangement or relationship, which we refer to as a "related person transaction," the related person must report the proposed related person transaction to our General Counsel. The policy calls for the proposed related person transaction to be reviewed and, if

deemed appropriate, approved by our Board's Audit Committee. Whenever practicable, the reporting, review and approval will occur prior to entry into the transaction. If advance review and approval is not practicable, the committee will review, and, in its discretion, may ratify the related person transaction. The policy also permits the chairman of the Audit Committee to review and, if deemed appropriate, approve proposed related person transactions that arise between meetings, subject to ratification by the Audit Committee at its next meeting. Any related person transactions that are ongoing in nature will be reviewed annually.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the Audit Committee after full disclosure of the related person's interest in the transaction. The Audit Committee will review and consider such information regarding the related person transaction as it deems appropriate under the circumstances.

The Audit Committee may approve or ratify the transaction only if the committee determines that, under all of the circumstances, the transaction is not inconsistent with the Company's best interests. The committee may impose any conditions on the related person transaction that it deems appropriate.

In addition to the transactions that are excluded by the instructions to the SEC's related person transaction disclosure rule, the Board has determined that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions for purposes of this policy:

- interests arising solely from the related person's position as an executive officer of another entity (whether or not the person is also a director of such entity), that is a participant in the transaction, where (a) the related person and all other related persons own in the aggregate less than a 10 percent equity interest in such entity, (b) the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction, (c) the amount involved in the transaction equals less than the greater of \$750,000 or 1 percent of the annual consolidated gross revenues of the other entity that is a party to the transaction, and (d) the amount involved in the transaction equals less than 2 percent of the Company's annual consolidated gross revenues; and
- a transaction that is specifically contemplated by provisions of the Company's charter or bylaws.

There were no relationships or related transactions in 2008 which required review under the policy.

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by the Compensation Committee in the manner specified in its charter.

INFORMATION ABOUT VOTING PROCEDURES

How is my vote counted?

You may vote "for" each director nominee or withhold your vote from one or more of the nominees.

You may vote "for" or "against" or "abstain" from voting on the proposal regarding ratification of the independent registered public accounting firm. If you abstain from voting on this proposal, it will have the same effect as a vote "against" the proposal.

If you provide your voting instructions on your proxy, your shares will be voted:

- as you instruct, and
- according to the best judgment of the persons named in the proxy if a proposal comes up for a vote at the meeting that is not on the proxy.

If you do not indicate a specific choice on the proxy you sign and submit, your shares will be voted:

- *for* the three named nominees for directors, and
- *for* the ratification of Deloitte & Touche, LLP as the auditors.

What if I change my mind after I submit my proxy?

You may revoke your proxy and change your vote by:

- signing a proxy card with a later date and returning it before the polls close at the meeting, or
- voting at the meeting.

What happens if a director nominee is unable to stand for election?

The Board may reduce the number of directors or select a substitute nominee. In the latter case, if you have submitted your proxy, the persons named in the proxy can vote your shares for a substitute nominee. The person you authorize to vote on your behalf cannot vote for more than two nominees.

What constitutes a quorum?

In order for business to be conducted at the meeting, a quorum must be present. A quorum consists of the holders of a majority of the shares of common stock issued and outstanding on the record date and entitled to vote.

Shares of common stock represented in person or by proxy (including shares that abstain or do not vote with respect to one or more of the matters to be voted upon) will be counted for purposes of determining whether a quorum exists. If a quorum is not present, the meeting will be adjourned until a quorum is obtained.

How many votes are needed to approve the election of the directors?

Directors will be elected by a plurality of the votes cast at the meeting. Abstentions and broker non-votes, if any, will have no effect on the outcome of the vote on the election of directors.

How many votes are needed to approve the proposal to ratify the selection of the independent registered public accounting firm?

The selection of the independent registered public accounting firm will be ratified if a majority of the shares present at the meeting in person or by proxy and entitled to vote at the meeting vote for approval. An abstention will have the effect of a vote against the proposal. A broker non-vote will be treated as not being entitled to vote on the proposal and will not be counted for purposes of determining whether the proposal has been approved.

What is a “broker non-vote”?

A broker non-vote occurs when a brokerage firm holding shares in street name for a beneficial owner does not vote on a proposal which can happen when the broker has not received instructions from the beneficial owner and does not have discretionary voting power with respect to the proposal. It is expected that brokers will have the discretion to vote shares held by them with respect to the two proposals at our annual meeting.

What is the effect of not providing voting instructions if my shares are held in street name?

Brokerage firms have authority to vote clients' unvoted shares on some “routine” matters. When a brokerage firm votes its clients' unvoted shares on routine matters, these shares are counted to determine if a quorum exists to conduct business at the meeting. A brokerage firm cannot vote clients' unvoted shares on non-routine matters, which results in a broker non-vote.

