Forward Looking Statements

This communication contains statements that constitute “forward-looking statements” within the meaning, and subject to the protections of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements other than statements of historical fact are forward-looking statements. Such statements include, but are not limited to, statements about the benefits of the proposed merger between Nicolet and MidWestOne, including future financial and operating results (including the anticipated impact of the proposed transaction on Nicolet’s and MidWestOne’s respective earnings and tangible book value), statements related to the expected timing of the completion of the proposed transaction, the combined company’s plans, objectives, expectations and intentions, and other statements that are not historical facts. You can identify these forward-looking statements through the use of words such as “anticipate,” “believe,” “assume,” “aim,” “can,” “conclude,” “continue,” “could,” “estimate,” “expect,” “foresee,” “goal,” “intend,” “may,” “might,” “outlook,” “possible,” “plan,” “predict,” “project,” “potential,” “seek,” “should,” “target,” “will,” “will likely,” “would,” or the negative of these terms or other comparable terminology, as well as similar expressions of the future or otherwise regarding the outlook for Nicolet’s, MidWestOne’s or combined company’s future businesses and financial performance and/or the performance of the banking industry and economy in general.

Prospective investors are cautioned that any such forward-looking statements are not guarantees of future performance and express only management’s beliefs regarding future results or events, many of which, by their nature, are inherently uncertain and outside of management’s control or predict. A number of factors could cause actual results and outcomes to differ materially from those contemplated by these forward-looking statements. These factors include, but are not limited to: (1) the risk that the cost savings and synergies of the proposed merger will not be realized or may take longer than anticipated to be realized; (2) the risk that integration of MidWestOne’s and Nicolet’s respective businesses will be materially delayed or will be more costly or difficult than expected, including as a result of unexpected factors or events; (3) the parties’ inability to meet expectations regarding the timing of the proposed merger; (4) changes to tax legislation and their potential effects on the accounting for the merger; (5) the failure to obtain the necessary approvals by the shareholders of Nicolet or MidWestOne; (6) the ability by each of Nicolet and MidWestOne to obtain required governmental approvals of the proposed transaction on the timeline expected (which could be affected by government shutdowns), or at all, and the risk that such approvals may result in the imposition of conditions that could adversely affect the combined company after the closing of the proposed transaction or adversely affect the expected benefits of the proposed transaction; (7), the failure to satisfy other conditions to completion of the proposed merger, or any unexpected delay in closing the proposed transaction or the occurrence of any event, change or other circumstances that could give rise to the termination of the merger agreement; (8) disruption to Nicolet’s business and to MidWestOne’s business as a result of the announcement and pendency of the proposed transaction, and the resulting diversion of management’s attention from ongoing business operations and opportunities; (9) potential reputational risk and reaction to the announcement of the proposed merger on Nicolet’s, MidWestOne’s or the combined company’s respective customers, suppliers, employees or other business partners; (10) the possibility that the proposed merger may be more expensive to complete than anticipated, including as a result of unexpected factors or events; (11) dilution caused by Nicolet’s issuance of additional shares of Nicolet common stock in connection with the merger; (12) risks and uncertainties relating to management and oversight of the combined business and operations of Nicolet and MidWestOne following the closing of the proposed merger; (13) the possibility the combined company is subject to additional regulatory requirements as a result of the proposed merger or expansion of the combined company’s business operations following the proposed merger; (14) the outcome of any legal or regulatory proceedings or governmental inquiries or investigations that may be currently pending or later instituted against Nicolet, MidWestOne or the combined company and (15) general competitive, economic, political and market conditions and fluctuations and other factors that may affect future results of Nicolet and MidWestOne including changes in asset quality and credit risk; the inability to sustain revenue and earnings growth; changes in interest rates and capital markets; inflation; customer borrowing, repayment, investment and deposit practices; the impact, extent and timing of technological changes; and capital management activities.

Additional factors which could affect future results of Nicolet and MidWestOne can be found in Nicolet's or MidWestOne's filings with the U.S. Securities and Exchange Commission ("SEC"), including in Nicolet's Annual Report on Form 10-K for the year ended December 31, 2024 under the captions "Forward-Looking Statements" and "Risk Factors," MidWestOne's Annual Report on Form 10-K for the year ended December 31, 2024, under the captions "Cautionary Note Regarding Forward-Looking Statements" and "Risk Factors," as well as their other filings with the SEC, which shareholders and potential investors should review for a more detailed discussion of risks, uncertainties and factors that could cause actual results to differ from those discussed in the forward-looking statements.

All forward-looking statements included in this communication are made as of the date hereof and are based on information available to management at that time. Except as required by law, neither Nicolet nor MidWestOne assumes any obligation to update any forward-looking statement to reflect events or circumstances that occur after the date the forward-looking statements were made.
