**UNITED STATES  
SECURITIES AND EXCHANGE COMMISSION  
WASHINGTON, D.C. 20549**

**FORM 10-Q**

☒ **QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

**For the quarterly period ended June 30, 2025**

**or**

☐ **TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

**For the transition period from \_\_\_\_\_ to \_\_\_\_\_  
Commission file number 1-10890**

**HORACE MANN EDUCATORS CORPORATION**

(Exact name of registrant as specified in its charter)

**Delaware**

**37-0911756**

(State or other jurisdiction of incorporation or organization)

(I.R.S. Employer Identification No.)

**1 Horace Mann Plaza, Springfield, Illinois 62715-0001**

(Address of principal executive offices)

(Zip Code)

Registrant's telephone number, including area code: **217-789-2500**

Securities registered pursuant to Section 12(b) of the Act:

| <b>Title of each class</b>      | <b>Trading Symbol(s)</b> | <b>Name of each exchange on which registered</b> |
|---------------------------------|--------------------------|--------------------------------------------------|
| Common Stock, \$0.001 par value | HMN                      | New York Stock Exchange                          |

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes ☒ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

|                         |                                     |                           |                          |
|-------------------------|-------------------------------------|---------------------------|--------------------------|
| Large accelerated filer | <input checked="" type="checkbox"/> | Accelerated filer         | <input type="checkbox"/> |
| Non-accelerated filer   | <input type="checkbox"/>            | Smaller reporting company | <input type="checkbox"/> |
|                         |                                     | Emerging growth company   | <input type="checkbox"/> |

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act.). Yes ☐ No ☒

As of July 31, 2025, the registrant had 40,695,729 common shares, \$0.001 par value, outstanding.

The accompanying Notes are an integral part of these Consolidated Financial Statements.

**HORACE MANN EDUCATORS CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**

## **NOTE 1 - Basis of Presentation and Significant Accounting Policies**

### **Business**

Horace Mann Educators Corporation is a holding company for insurance subsidiaries that market and underwrite personal lines of property and casualty insurance products (primarily personal lines of auto and property insurance), life insurance products, retirement products (primarily tax-qualified fixed and variable annuities), individual supplemental insurance products (primarily cancer, heart, hospital, supplemental disability and accident coverages), and group benefit products (primarily short-term and long-term group disability, and group term life coverages), primarily to K-12 teachers, administrators and other employees of public schools and their families (collectively, HMEC, the Company or Horace Mann).

The Company conducts and manages its business in four reporting segments: (1) Property & Casualty, (2) Life & Retirement, (3) Supplemental & Group Benefits and (4) Corporate & Other.

### **Basis of Presentation**

The accompanying Consolidated Financial Statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) and with the rules and regulations of the Securities and Exchange Commission (SEC). Certain information and disclosures normally included in annual financial statements prepared in conformity with GAAP, but are not required for interim reporting purposes, have been omitted. These Consolidated Financial Statements and Notes thereto should be read in conjunction with the Consolidated Financial Statements and Notes thereto included in Part II - Item 8 of the Company's Annual Report on Form 10-K for the year ended December 31, 2024. The results of operations for the three and six months ended June 30, 2025 are not necessarily indicative of the results to be expected for the full year.

The accompanying Consolidated Financial Statements and Notes thereto are unaudited and reflect all adjustments (generally consisting only of normal recurring accruals) which are, in the opinion of management, necessary for the fair presentation of the consolidated financial position, results of operations and cash flows for the interim periods. The Company's significant accounting policies are summarized in Part II - Item 8, Note 1 of the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2024.

In the quarter ended June 30, 2025, the Company recorded a reduction in net investment income due to an immaterial out-of-period correction of an error related to private debt securities associated with the Company's limited partnership investments. The \$8.1 million after tax (\$10.2 million pre-tax) adjustment decreases net income for the following segments: Life & Retirement \$5.3 million; and Supplemental & Group Benefits, \$2.8 million. The out-of-period correction would have resulted in a decrease of net income for year ended December 31, 2024 and 2023 by \$4.4 and \$1.3 million, respectively. The out-of-period correction would have resulted in a decrease of net income for the three and six months ended June 30, 2024 by \$0.8 and \$2.5 million, respectively.

The Company has reclassified the presentation of certain prior period information to conform to the current year's presentation.

### **Consolidation**

All intercompany transactions and balances between HMEC and its subsidiaries and affiliates have been eliminated.

### **Use of Estimates**

The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the reporting date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

## NOTE 1 - Basis of Presentation and Significant Accounting Policies (continued)

The most significant critical accounting estimates include valuation of hard-to-value fixed maturity securities, evaluation of credit loss impairments for fixed maturity securities, valuation of future policy benefit reserves, and valuation of liabilities for property and casualty unpaid claims and claim expense reserves.

### Future Adoption of New Accounting Standards

#### *Improvements to Income Tax Disclosures*

In December 2023, the FASB issued ASU 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures. This update will improve the transparency of income tax disclosures by requiring (1) consistent categories and greater disaggregation of information in the rate reconciliation and (2) income taxes paid disaggregated by jurisdiction. It also includes certain other amendments to improve the effectiveness of income tax disclosures.

This guidance will be effective for the Company for annual periods beginning after December 15, 2024 and interim periods beginning after December 15, 2025. Early adoption is permitted. The guidance will have no net impact on the Company's consolidated financial position, results of operations, or cash flows.

#### *Disaggregation of Income Statement Expenses*

In November 2024, the FASB issued ASU 2024-04, 03 Income Statement—Reporting Comprehensive Income—Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses. This guidance will improve the disclosures regarding a public business entity's expenses by requiring (1) disclosure of the amounts of (a) purchases of inventory, (b) employee compensation, (c) depreciation, (d) intangible asset amortization, and (e) depreciation, depletion, and amortization recognized as part of oil and gas-producing activities (or other amounts of depletion expense) included in each relevant expense caption, (2) inclusion of certain amounts that are already required to be disclosed under current generally accepted accounting principles (GAAP) in the same disclosure as the other disaggregation requirements, (3) disclosure of a qualitative description of the amounts remaining in relevant expense captions that are not separately disaggregated quantitatively and (4) disclosure of the total amount of selling expenses and, in annual reporting periods, an entity's definition of selling expenses.

The amendments in this guidance will be effective for the Company for annual periods beginning after December 15, 2026, and interim periods beginning after December 15, 2027. Early adoption is permitted. The guidance will have no net impact on the Company's consolidated financial position, results of operations, or cash flows.

## NOTE 2 - Investments

### Net Investment Income

The components of net investment income for the following periods were as follows:

| (\$ in millions)                                 | Three Months Ended<br>June 30, |          | Six Months Ended<br>June 30, |          |
|--------------------------------------------------|--------------------------------|----------|------------------------------|----------|
|                                                  | 2025                           | 2024     | 2025                         | 2024     |
| Fixed maturity securities                        | \$ 59.4                        | \$ 72.0  | \$ 131.0                     | \$ 142.4 |
| Equity securities                                | 1.0                            | 1.4      | 2.0                          | 2.6      |
| Limited partnership interests                    | 23.2                           | 8.2      | 39.5                         | 14.4     |
| Short-term and other investments                 | 5.2                            | 4.3      | 10.6                         | 9.0      |
| Investment expenses                              | (3.1)                          | (3.2)    | (5.9)                        | (5.8)    |
| Net investment income - investment portfolio     | 85.7                           | 82.7     | 177.2                        | 162.6    |
| Investment income - deposit asset on reinsurance | 25.1                           | 25.7     | 49.5                         | 51.2     |
| Total net investment income <sup>(1)</sup>       | \$ 110.8                       | \$ 108.4 | \$ 226.7                     | \$ 213.8 |

<sup>(1)</sup> In the second quarter of 2025, the Company recorded a reduction in net investment income due to an immaterial out-of-period correction of an error. See additional disclosure contained in Note 1 of the June 30, 2025 Form 10-Q.

## NOTE 2 - Investments (continued)

### Net Investment Gains (Losses)

Net investment gains (losses) for the following periods were as follows:

| (\$ in millions)                 | Three Months Ended<br>June 30, |                 | Six Months Ended<br>June 30, |                 |
|----------------------------------|--------------------------------|-----------------|------------------------------|-----------------|
|                                  | 2025                           | 2024            | 2025                         | 2024            |
| Fixed maturity securities        | \$ (4.1)                       | \$ (2.3)        | \$ (3.9)                     | \$ (3.3)        |
| Equity securities                | (0.7)                          | (2.1)           | (2.0)                        | 0.5             |
| Short-term investments and other | (1.1)                          | (1.5)           | (3.3)                        | (0.9)           |
| Net investment gains (losses)    | <u>\$ (5.9)</u>                | <u>\$ (5.9)</u> | <u>\$ (9.2)</u>              | <u>\$ (3.7)</u> |

The Company, from time to time, sells fixed maturity securities subsequent to the reporting date but prior to the issuance of the financial statements that were in an unrealized loss position but no credit loss was recognized and there was no intent to sell the securities at the reporting date. Such sales are due to issuer-specific events occurring subsequent to the reporting date that result in a change in the Company's intent to sell a fixed maturity security. The types of events that may result in a sale include significant changes in the economic facts and circumstances related to the invested asset, significant unforeseen changes in liquidity needs, or changes in the Company's investment strategy.