The Company's proposals concerning the election of directors and the ratification of the independent registered public accounting firm are considered routine matters.

What is the effect of not submitting my proxy if my shares are held in a retirement plan?

The trustee for the Wright Express Corporation Employee Savings Plan, which is often referred to as the 401(k) plan, will vote the shares of participants who do not give specific instructions in the same proportion as those shares voted by plan participants who return proxies.

What does it mean if I receive more than one proxy card?

It means that you hold your shares in multiple accounts. Please be sure to complete and submit all proxies that you received to ensure that all your shares are voted.

Where do I find voting results of the meeting?

We will announce preliminary voting results at the annual meeting. We will publish the final results in our quarterly report on Form 10-Q for the second quarter of 2009. You may access a copy electronically on our website or through the SEC's "EDGAR" website at www.sec.gov. Voting results will be tabulated and certified by our transfer agent, American Stock Transfer & Trust Company.

Who pays the cost for proxy solicitation?

The Company pays for distributing and soliciting proxies. As a part of this process, the Company reimburses brokers, nominees, fiduciaries and other custodians for reasonable fees and expenses in forwarding proxy materials to stockholders. The Company is not using an outside proxy solicitation firm, but employees of the Company or its subsidiaries may solicit proxies through mail, telephone, the Internet or other means. Employees do not receive additional compensation for soliciting proxies.

How do I submit a stockholder proposal, including suggesting a candidate for nomination as a director to the Corporate Governance Committee, for next year's annual meeting?

Any proposal that a stockholder wishes to be considered for inclusion in our proxy statement and proxy card for the 2010 annual meeting of stockholders must comply with the requirements of Rule 14a-8 under the Exchange Act and must be submitted to the Corporate Secretary, 97 Darling Avenue, South Portland, ME 04106, no later than December 10, 2009. However, in the event that the annual meeting is called for a date that is not within thirty days before or after May 15, 2010, notice by the stockholder must be received a reasonable time before we begin to print and mail our proxy materials for the 2010 annual meeting of stockholders.

If a stockholder wishes to present a proposal before the 2010 annual meeting but does not wish to have a proposal considered for inclusion in our proxy statement and proxy in accordance with Rule 14a-8, the stockholder must give written notice to our Corporate Secretary at the address noted above. To be timely, a stockholder's notice to the Secretary must be delivered to or mailed and received not earlier than January 15, 2010, nor later than February 14, 2010. However, in the event that the annual meeting is called for a date that is not within twenty-five days before or after May 15, 2010, notice by the stockholder must be received no earlier than 120 days prior to the annual meeting and no later than the later of the 90th day prior to the annual meeting or the tenth day following the day on which notice of the date of the annual meeting is first mailed or publicly disclosed. The Company's By-Laws contain specific procedural requirements regarding a stockholder's ability to nominate a director or submit a proposal to be considered at a meeting of stockholders. The By-Laws are available on our website at www.wrightexpress.com, under the Corporate Governance tab.

For next year's annual meeting of stockholders, the persons appointed by proxy to vote stockholders' shares will vote those shares according to their best judgment on any stockholder proposal the Company receives after February 14, 2010.

What is “householding”?

“Householding” means that we deliver a single set of proxy materials to households with multiple stockholders, provided such stockholders give their affirmative or implied consent and certain other conditions are met.

Some households with multiple stockholders already may have provided the Company with their affirmative consent or given a general consent to householding. We will provide only one set of proxy materials to each such household, unless we receive contrary instructions.

We will promptly deliver separate copies of our proxy statement and annual report, or deliver multiple copies in the future, at the request of any stockholder who is in a household that participates in the householding of the Company’s proxy materials. You may call our Investor Relations department at (866) 230-1633 or send your request to:

Wright Express Corporation
Attention: Investor Relations — Annual Meeting

South Portland, ME 04106
Email: investors@wrightexpress.com

If you currently receive multiple copies of the Company’s proxy materials and would like to participate in householding, please contact the Investor Relations department at the above address.

What is meant by “incorporation by reference”?

“Incorporation by reference” means that we refer to information that previously has been filed with the SEC, so the information should be considered as part of the filing you are reading. Based on SEC rules, the sections entitled “Audit Committee Report” and the “Compensation Committee Report,” of this proxy statement and the information regarding the Audit Committee Charter and the independence of the Audit Committee members specifically are not incorporated by reference into any other filings with the SEC.

You receive this proxy statement as part of the proxy materials for the annual meeting of stockholders. You may not consider this proxy statement as material for soliciting the purchase or sale of our Company’s common stock.

How do I obtain directions to the annual meeting, notify you that I will attend the annual meeting or request future copies of your proxy materials?

Seating is limited and, therefore, we request that you please notify us if you intend to attend the annual meeting in person. In order to do so, you may either:

- write or email the Investor Relations office at this address:
