Forward Looking Statements

This presentation contains forward-looking statements, which reflect the Firm's current views with respect to, among other things, its operations and financial performance. You can identify these forward-looking statements by the use of words such as "outlook," "believes," "expects," "potential," "continues," "may," "will," "should," "seeks," "target," "approximately," "predicts," "intends," "plans," "estimates," "anticipates" or the negative version of these words or other comparable words. Such forward-looking statements are based on certain assumptions and estimates and subject to various risks and uncertainties. Accordingly, there are or will be important factors that could cause actual outcomes or results to differ materially from those indicated in these statements. We believe these factors include, but are not limited to, those described under "Risk Factors" discussed in our Annual Report on Form 10-K for the year ended December 31, 2025. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included in this release. In addition, new risks and uncertainties emerge from time to time, and it is not possible for us to predict all risks and uncertainties, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Accordingly, you should not rely upon forward-looking statements as a prediction of actual results. The Firm undertakes no obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments or otherwise.