### Net Investment Gains (Losses) by Transaction Type

The breakdown of net investment gains (losses) by transaction type for the following periods were as follows:

| (\$ in millions)                                                              | Three Months Ended<br>June 30, |                 | Six Months Ended<br>June 30, |                 |
|-------------------------------------------------------------------------------|--------------------------------|-----------------|------------------------------|-----------------|
|                                                                               | 2025                           | 2024            | 2025                         | 2024            |
| Credit loss impairments                                                       | \$ (0.9)                       | \$ 0.9          | \$ (0.9)                     | \$ —            |
| Intent-to-sell impairments                                                    | (2.2)                          | —               | (2.2)                        | —               |
| Total impairments                                                             | (3.1)                          | 0.9             | (3.1)                        | —               |
| Sales and other, net                                                          | 2.0                            | (3.2)           | 4.1                          | (3.3)           |
| Change in fair value - equity securities                                      | (0.7)                          | (2.1)           | (1.9)                        | 0.5             |
| Change in fair value and gains (losses) realized on settlements - derivatives | (4.1)                          | (1.5)           | (8.3)                        | (0.9)           |
| Net investment gains (losses)                                                 | <u>\$ (5.9)</u>                | <u>\$ (5.9)</u> | <u>\$ (9.2)</u>              | <u>\$ (3.7)</u> |

### Allowance for Credit Loss Impairments on Fixed Maturity Securities

The following table presents changes in the allowance for credit loss impairments on fixed maturity securities classified as available for sale for the category of other asset-backed securities (no other categories of fixed maturity securities have an allowance for credit loss impairments):

| (\$ in millions)                                                                                | Three Months Ended<br>June 30, |               | Six Months Ended<br>June 30, |               |
|-------------------------------------------------------------------------------------------------|--------------------------------|---------------|------------------------------|---------------|
|                                                                                                 | 2025                           | 2024          | 2025                         | 2024          |
| Beginning balance                                                                               | \$ 0.9                         | \$ 2.1        | \$ 0.9                       | \$ 1.2        |
| Credit losses on fixed maturity securities for which credit losses were not previously reported | 3.1                            | 0.8           | 3.1                          | 1.7           |
| Net increase (decrease) related to credit losses previously reported                            | (0.9)                          | (0.9)         | (0.9)                        | (0.9)         |
| Reduction of credit allowances related to sales                                                 | —                              | (0.9)         | —                            | (0.9)         |
| Write-offs                                                                                      | —                              | —             | —                            | —             |
| Ending balance                                                                                  | <u>\$ 3.1</u>                  | <u>\$ 1.1</u> | <u>\$ 3.1</u>                | <u>\$ 1.1</u> |

## NOTE 2 - Investments (continued)

### Fixed Maturity Securities

The Company's investment portfolio is comprised primarily of fixed maturity securities. Amortized cost, net, gross unrealized investment gains (losses) and fair values of all fixed maturity securities in the portfolio were as follows:

| (\$ in millions)                                            | Amortized<br>Cost, net | Gross<br>Unrealized<br>Gains | Gross<br>Unrealized<br>Losses | Fair<br>Value     |

## NOTE 2 - Investments (continued)

The following table presents the fair value and gross unrealized losses for fixed maturity securities in an unrealized loss position as of June 30, 2025 and December 31, 2024, respectively. The Company views the decrease in fair value of all of the fixed maturity securities with unrealized losses as of June 30, 2025 as due to factors other than a credit loss. As of June 30, 2025, the Company has not made the decision to sell and it is not more likely than not the Company will be required to sell the fixed maturity securities with unrealized losses before a recovery of the amortized cost basis. In reaching our conclusion that an allowance for credit is unnecessary, we considered the factors described in the evaluation of credit loss impairments for fixed maturity securities critical accounting estimate in our Annual Report on Form 10-K. In the current six months ended June 30, 2025, the performance of fixed maturity securities has been impacted by the change in interest rates, specifically interest rates being at relatively high levels compared to interest rates at the time of acquisition of the securities. In consideration of the factors, we expect to receive cash flows sufficient to recover the entire amortized cost basis of the securities in the following table.

| (\$ in millions)                                                            | 12 Months or Less |                         | More than 12 Months |                         | Total             |                         |

| Fair value as a percentage of total fixed maturity securities at fair value | 15.8 %            |                         | 51.1 %              |                         | 66.9 %            |                         |

## NOTE 2 - Investments (continued)

With regards to fixed maturity securities that had gross unrealized losses more than 12 months, the number of positions by their respective credit ratings were as follows:

|                              | Number of Positions |                   |
|------------------------------|---------------------|-------------------|
|                              | June 30, 2025       | December 31, 2024 |
| Credit Rating                |                     |                   |
| AAA                          | 141                 | 155               |
| AA                           | 894                 | 899               |
| A                            | 308                 | 320               |
| BBB                          | 340                 | 370               |
| Total investment grade       | 1,683               | 1,744             |
| BB                           | 37                  | 40                |
| B                            | 11                  | 18                |
| CCC or lower                 | 4                   | 4                 |
| Total below investment grade | 52                  | 62                |
| Not rated                    | 48                  | 56                |
| Totals:                      | 1,783               | 1,862             |

Fixed maturity securities with an investment grade rating represented 97.1% of the gross unrealized losses as of June 30, 2025. For the same reasons discussed above, we expect to receive cash flow sufficient to recover the entire amortized cost basis of the securities in the previous table.

### *Maturities of Fixed Maturity Securities*

The following table presents the distribution of the Company's fixed maturity securities portfolio by estimated expected maturity. Estimated expected maturities differ from contractual maturities, reflecting assumptions regarding borrowers' utilization of the right to call or prepay obligations with or without call or prepayment penalties. For structured securities, estimated expected maturities consider broker-dealer survey prepayment assumptions and are verified for consistency with the interest rate and economic environments.

| (\$ in millions)                           | June 30, 2025       |                   |                             |
|--------------------------------------------|---------------------|-------------------|-----------------------------|
|                                            | Amortized Cost, net | Fair Value        | Percent of Total Fair Value |

### Net Unrealized Investment Gains (Losses) on Fixed Maturity Securities

The following table reconciles net unrealized investment gains (losses) on fixed maturity securities, net of tax, included in AOCI:

| (\$ in millions)                                                                        | Three Months Ended<br>June 30, |                   | Six Months Ended<br>June 30, |                   |
|-----------------------------------------------------------------------------------------|--------------------------------|-------------------|------------------------------|-------------------|
|                                                                                         | 2025                           | 2024              | 2025                         | 2024              |
| Net unrealized investment gains (losses)<br>on fixed maturity securities, net of tax    |                                |                   |                              |                   |
| Beginning of period                                                                     | \$ (314.5)                     | \$ (348.0)        | \$ (357.4)                   | \$ (328.3)        |
| Change in net unrealized investment gains<br>(losses) on fixed maturity securities      | 1.4                            | (24.1)            | 44.4                         | (44.6)            |
| Reclassification of net investment losses<br>on fixed maturity securities to net income | 3.2                            | 1.7               | 3.1                          | 2.5               |
| End of period                                                                           | <u>\$ (309.9)</u>              | <u>\$ (370.4)</u> | <u>\$ (309.9)</u>            | <u>\$ (370.4)</u> |

### Limited Partnership Interests

Investments in limited partnership interests are predominately accounted for using the equity method of accounting (EMA) and include interests in commercial mortgage loan funds, real estate equity funds, private equity funds, infrastructure equity funds, infrastructure debt funds and other funds. In addition, we have two limited partnership investments accounted for at fair value using the fair value option (FVO). Principal factors influencing carrying amount appreciation or depreciation include operating performance, comparable public company earnings multiples, capitalization rates and the economic environment. The carrying amounts of EMA limited partnership interests were as follows:

| (\$ in millions)               | June 30, 2025     | December 31, 2024 |
|--------------------------------|-------------------|-------------------|
| Commercial mortgage loan funds | \$ 591.1          | \$ 596.0          |
| Real estate equity funds       | 144.8             | 144.7             |
| Private equity funds           | 110.9             | 102.2             |
| Infrastructure equity funds    | 83.8              | 81.7              |
| Infrastructure debt funds      | 67.2              | 69.0              |
| Other funds <sup>(1)</sup>     | 140.0             | 127.7             |
| Total                          | <u>\$ 1,137.8</u> | <u>\$ 1,121.3</u> |

<sup>(1)</sup> Other funds consist primarily of limited partnership interests in corporate mezzanine, venture capital and private credit funds.

