## Barrick se Joint à la Lutte Contre Covid-19 au Sénégal

**Dakar, Sénégal – Le 9 avril 2020** – Le directeur national de Barrick Gold Corporation (NYSE:GOLD) (TSX:ABX) pour le Sénégal, David Mbaye, a remis aujourd’hui un chèque de \$972,000 au ministre des Finances, M Daouda Diallo, en présence de la ministre des Mines et de la Géologie, Mme Aissatou Sophie Gueladima, pour soutenir le pays dans sa campagne contre la pandémie du Covid-19. Ce montant a été versé conjointement par Barrick et son partenaire logistique Ouest-Africain, la CSTTAO.

Mbaye a informé le ministre que la Compagnie soutenait également neuf villages dans sa zone de permis de Bambadji ainsi que les hôpitaux de Saraya et de Kédougou. En outre, il a dit que Barrick aiderait à l’achat et à la fourniture d’équipement de protection individuelle par l’intermédiaire de la CSTTAO. Sur le montant donné, \$850,000 seraient alloués à l’échelle nationale, \$10,000 à l’échelle régionale, \$55,000 iraient aux populations locales et du district, et \$57,000 à l’hôpital de Kédougou.

Le Président Directeur Général de Barrick, Mark Bristow, a noté que Barrick, par l’intermédiaire de son ancienne compagnie Randgold, était engagé au Sénégal depuis 1995.

« Nous avons fait ce don dans l’espoir qu’il contribuera à renforcer l’action du gouvernement dans sa lutte contre le Covid-19 et aussi à démontrer notre partenariat continu avec le Sénégal, et son engagement envers le peuple Sénégalais, » a-t-il déclaré.

Barrick a combiné le mois dernier son projet Massawa au Sénégal avec la mine voisine de Sabodala de Teranga Gold Corporation. Barrick a conservé une participation de 11% dans l’actif combiné et Bristow a déclaré que la société avait hâte de contribuer à la valeur qu’elle créerait pour toutes les parties prenantes.

CSTTAO est le partenaire logistique de longue date de Barrick en Afrique de l’Ouest et détenait une participation minoritaire dans le projet de Massawa avant la vente à Teranga.

### **Cautionary Statement on Forward-Looking Information**

Certain information contained in this press release, including any information as to Barrick’s strategy or future financial or operating performance, constitutes “forward-looking statements”. All statements, other than statements of historical fact, are forward-looking statements. The words “support”, “assist”, “hope”, “will”, “contribute” and similar expressions identify forward-looking statements. In particular, this press release contains forward-looking statements including, without limitation, with respect to funds and medical supplies to be provided by Barrick and its logistics partner, CSTTAO, to support villages and local hospitals and support the national, regional and local response to Covid-19 in Senegal during the Covid-19 pandemic and the potential for the Massawa project to create value for Teranga Gold Corporation and all of its stakeholders.

Forward-looking statements are necessarily based upon a number of estimates and assumptions; including material estimates and assumptions related to the factors set forth below that, while considered reasonable by Barrick as at the date of this press release in light of management's experience and perception of current conditions and expected developments, are inherently subject to significant business, economic, and competitive uncertainties and contingencies. Known and unknown factors could cause actual results to differ materially from those projected in the forward-looking statements, and undue reliance should not be placed on such statements and information. Such factors include, but are not limited to: the risks associated with Covid-19 and other infectious diseases presenting as major health issues; failure to comply with environmental and health and safety laws and regulations; operating or technical difficulties in connection with mining or development activities, including geotechnical challenges, and disruptions in the maintenance or provision of required infrastructure and information technology systems; changes in national and local government legislation, taxation, controls, or regulations and/or changes in the administration of laws, policies, and practices, expropriation or nationalization of property and political or economic developments in Senegal; lack of certainty with respect to foreign legal systems, corruption and other factors that are inconsistent with the rule of law; risks associated with illegal and artisanal mining; risk of loss due to acts of war, terrorism, sabotage and civil disturbances; timing of receipt of, or failure to comply with, necessary permits and approvals; litigation and legal and administrative proceedings; damage to the Barrick's reputation due to the actual or perceived occurrence of any number of events, including negative publicity with respect to the Barrick's handling of environmental matters or dealings with community groups, whether true or not; contests over title to properties, particularly title to undeveloped properties, or over access to water, power, and other required infrastructure; employee relations including loss of key employees; increased costs and physical risks, including extreme weather events and resource shortages, related to climate change; and availability and increased costs associated with mining inputs and labor. In addition, there are risks and hazards associated with the business of mineral exploration, development, and mining, including environmental hazards, industrial accidents, unusual or unexpected formations, pressures, cave-ins, flooding, and gold bullion, copper cathode, or gold or copper concentrate losses (and the risk of inadequate insurance, or inability to obtain insurance, to cover these risks).

Many of these uncertainties and contingencies can affect our actual results and could cause actual results to differ materially from those expressed or implied in any forward-looking statements made by, or on behalf of, us. Readers are cautioned that forward-looking statements are not guarantees of future performance. All of the forward-looking statements made in this press release are qualified by these cautionary statements. Specific reference is made to the most recent Form 40-F/Annual Information Form on file with the SEC and Canadian provincial securities regulatory authorities for a more detailed discussion of some of the factors underlying forward-looking statements, and the risks that may affect Barrick's ability to achieve the expectations set forth in the forward-looking statements contained in this press release.

Barrick disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise, except as required by applicable law.