## NOTE 2 - Investments (continued)

### Offsetting of Assets and Liabilities

The Company's derivatives are subject to enforceable master netting arrangements. Collateral support agreements associated with each master netting arrangement provides that the Company will receive or pledge financial collateral in the event minimum thresholds have been reached. The Company's reverse repurchase agreements are also subject to enforceable master netting arrangements but there was no offsetting in their presentation in the Company's Consolidated Balance Sheets. Information regarding the Company's derivatives is contained in Part II - Item 8, Note 4 in the Company's Annual Report on Form 10-K for the year ended December 31, 2024. The following table presents instruments that were subject to a master netting arrangement for the Company.

| (\$ in millions)          |    |               |                                                         |                                                                                |    |                                                             |                          |    |            |

### Reverse Repurchase Agreements

In connection with reverse repurchase agreements, the Company transfers primarily U.S. government, government agency and corporate securities and receives cash. For reverse repurchase agreements, the Company receives cash in an amount equal to at least 95% of the fair value of the securities transferred, and the agreements with third parties contain contractual provisions to allow for additional collateral to be obtained when necessary. The Company accounts for reverse repurchase agreements as secured borrowings. The securities transferred under reverse repurchase agreements are included in Fixed maturity securities with the obligation to repurchase those securities reported in Other liabilities on the Company's Consolidated Balance Sheets. The fair value of the securities transferred was \$0.0 million as of June 30, 2025 and \$12.4 million as of December 31, 2024. The obligation for securities sold under reverse repurchase agreements was a net amount of \$0.0 million as of June 30, 2025 and \$12.0 million as of December 31, 2024.

### Deposits

As of June 30, 2025 and December 31, 2024, fixed maturity securities with a fair value of \$25.8 million and \$27.1 million were on deposit with governmental agencies as required by law in various states for which the insurance subsidiaries of HMEC conduct business. In addition, as of June 30, 2025 and December 31, 2024, fixed maturity securities with a fair value of \$1,127.7 million and \$1,072.2 million, respectively, were on deposit with the Federal Home Loan Bank of Chicago (FHLB) as collateral for amounts subject to funding agreements, advances and borrowings which were equal to \$999.5 million as of June 30, 2025 and \$989.5 million as of December 31, 2024. The deposited securities are reported as Fixed maturity securities on the Company's Consolidated Balance Sheets.

## NOTE 3 - Fair Value of Financial Instruments

The Company is required to disclose estimated fair values for certain financial and nonfinancial assets and liabilities. Fair values for the Company's insurance contracts other than annuity contracts (which are investment contracts) and equity method limited partnership interests are not required to be disclosed in fair value hierarchy. The estimated fair values of liabilities under all insurance contracts are taken into consideration in the Company's overall management of interest rate risk through the matching of investment maturities with amounts due under insurance contracts.

Information regarding the three-level fair value hierarchy presented below and the valuation methodologies utilized by the Company to estimate fair values at each reporting date is included in Part II - Item 8, Note 3 of the

## NOTE 3 - Fair Value of Financial Instruments (continued)

Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2024.

### Financial Instruments Measured and Carried at Fair Value on a Recurring Basis

The following table presents the Company's fair value hierarchy for financial assets and financial liabilities measured and carried at fair value on a recurring basis. During the six months ended June 30, 2025 and 2024, there were no transfers between Level 1 and Level 2. As of June 30, 2025, Level 3 invested assets comprised 9.1% of the Company's total investment portfolio at fair value.

<sup>(1)</sup> Represents embedded derivatives related to fixed indexed annuity and indexed universal life products reported in Future policy benefit reserves and Other policyholder funds as well as net MRBs reported in Policyholders' account balances in the Company's Consolidated Balance Sheets.

<sup>(2)</sup> Includes U.S. Government and federally sponsored agency obligations for mortgage-backed securities and other asset-backed securities.

<sup>(3)</sup> Transfers into and out of Level 3 during the three and six months ended June 30, 2025 and 2024 were related to changes in the primary pricing source or changes in observability of external information used in determining fair value. The Company's policy is to recognize transfers into and out of the levels as having occurred at the end of the reporting period in which the transfers were determined.

<sup>(1)</sup> When a range of unobservable inputs is not readily available, the Company uses a single point best estimate.

<sup>(2)</sup> Mortality multiplier is applied to the Annuity 2000 table.

<sup>(3)</sup> Determined as a percentage of the risk-free rate.

The valuation techniques and significant unobservable inputs used in the fair value measurement for financial assets and financial liabilities classified as Level 3 are subject to the processes as described in Part II - Item 8, Note 3 in the Company's Annual Report on Form 10-K for the year ended December 31, 2024. Generally, valuation techniques for corporate bonds include using discounted cash flow techniques where the unobservable input is the yield.

## NOTE 3 - Fair Value of Financial Instruments (continued)

### Financial Instruments Not Carried at Fair Value

The Company has various other financial assets and financial liabilities used in the normal course of business that are not carried at fair value, but for which fair value disclosure is required. These financial assets and financial liabilities are further described in Part II - Item 8, Note 3 in the Company's Annual Report on Form 10-K for the year ended December 31, 2024. The following table presents the carrying amount and fair value of the Company's financial assets and financial liabilities not carried at fair value and the level within the fair value hierarchy at which such financial assets and liabilities are categorized.

| (\$ in millions)                | Carrying Amount | Fair Value | Fair Value Measurements at Reporting Date Using |         |          |

## NOTE 4 - Short-Duration Insurance Contracts

### *Property & casualty Unpaid Claims and Claim Expense Reserves*

The following table is a summary reconciliation of the beginning and ending property & casualty unpaid claims and claim expense reserves for the periods indicated. The table presents reserves on both a gross and net (after reinsurance) basis. The total net property & casualty insurance claims and claim expense incurred amounts are reflected in the Consolidated Statements of Operations and Comprehensive Income (Loss). The end of period gross reserves (before reinsurance balances and reinsurance recoverable balances) are reflected on a gross basis in the Consolidated Balance Sheets. Also included in property & casualty claims expense reserves are legacy commercial line exposures, which are included in the Corporate & Other segment for segment reporting purposes.

<sup>(1)</sup> Reserves net of expected reinsurance recoverables.

<sup>(2)</sup> Shows the amounts by which the Company increased (decreased) its reserves in each of the periods indicated for claims occurring in previous periods to reflect subsequent information on such claims and changes in their projected final settlement costs - also known as prior years' reserve development.

The company recognized \$5.5 million and \$10.8 million of net favorable prior years' reserve development for the three and six months ended June 30, 2025. There was \$6.2 million prior years' reserve development for Property & Casualty claims for the three and six months ended June 30, 2024. The net favorable development for the six months ended June 30, 2025 was primarily a result of favorable loss trends in auto and property for accident years 2024 and prior. The net favorable development for the six months ended June 30, 2024 was primarily a result of favorable loss trends in auto and property for accident years 2023 and prior.

### *Group Benefits Unpaid Claims and Claim Expense Reserves*

The following table is a summary reconciliation of the beginning and ending Group Benefits unpaid claims and claim expense reserves for the periods indicated. The table presents reserves on both a gross and net (after reinsurance) basis. The total net Group Benefits insurance claims and claim expense incurred amounts are reflected in the Consolidated Statements of Operations and Comprehensive Income (Loss). The end of period gross reserves (before reinsurance balances and reinsurance recoverable balances) are reflected on a gross basis in the Consolidated Balance Sheets.

| Net liability for future policy benefits at June 30, 2025               | \$ 219.4   | \$ 120.6  | \$ 742.3                       | \$ 53.1                | \$ 194.3                           | \$ 93.4                |  |  |

<sup>(1)</sup> Experience Life contains both whole life and term elements.

<sup>(2)</sup> As of June 30, 2025, the net LFPB for Supplemental Health was \$69.4 million for cancer, \$18.6 million for accident, \$22.1 million for disability and \$84.2 million for other supplemental health policies.

<sup>(3)</sup> Issuances are calculated at present value, using the original discount rate, of the expected net premiums or the expected future policy benefits related to new policies issued during the current period.

<sup>(4)</sup> Interest accruals represent the interest earned on the beginning present value of either the expected net premiums or the expected future policy benefits using the original interest rate.

<sup>(5)</sup> Net premiums collected represent the product of the current period net premium ratio and the gross premiums collected during the period of in force business.

<sup>(6)</sup> Benefit payments represent the release of the present value, using the original discount rate, of the expected future policy benefits due to death, lapse/withdrawal and maturity payments based on revised expected assumptions.

## NOTE 5 - Long-Duration Insurance Contracts (continued)

The balances of and changes in LFPB as of and for the six months ended June 30, 2025 were as follows:

| (\$ in millions)                                                        |            |           |                                |                        |                                    |                        |  |  |

<sup>(1)</sup> Experience Life contains both whole life and term elements.

<sup>(2)</sup> As of June 30, 2025, the net LFPB for Supplemental Health was \$69.4 million for cancer, \$18.6 million for accident, \$22.1 million for disability and \$84.2 million for other supplemental health policies.

<sup>(3)</sup> Issuances are calculated at present value, using the original discount rate, of the expected net premiums or the expected future policy benefits related to new policies issued during the current period.

<sup>(4)</sup> Interest accruals represent the interest earned on the beginning present value of either the expected net premiums or the expected future policy benefits using the original interest rate.

<sup>(5)</sup> Net premiums collected represent the product of the current period net premium ratio and the gross premiums collected during the period of in force business.

<sup>(6)</sup> Benefit payments represent the release of the present value, using the original discount rate, of the expected future policy benefits due to death, lapse/withdrawal and maturity payments based on revised expected assumptions.

## NOTE 5 - Long-Duration Insurance Contracts (continued)

The balances of and changes in LFPB as of and for the year ended December 31, 2024 were as follows:

| (\$ in millions)                                                        |            |           |                                |                        |                                    |                        |  |  |

| Impact of flooring on net liability for future policy benefits          | —          | —         | —                              | —                      | —                                  | —                      |  |  |
| Net liability for future policy benefits at December 31, 2024           | \$ 215.0   | \$ 112.5  | \$ 745.7                       | \$ 50.7                | \$ 198.8                           | \$ 93.8                |  |  |

<sup>(1)</sup> Experience Life contains both whole life and term elements.

<sup>(2)</sup> As of December 31, 2024, the net LFPB for Supplemental Health was \$72.2 million for cancer, \$18.8 million for accident, \$21.4 million for disability and \$86.4 million for other supplemental health policies.

<sup>(3)</sup> Issuances are calculated at present value, using the original discount rate, of the expected net premiums or the expected future policy benefits related to new policies issued during the current period.

<sup>(4)</sup> Interest accruals represent the interest earned on the beginning present value of either the expected net premiums or the expected future policy benefits using the original interest rate.

<sup>(5)</sup> Net premiums collected represent the product of the current period net premium ratio and the gross premiums collected during the period of in force business.

<sup>(6)</sup> Benefit payments represent the release of the present value, using the original discount rate, of the expected future policy benefits due to death, lapse/withdrawal and maturity payments based on revised expected assumptions.

## NOTE 5 - Long-Duration Insurance Contracts (continued)

The following table reconciles the net LFPB to LFPB in the Consolidated Balance Sheets. DPL for single premium and immediate annuity products is presented together with LFPB in the Consolidated Balance Sheets:

| (\$ in millions)                 | June 30, 2025 | December 31, 2024 |
|----------------------------------|---------------|-------------------|
| Whole life                       | \$ 279.5      | \$ 275.2          |
| Term life                        | 141.0         | 131.8             |
| Experience life                  | 743.1         | 746.6             |
| Limited-pay whole life           | 54.6          | 52.1              |
| Supplemental health              | 198.5         | 203.5             |
| SPIA (life contingent)           | 97.1          | 97.3              |
| Limited-pay whole life DPL       | 5.5           | 5.2               |
| SPIA (life contingent) DPL       | 1.5           | 1.5               |
| Reconciling items <sup>(1)</sup> | 103.7         | 109.6             |
| Total                            | \$ 1,624.4    | \$ 1,622.8        |

<sup>(1)</sup> Reconciling items primarily relate to products not in scope of ASU 2018-12 and return of premium reserves.

The following table summarizes the amount of revenue and interest related to traditional and limited-payment contracts recognized in the Consolidated Statements of Operations and Comprehensive Income (Loss):

| (\$ in millions)       | Gross premiums or assessments |         | Gross premiums or assessments |          |
|------------------------|-------------------------------|---------|-------------------------------|----------|

| Expected future gross premiums        | 477.5                  | 268.6      | 497.8                      | 279.3      |
| Expected future benefits and expenses | 1,602.8                | 771.8      | 1,639.0                    | 782.8      |
| Limited-pay whole life                |                        |            |                            |            |
| Expected future gross premiums        | 72.7                   | 54.1       | 73.6                       | 54.7       |
| Expected future benefits and expenses | 312.0                  | 116.4      | 307.2                      | 114.3      |
| Supplemental health                   |                        |            |                            |            |
| Expected future gross premiums        | 1,606.3                | 1,165.3    | 1,595.3                    | 1,165.4    |
| Expected future benefits and expenses | 686.2                  | 476.8      | 684.6                      | 482.8      |
| SPIA (life contingent)                |                        |            |                            |            |
| Expected future gross premiums        | —                      | —          | —                          | —          |
| Expected future benefits and expenses | 147.7                  | 105.2      | 150.7                      | 107.3      |

For the six months ended June 30, 2025 and for the year ended December 31, 2024, net premiums exceeded gross premiums for several cohorts in the Whole Life and Term Life product lines. This resulted in an immaterial change to current period benefit expense for both periods.

The following table summarizes the ranges of actual experience and expected experience for mortality and lapses of LFPB:

|                       | June 30, 2025 |              |                 |                        |                     |                        |

## NOTE 5 - Long-Duration Insurance Contracts (continued)

The following table provides the weighted-average durations of LFPB, in years:

|                        | As of June 30, |      |
|------------------------|----------------|------|
|                        | 2025           | 2024 |
| Whole life             | 19.4           | 17.8 |
| Term life              | 15.8           | 16.6 |
| Experience life        | 10.0           | 10.3 |
| Limited-pay whole life | 24.1           | 21.7 |
| Supplemental health    | 11.6           | 11.0 |
| SPIA (life contingent) | 7.5            | 7.6  |

The following table provides ranges of the weighted-average interest rates for LFPB:

|                         | As of June 30, |             |
|-------------------------|----------------|-------------|
|                         | 2025           | 2024        |
| Whole life              |                |             |
| Interest accretion rate | 1.7% - 4.8%    | 1.7% - 4.9% |
| Current discount rate   | 4.9% - 5.7%    | 4.8% - 5.6% |
| Term life               |                |             |
| Interest accretion rate | 4.2% - 4.2%    | 4.2% - 4.2% |
| Current discount rate   | 5.3% - 5.4%    | 5.4% - 5.5% |
| Experience life         |                |             |
| Interest accretion rate | 6.1 %          | 6.1 %       |
| Current discount rate   | 5.5 %          | 5.6 %       |
| Limited-pay whole life  |                |             |
| Interest accretion rate | 4.0 %          | 4.0 %       |
| Current discount rate   | 5.8 %          | 5.7 %       |
| Supplemental health     |                |             |
| Interest accretion rate | 1.7% - 2.8%    | 1.7% - 2.7% |
| Current discount rate   | 5.5% - 5.7%    | 5.6% - 5.7% |
| SPIA (life contingent)  |                |             |
| Interest accretion rate | 1.7% - 4.1%    | 1.7% - 4.1% |
| Current discount rate   | 5.2% - 5.3%    | 5.4% - 5.5% |

## NOTE 5 - Long-Duration Insurance Contracts (continued)

### Liability for Policyholders' Account Balances

The Company recognizes a liability for policyholders' account balances. The following tables summarize balances of and changes in policyholders' account balances:

| (\$ in millions)                          | Three Months Ended June 30, 2025 |                 |                         |                                 |                            |
|-------------------------------------------|----------------------------------|-----------------|-------------------------|---------------------------------|----------------------------|

| Cash surrender value                      | \$ 47.1                          | \$ 58.8         | \$ 4,466.3              | \$ 428.4                        | \$ 31.4                    |

<sup>(1)</sup> Premiums received represents premiums collected from policyholder during the period of in force business.

<sup>(2)</sup> Surrenders and withdrawals represent reductions to the policyholders' account balance due to policyholders surrendering the policy or withdrawing funds from the account balance.

<sup>(3)</sup> Benefit payments represent benefits due under contract that were paid to a policyholder during the periods.

<sup>(4)</sup> Interest credited represents interest earned and credited to policyholders' account balance during the periods.

<sup>(5)</sup> Net amount at risk represents guaranteed benefit amounts less current policyholders' account balance at the reporting date.

| Balance at June 30, 2024                  | \$ 65.2                        | \$ 59.4         | \$ 4,509.5              | \$ 426.6                        | \$ 30.4                    |
| Weighted-average crediting rate           | 5.4 %                          | 5.0 %           | 3.7 %                   | 2.7 %                           | 3.1 %                      |
| Net amount at risk <sup>(5)</sup>         | \$ —                           | \$ —            | \$ 30.9                 | \$ —                            | \$ —                       |
| Cash surrender value                      | \$ 47.1                        | \$ 58.8         | \$ 4,466.3              | \$ 428.4                        | \$ 31.4                    |

<sup>(1)</sup> Premiums received represents premiums collected from policyholder during the period of in force business.

<sup>(2)</sup> Surrenders and withdrawals represent reductions to the policyholders' account balance due to policyholders surrendering the policy or withdrawing funds from the account balance.

<sup>(3)</sup> Benefit payments represent benefits due under contract that were paid to a policyholder during the periods.

<sup>(4)</sup> Interest credited represents interest earned and credited to policyholders' account balance during the periods.

<sup>(5)</sup> Net amount at risk represents guaranteed benefit amounts less current policyholders' account balance at the reporting date.

## NOTE 5 - Long-Duration Insurance Contracts (continued)

The following table reconciles policyholders' account balances to the policyholders' account balance liability in the Consolidated Balances Sheets:

| (\$ in millions)                 | June 30, 2025 | December 31, 2024 |
|----------------------------------|---------------|-------------------|
| Indexed universal life           | \$ 82.3       | \$ 72.9           |
| Experience Life                  | 56.5          | 58.0              |
| Fixed account annuities          | 4,495.1       | 4,508.4           |
| Fixed indexed account annuities  | 388.6         | 409.5             |
| SPIA (non-life contingent)       | 27.9          | 28.6              |
| Reconciling items <sup>(1)</sup> | 26.0          | 22.9              |
| Total                            | \$ 5,076.4    | \$ 5,100.3        |

<sup>(1)</sup> Reconciling items primarily relate to FIA reserves net of account balances, miscellaneous fixed annuity reserves, personal promise accounts and MRBs.

The following tables present the gross account values by range of guaranteed minimum crediting rates and the related range of difference, in basis points, between rates being credited to policyholders and the respective guaranteed minimums:

| (\$ in millions)                           | June 30, 2025         |                         |                           |                                     |                      |

<sup>(1)</sup> Excludes products not containing a fixed guaranteed minimum crediting rate.

### Separate Account Liabilities

Separate account assets and liabilities consist of investment accounts established and maintained by the Company for certain variable contracts. Some of these variable contracts include minimum guarantees such as GMDBs that guarantee a minimum payment to the policyholder in the event of death.

The assets that support variable contracts are measured at fair value and are reported as separate account assets on the Consolidated Balance Sheets. An equivalent amount is reported as separate account liabilities. MRB assets and liabilities for minimum guarantees are valued and presented separately from separate account assets and separate account liabilities. MRBs are discussed further in the market risk benefits section of this Note to the Consolidated Financial Statements. Policy charges assessed against the policyholders for mortality,

## NOTE 5 - Long-Duration Insurance Contracts (continued)

administration and other services are included in the life premiums and contract charges line item on the Consolidated Statements of Operations and Comprehensive Income (Loss).

The following table presents the balances of and changes in the Separate Account variable annuity liabilities presented in the Consolidated Balance Sheets<sup>(1)</sup>:

| (\$ in millions)                   | Retirement Services        |                   |
|------------------------------------|----------------------------|-------------------|
|                                    | Variable Account Annuities |                   |
|                                    | June 30, 2025              | December 31, 2024 |
| Balance, beginning of year         | \$ 3,708.8                 | \$ 3,294.1        |
| Deposits                           | 137.4                      | 266.2             |
| Withdrawals                        | (146.4)                    | (290.3)           |
| Net transfers                      | (19.6)                     | (21.1)            |
| Fees and charges                   | (27.0)                     | (53.3)            |
| Market appreciation (depreciation) | 210.1                      | 513.2             |
| Other                              | —                          | —                 |
| Balance, end of period             | \$ 3,863.3                 | \$ 3,708.8        |

<sup>(1)</sup> The Separate Account variable annuity liabilities are backed by, and are equal to, the Separate Account variable annuity assets that represent contractholder funds invested in various actively traded mutual funds that have daily quoted net asset values that are readily determinable for identical assets that the Company can access.

### Market Risk Benefits

The following table presents the balances of and changes in MRBs associated with deferred variable annuities as of and for the three and six months ended June 30, 2025 and 2024, respectively:

| (\$ in millions)                                                                               | Three Months Ended<br>June 30, |          | Six Months Ended<br>June 30, |          |

## NOTE 5 - Long-Duration Insurance Contracts (continued)

The following table presents a reconciliation of DAC to the Consolidated Balance Sheets:

| (\$ in millions)                | June 30, 2025 | December 31, 2024 |
|---------------------------------|---------------|-------------------|
| Whole life                      | \$ 24.6       | \$ 23.8           |
| Term life                       | 34.8          | 34.2              |
| Experience life                 | 5.4           | 5.5               |
| Limited pay whole life          | 8.1           | 8.0               |
| Indexed universal life          | 20.3          | 19.2              |
| Supplemental health             | 12.1          | 10.6              |
| Total annuities                 | 209.4         | 211.4             |
| Reconciling item <sup>(1)</sup> | 36.7          | 34.5              |
| Total                           | \$ 351.4      | \$ 347.2          |

<sup>(1)</sup> Reconciling item relates to DAC associated with the Property & Casualty reporting segment.

The assumptions used to amortize DAC were consistent with the assumptions used to estimate LFPB for traditional and limited-payment contracts. The underlying assumptions for DAC and LFPB were updated at the same time.

In the second quarter of 2025 and 2024, the Company conducted a review of all significant assumptions and did not make any changes to future assumptions because actual experience for mortality and lapses was materially consistent with underlying assumptions.

## NOTE 6 - Reinsurance

The Company recognizes the cost of reinsurance premiums over the contract periods for such premiums in proportion to the insurance protection provided. Amounts recoverable from reinsurers for unpaid claims and claim settlement expenses, including estimated amounts for unsettled claims, claims incurred but not yet reported and policy benefits, are estimated in a manner consistent with the insurance liability associated with the policy. The effects of reinsurance on net premiums written and contract deposits; net premiums and contract charges earned; and benefits, claims and settlement expenses were as follows:

| (\$ in millions)                                          | Direct Amount | Ceded to Other Companies | Assumed from Other Companies | Net Amount |
|-----------------------------------------------------------|---------------|--------------------------|------------------------------|------------|
| Three months ended June 30, 2025 <sup>(1)</sup>           |               |                          |                              |            |
| Net premiums written and contract deposits <sup>(2)</sup> | \$ 427.9      | \$ 15.4                  | \$ 6.3                       | \$ 418.8   |
| Net premiums and contract charges earned                  | 311.9         | 15.3                     | 6.0                          | 302.6      |
| Benefits, claims and settlement expenses                  | 192.1         | 11.0                     | 2.4                          | 183.5      |

| Net premiums and contract charges earned                  | 581.1         | 39.6                     | 14.6                         | 556.1      |
| Benefits, claims and settlement expenses                  | 399.9         | 24.8                     | 8.5                          | 383.6      |

<sup>(1)</sup> Direct amount is net of the annuity reinsurance transaction accounted for using the deposit method.

<sup>(2)</sup> This measure is not based on accounting principles generally accepted in the United States of America (non-GAAP). An explanation of this non-GAAP measure is contained in the Glossary of Selected Terms included as Exhibit 99.1 in the Company's reports filed with the SEC.

## Note 7 - Segment Information

The Company conducts and manages its business through four reporting segments. The three reporting segments representing the major lines of business are: (1) Property & Casualty (primarily personal lines of auto and property insurance products), (2) Life & Retirement (primarily tax-qualified fixed and variable annuities as well as life insurance products), and (3) Supplemental & Group Benefits (primarily cancer, heart, hospital, supplemental disability, accident, short-term and long-term group disability, and group term life coverages). The Company does not allocate the impact of corporate-level transactions to these reporting segments, consistent with the basis for management's evaluation of the results of those reporting segments, but classifies those items in the fourth reporting segment, Corporate & Other. Corporate & Other includes corporate debt service, net investment gains (losses) and certain public company expenses, as well as corporate debt retirement costs, when applicable. In addition to these transactions, Corporate & Other also includes legacy commercial claims.

The accounting policies of the reporting segments are the same as those described in Note 1-Basis of Presentation and Significant Accounting Policies. Expense allocations are based on certain assumptions and estimates primarily related to direct cost, revenue and activity; methodologies are applied consistently. Stated segment operating results would change if different methods were applied.

The Company's Chief Operating Officer is the chief operating decision maker (CODM), responsible for reviewing financial performance and making decisions regarding the allocation of resources for the reporting segments. The Company measures and analyzes segment performance based on core earnings which differs from total income as presented in our consolidated statements of operations due to excluding the after-tax impact of net investment gains (losses), discontinued operations, the after-tax impact of goodwill and intangible asset impairments, other non-recurring or infrequent items and the cumulative effect of changes in accounting principles when applicable, and for the period ended June 30, 2025, the impacts of the immaterial correction of the prior period error discussed in Note 1. We believe core earnings is a better performance measure and indicator of the profitability and underlying trends in our business. The CODM considers actual-to-budget variances in core earnings on a monthly basis when making decisions about allocating capital and personnel to segments and evaluating product pricing.

Disaggregated financial information for these segments, as regularly provided to the CODM as of and for the three months ended June 30, 2025, is as follows:

| (\$ in millions)                                            | Property & Casualty | Life & Retirement | Supplemental & Group Benefits | Corporate & Other* | Totals   |
|-------------------------------------------------------------|---------------------|-------------------|-------------------------------|--------------------|----------|

\*-Corporate & Other is net of intersegment eliminations.

## NOTE 7 - Segment Information (continued)

<sup>(1)</sup> In the second quarter of 2025, the Company recorded a reduction in net investment income due to an immaterial out-of-period correction of an error. See additional disclosure contained in Note 1 of the June 30, 2025 Form 10-Q.

Disaggregated financial information for these segments, as regularly provided to the CODM as of and for the six months ended June 30, 2025, is as follows:

| (\$ in millions)                                            | Property & Casualty | Life & Retirement | Supplemental & Group Benefits | Corporate & Other* | Totals   |

## NOTE 8 - Accumulated Other Comprehensive Income (Loss)

AOCI represents the accumulated change in shareholders' equity from transactions and other events and circumstances from non-shareholder sources. For the Company, AOCI includes the after tax change in net unrealized investment gains (losses) on fixed maturity securities, the after tax change in net reserve remeasurements attributable to discount rates and the after tax change in net funded status of benefit plans for the periods as shown in the Consolidated Statements of Changes in Shareholders' Equity. The following table reconciles these components.

| (\$ in millions)                                           | Net Unrealized Investment Gains (Losses) on Fixed Maturity Securities <sup>(1)</sup> | Net Reserve Remeasurements Attributable to Discount Rates <sup>(1)</sup> | Net Funded Status of Benefit Plans <sup>(1)</sup> | Total <sup>(1)</sup> |
|------------------------------------------------------------|--------------------------------------------------------------------------------------|--------------------------------------------------------------------------|---------------------------------------------------|----------------------|
| Beginning balance, April 1, 2025                           | \$ (314.5)                                                                           | \$ 99.1                                                                  | \$ (7.0)                                          | \$ (222.4)           |

<sup>(1)</sup> All amounts are net of tax.

<sup>(2)</sup> The pretax amounts reclassified from AOCI, \$(4.1) million and \$(3.9) million, are included in Net investment gains (losses) and the related income tax benefits, \$(0.9) million and \$(0.8) million, are included in income tax expense in the Consolidated Statements of Operations for the three and six months ended June 30, 2025, respectively.

<sup>(3)</sup> The pretax amounts reclassified from AOCI, \$(2.2) million and \$(3.2) million, are included in Net investment gains (losses) and the related income tax benefits, \$(0.5) million and \$(0.7) million, are included in income tax expense in the Consolidated Statements of Operations for the three and six months ended June 30, 2024, respectively.

Comparative information for elements that are not required to be reclassified in their entirety to net income (loss) in the same reporting period is disclosed in Note 2.

## NOTE 9 - Supplemental Consolidated Cash and Cash Flow Information

| (\$ in millions)                                                           | June 30, 2025 | December 31, 2024 |
|----------------------------------------------------------------------------|---------------|-------------------|
| Cash                                                                       | \$ 38.7       | \$ 33.1           |
| Restricted cash                                                            | 2.2           | 5.0               |
| Total cash and restricted cash reported in the Consolidated Balance Sheets | \$ 40.9       | \$ 38.1           |

| (\$ in millions) | Six Months Ended June 30, |         |
|------------------|---------------------------|---------|
|                  | 2025                      | 2024    |
| Cash paid for:   |                           |         |
| Interest         | \$ 16.9                   | \$ 16.8 |
| Income taxes     | 21.5                      | 13.3    |

Non-cash activities were not material for the three and six months ended June 30, 2025 and 2024, respectively.

## NOTE 10 - Contingencies and Commitments

### Lawsuits and Legal Proceedings

Companies in the insurance industry have been subject to substantial litigation resulting from claims, disputes and other matters. For instance, they have faced expensive claims, including class action lawsuits, alleging, among other things, improper sales practices and improper claims settlement procedures. Negotiated settlements of certain such actions have had a material adverse effect on many insurance companies. At the time of issuance of this Interim Report on Form 10-Q, except as noted below, the Company does not have pending litigation from which there is a reasonable possibility of material loss.

In 2023, the Horace Mann Insurance Company (HMIC) was named as a defendant in one lawsuit and received various demands for reimbursement and notices of claims related to legacy, long-tail commercial lines claims, including asbestos, environmental, and sexual molestation claims. It is alleged that HMIC reinsured certain commercial lines policies as a member of various insurance pooling arrangements in the late 1960s and early 1970s. The related policies were written prior to the 1975 acquisition of Horace Mann by INA discussed in Part I - Item 1 of the Annual Report on Form 10-K. HMEC's available records indicate that on January 1, 1975, HMIC entered a quota share retrocession treaty with INA. It is the Company's understanding that claims arising under these legacy policies were handled by various third parties pursuant to the terms of that treaty and its subsequent amendments entered into on behalf of HMIC. Ultimately, after amendments to the treaty and various corporate transactions involving the reinsurer, these obligations were assumed by companies that were affiliated with R&Q Reinsurance Company (R&Q).

The matters noted above arose following the March 23, 2023, Order of Liquidation in Pennsylvania of R&Q. HMIC is defending itself against the pending litigation and is in the process of investigating and evaluating the other demands and claims notices under a complete reservation of rights. In addition, in order to preserve its rights, HMIC submitted a proof of claim in the pending R&Q liquidation proceeding.

In the fourth quarter of 2024, the Company recorded \$15.7 million, after-tax of costs related to these non-core legacy commercial liability policies in the Corporate & Other Segment. As noted above, these policies were issued as early as the 1960s and prior to the current ownership structure of the Company.

### Investment Commitments

The Company has outstanding commitments to fund investments primarily in limited partnership interests. Such unfunded commitments were \$423.0 million and \$449.9 million as of June 30, 2025 and December 31, 2024, respectively.

### Introduction

The purpose of this MD&A is to provide an understanding of our consolidated results of operations and financial condition. This MD&A should be read in conjunction with the Consolidated Financial Statements and Notes thereto contained in Part I - Item 1 of this Quarterly Report on Form 10-Q.

Measures within this MD&A that are not based on accounting principles generally accepted in the United States of America (non-GAAP) are marked with an asterisk (\*) the first time they are presented within this Part I - Item 2. An explanation of these measures is contained in the Glossary of Selected Terms included as Exhibit 99.1 to this Quarterly Report on Form 10-Q and are reconciled to the most directly comparable measures prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) in the Appendix to the Company's Second Quarter 2025 Investor Supplement.

Increases or decreases in this MD&A that are not meaningful are marked "N.M.".

Statements made in this Quarterly Report on Form 10-Q that are not historical in nature are forward-looking within the meaning of the Private Securities Litigation Reform Act of 1995 and are subject to known and unknown risks, uncertainties and other factors. Horace Mann Educators Corporation (referred to in this Quarterly Report on Form 10-Q as "we", "our", "us", the "Company", "Horace Mann" or "HMEC") is an insurance holding company. We are not under any obligation to (and expressly disclaim any such obligation to) update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. It is important to note that our actual results could differ materially from those projected in forward-looking statements due to a number of risks and uncertainties inherent in our business. Also, see Part I - Items 1 and 1A in our Annual Report on Form 10-K for the year ended December 31, 2024 for additional information regarding risks and uncertainties.

### Corporate Strategy

Our vision is to be the company of choice to provide insurance and financial solutions for all educators and others who serve their communities, whether they engage with Horace Mann directly or through their district/ employer. We believe the unique value of Horace Mann is providing solutions tailored for educators at each stage of their lives, empowering them to achieve lifelong financial success. Our motivation stems from our gratitude for educators: They are looking after our children's futures, and we believe they deserve someone to

look after theirs. Our commitment to having a positive impact on our customers' lives extends to all our corporate stakeholders, including employees, agents, investors and the communities where we live and work.

We conduct and manage our business in four reporting segments. The three reporting segments representing our major lines of business, are: (1) Property & Casualty (primarily personal lines of auto and property insurance products), (2) Life & Retirement (primarily tax-qualified fixed and variable annuities as well as life insurance products), and (3) Supplemental & Group Benefits (primarily cancer, heart, hospital, supplemental disability, accident, short-term and long-term group disability, and group term life coverages). We do not allocate the impact of corporate-level transactions to these reporting segments, consistent with the basis for management's evaluation of the results of those segments, but classify those items in the fourth reporting segment, Corporate & Other. In addition to ongoing transactions such as corporate debt service, net investment gains (losses) and certain public company expenses, such items also have included corporate debt retirement costs, when applicable. See Part I - Item 1, Note 7 of the Consolidated Financial Statements in this Quarterly Report on Form 10-Q for more information.

## Consolidated Financial Highlights

| Book value per share                             |                                |          |          | \$ 33.31                     | \$ 29.60 | 12.5%    |
| Net income return on equity - last twelve months | 10.8 %                         | 7.1 %    | 3.7 pts  | 10.8%                        | 7.1%     | 3.7 pts  |
| Net income return on equity - annualized         | 8.7 %                          | 1.3 %    | 7.4 pts  | 10.2%                        | 5.1%     | 5.1 pts  |

For the three and six months ended June 30, 2025, net income increased \$25.6 million and \$37.3 million, respectively, primarily due to improved Property & Casualty segment results reflecting the effect of rate and non-rate underwriting actions as well as the impact of lower catastrophe losses.

## Consolidated Results of Operations

| Net income                               | \$ 29.4                        | \$ 3.8   | 673.7%                | \$ 67.6                      | \$ 30.3  | 123.1%                |

<sup>(1)</sup> In the second quarter of 2025, the Company recorded a reduction in net investment income due to an immaterial out-of-period correction of an error. See additional disclosure contained in Note 1 of the June 30, 2025 Form 10-Q.

### Net Premiums and Contract Charges Earned

For the three and six months ended June 30, 2025, net premiums and contract charges earned increased \$21.7 million and \$44.8 million, as the Property & Casualty segment continues to implement rate and inflation adjustments to coverage values.

### Net Investment Income

For the three and six months ended June 30, 2025, total net investment income increased \$2.4 million and \$12.9 million. The increase for the quarter is primarily due to continued strong returns from our fixed income portfolio and higher returns from our commercial mortgage loan and limited partnership funds. Excluding the reduction in net investment income due to an immaterial out-of-period correction of an error of \$10.2 million, net investment income increased \$12.6 million and \$23.1 million for the three and six months ended June 30, 2025. The annualized investment yield on the portfolio excluding limited partnership interests\* was as follows:

|                                                                                               | Three Months Ended<br>June 30, |      | Six Months Ended<br>June 30, |      |
|-----------------------------------------------------------------------------------------------|--------------------------------|------|------------------------------|------|
|                                                                                               | 2025                           | 2024 | 2025                         | 2024 |
| Investment yield, excluding limited partnership interests, pretax - annualized <sup>(1)</sup> | 4.3%                           | 4.3% | 4.5%                         | 4.4% |
| Investment yield, excluding limited partnership interests, after tax - annualized*            | 3.5%                           | 3.5% | 3.6%                         | 3.5% |

<sup>(1)</sup> In the second quarter of 2025, the Company recorded a reduction in net investment income due to an immaterial out-of-period correction of an error. See additional disclosure contained in Note 1 of the June 30, 2025 Form 10-Q.

The higher investment yields, excluding limited partnership interests, for the six months ended June 30, 2025 reflected stronger income from the fixed income portfolios.

During the three and six months ended June 30, 2025, we continued to identify and purchase investments with attractive risk-adjusted yields relative to market conditions without venturing into asset classes or individual

securities that would be inconsistent with our overall investment guidelines for the core portfolio. We continue to fund at levels that allow us to maintain our targeted allocation to commercial mortgage loan funds and limited partnership interests while maintaining balance between principal protection and risk.

#### *Net Investment Gains (Losses)*

For the three and six months ended June 30, 2025, total net investment losses were comparable to prior year and increased by \$5.5 million, respectively. The breakdown of net investment gains (losses) by transaction type were as follows:

| (\$ in millions)                                                              | Three Months Ended<br>June 30, |                 | Six Months Ended<br>June 30, |                 |
|-------------------------------------------------------------------------------|--------------------------------|-----------------|------------------------------|-----------------|
|                                                                               | 2025                           | 2024            | 2025                         | 2024            |
| Credit loss and intent-to-sell impairments                                    | \$ (3.1)                       | \$ 0.9          | \$ (3.1)                     | \$ —            |
| Sales and other, net                                                          | 2.0                            | (3.2)           | 4.1                          | (3.3)           |
| Change in fair value - equity securities                                      | (0.7)                          | (2.1)           | (1.9)                        | 0.5             |
| Change in fair value and gains (losses) realized on settlements - derivatives | (4.1)                          | (1.5)           | (8.3)                        | (0.9)           |
| Net investment gains (losses)                                                 | <u>\$ (5.9)</u>                | <u>\$ (5.9)</u> | <u>\$ (9.2)</u>              | <u>\$ (3.7)</u> |

From time to time, we may sell fixed maturity securities subsequent to the reporting date that were considered temporarily impaired at such reporting date. Such sales are due to issuer-specific events occurring subsequent to the reporting date that result in a change in our intent to sell a fixed maturity security.

#### *Other Income*

For the three and six months ended June 30, 2025, other income decreased \$0.5 million and increased \$1.8 million, respectively.

#### *Benefits, Claims and Settlement Expenses*

Benefits, claims and settlement expenses decreased \$23.8 million for the three months ended June 30, 2025 due to lower catastrophe losses and underlying losses in the Property & Casualty segment as well as lower life mortality. Benefits, claims and settlement expenses decreased \$16.9 million for the six months ended June 30, 2025 due to lower catastrophe losses and underlying losses in the Property & Casualty segment which were partially offset by higher benefits for long term disability in Group.

#### *Interest Credited*

For the three and six months ended June 30, 2025, interest credited decreased \$1.1 million and \$1.2 million.

Under the deposit method of accounting, the interest credited on the reinsured annuity block continues to be reported. The average deferred annuity credited rate, excluding the reinsured annuity block, was 3.3% and 3.1% as of June 30, 2025 and June 30, 2024, respectively.

#### *Operating Expenses*

For the three and six months ended June 30, 2025, operating expenses increased 16.7% and 12.1%, reflecting inflation, investments being made in growth initiatives and infrastructure, and increased compensation accruals driven by better than expected results.

#### *Deferred Policy Acquisition Costs (DAC) Amortization Expense*

For the three and six months ended June 30, 2025, DAC amortization expense increased \$2.9 million and \$5.5 million, primarily due to premium increases in the Property & Casualty segment driving higher commission and underwriting expenses which increase DAC asset levels.

#### *Intangible Asset Amortization Expense*

For the three and six months ended June 30, 2025, intangible asset amortization expense decreased \$0.1 million and \$0.1 million.

### *Interest Expense*

For the three and six months ended June 30, 2025, interest expense decreased \$0.1 million and increased \$0.1 million, respectively.

### *Income Tax Expense*

The effective income tax rate on our pretax income, including net investment gains (losses), was 19.5% and 19.4% for the six months ended June 30, 2025 and 2024, respectively. Income from investments in tax-advantaged securities decreased the effective income tax rates by 2.4 and 3.1 percentage points for the six months ended June 30, 2025 and 2024, respectively.

We record liabilities for uncertain tax filing positions where it is more likely than not that the position will not be sustainable upon audit by taxing authorities. These liabilities are reevaluated routinely and are adjusted appropriately based on changes in facts or law. We have no unrecorded liabilities from uncertain tax filing positions.

As of June 30, 2025, our federal income tax returns for years prior to 2021 are no longer subject to examination by the Internal Revenue Service. We do not anticipate any assessments for tax years that remain subject to examination to have a material effect on our financial position or results of operations.

On July 4, 2025, the One Big Beautiful Bill Act was signed into U.S. law, introducing a broad range of business tax reform provisions. The Company has evaluated the law's provisions on our operations and we do not expect the legislation to have a material impact on our financial statements or effective tax rate. Because the law was enacted after the close of the second quarter, no impacts for this legislation are reflected in results for the six months ended June 30, 2025.

## **Outlook for 2025**

The following discussion provides outlook information for our results of operations and capital position.

### **Consolidated Results**

At the time of issuance of this Quarterly Report on Form 10-Q, we estimate that 2025 full year core earnings\* will be within a range of \$4.15 to \$4.45 per diluted share, generating a core return on equity\* of 10%+. These results anticipate the following:

- Property & Casualty segment target profitability of Auto in the mid-90s Combined Ratio and Property at a 90 or below Combined ratio with ~\$90 million of catastrophe losses, in line with five-year historical averages
- Life & Retirement segment long-term target net interest spread between 220 and 230 bps and mortality in line with actuarial assumptions
- Supplemental & Group Benefits segment target blended benefit ratio of 39%
- Net investment income between \$470 million and \$480 million pre-tax, or \$370-\$380 million excluding the accreted investment income on the deposit asset on reinsurance in the Life & Retirement segment
- Approximately \$35 million to \$40 million in corporate Interest expense and other items included in results for the Corporate & Other segment

As described in Application of Critical Accounting Estimates, certain of our significant accounting measurements require the use of estimates and assumptions. As additional information becomes available, adjustments may be required. Those adjustments are charged or credited to net income for the period in which the adjustments are made and may impact actual results compared to our estimates above. Additionally, see forward-looking information in this Quarterly Report on Form 10-Q as well as Part I - Items 1 and 1A in our Annual Report on Form 10-K for the year ended December 31, 2024 concerning other important factors that could impact actual results. Our projections do not include a forecast of net investment gains (losses), which can vary substantially from one period to another and may have a significant impact on net income.

## Application of Critical Accounting Estimates

The preparation of consolidated financial statements in conformity with GAAP requires us to make estimates and assumptions based on information available at the time the consolidated financial statements are prepared. These estimates and assumptions affect the reported amounts of our consolidated assets, liabilities, shareholders' equity and net income. Certain accounting estimates are particularly sensitive because of their significance to our consolidated financial statements and because of the possibility that subsequent events and available information may differ markedly from management's judgments at the time the consolidated financial statements were prepared. We have discussed with the Audit Committee the quality, not just the acceptability, of our accounting principles as applied in our financial reporting. The discussions generally included such matters as the consistency of our accounting policies and their application, and the clarity and completeness of our consolidated financial statements, which include related disclosures.

Information regarding our accounting policies pertaining to these topics is located in the Notes to the Consolidated Financial Statements contained in Part II - Item 8 of our Annual Report on Form 10-K for the year ended December 31, 2024. In addition, discussion of accounting policies, including certain sensitivity information, was presented in Management's Discussion and Analysis of Financial Condition and Results of Operations - Application of Critical Accounting Estimates in that Form 10-K within which we identified the following accounting estimates as critical in that they involve a higher degree of judgment and are subject to a significant degree of variability:

- Valuation of hard-to-value fixed maturity securities
- Evaluation of credit loss impairments for fixed maturity securities
- Valuation of future policy benefit reserves
- Valuation of liabilities for property and casualty unpaid claims and claim expense reserves

Compared to December 31, 2024, as of June 30, 2025, there were no material changes to accounting policies for areas most subject to significant management judgments identified above.

## Results of Operations by Segment

Consolidated financial results reflect the results of the Property & Casualty, Life & Retirement, and Supplemental & Group Benefits reporting segments, as well as the Corporate & Other reporting segment. These segments are defined based on financial information management uses to evaluate performance and to determine the allocation of resources. The following sections provide analysis and discussion of the results of operations for each of the reporting segments as well as investment results.

### Property & Casualty

The Property & Casualty segment primarily markets private passenger auto insurance and residential home insurance. Horace Mann offers standard auto coverages, including liability, collision and comprehensive. Property coverage includes both homeowners and renters policies. For both auto and property coverage, Horace Mann offers educators a discounted rate and the Educator Advantage® package of features. The Property & Casualty segment represented 51% of total revenues in 2024.

*(All comparisons vs. same periods in 2024, unless noted otherwise)*

For the three and six months ended June 30, 2025, net income reflected the following factors:

- Increases in average written premium per policy
- Lower underlying loss ratio\*
- Catastrophe losses lower than prior year by 7.8 points and 4.4 points for the three and six months, respectively
- Higher net investment income driven by limited partnership portfolio

The following table provides certain financial information for Property & Casualty for the periods indicated.

| (\$ in millions, unless otherwise indicated)           | Three Months Ended June 30, |          | 2025-2024 | Six Months Ended June 30, |          | 2025-2024 |

<sup>(1)</sup> (Favorable) unfavorable.

The Property & Casualty segment three and six month net income of \$16.5 million and \$43.3 million, as well as the three month and six month combined ratio of 97.0% and 93.3%, respectively, reflected the positive effect of rate and non-rate actions as well as catastrophe losses below prior year and recent prior periods.

The current quarter reflects an increase in net premiums written\* of 6.1%, with average written premiums\* rising for both property and auto. Sales\* were steady for the quarter, up 5.5% from the prior year, and household retention remains in line with expectations.

The three and six month loss ratios decreased 16.2 and 13.5 points from last year reflecting higher average premiums and catastrophe losses that were below recent prior periods. In addition, \$5.5 million and \$10.8 million of net favorable prior years' reserve development for the three and six months reduced the loss ratio 2.8 points for both comparisons. Catastrophe losses for the quarter were \$29.7 million, pretax, contributing 15.0 points to the combined ratio. In total, there were 20 events designated as catastrophes by Property Claims Services (PCS) in this year's second quarter. The lower catastrophe losses are driven by lower frequency and severity of policyholder claims. In the second quarter of 2024, catastrophe losses were \$40.9 million, pretax, contributing 22.8 points to the combined ratio, from 28 PCS events.

The year-over-year increase in average written premiums\* for auto policies remained elevated in the second quarter at 8.8%, with retention declining slightly, and in line with expectations, given substantial rate increases. The second-quarter auto underlying loss ratio\* was 68.7%, improving 5.5 points from the prior year quarter, reflecting the benefit of higher average earned premium. The second quarter reported loss ratio benefited 1.2 points from favorable prior years' reserve development.

The year-over-year increase in average written premiums\* for property policies was 11.6% in the second quarter, as rate increases and inflation adjustments to coverage values continue to take effect. Policyholder retention remains strong. The second-quarter property underlying loss ratio\* was 36.8%, a 14.1 point decrease from prior year reflecting the increase in average earned premium\* and lower frequency and severity.

Life & Retirement

The Life & Retirement segment markets 403(b) tax-qualified fixed, fixed indexed and variable annuities; the Horace Mann Retirement Advantage® open architecture platform for 403(b)(7) and other defined contribution plans; and other retirement products to educators as well as traditional term and whole life insurance products. Horace Mann is one of the largest participants in the K-12 educator portion of the 403(b) tax-qualified annuity market, measured by 403(b) net premiums written on a statutory accounting basis. The Life & Retirement segment represented 32% of total revenues in 2024.

(All comparisons vs. same periods in 2024, unless noted otherwise)

For the three and six months ended June 30, 2025, net income reflected the following factors:

- Benefits expense in Life decreased due to lower mortality in the current year
- Annualized quarterly net interest spread on fixed annuities up 30 basis points
- Higher net investment income from limited partnerships and commercial mortgage loan funds

The following table provides certain information for Life & Retirement for the periods indicated.

<sup>(1)</sup> In the second quarter of 2025, the Company recorded a reduction in net investment income due to an immaterial out-of-period correction of an error. See additional disclosure contained in Note 1 of the June 30, 2025 Form 10-Q.

Life & Retirement segment net income for the three and six months ended June 30, 2025, of \$20.0 million and \$26.8 million was up 62.6% and 11.7%, primarily due to favorable benefits in the Life segment and higher net investment income. Life benefits reflected lower mortality costs in the current quarter compared to the prior year. On a year-to-date basis, mortality costs remain within our expected actuarial range. The net spread increase reflects lower borrowing costs and increased advances from our FHLB funding agreements compared with 2024. Excluding the reduction in net investment income due to an immaterial out-of-period correction of an error of \$6.7 million (\$5.3 million after tax), net investment income increased \$8.2 million and \$11.5 million for the three and six months ended June 30, 2025.

For the Retirement business, net annuity contract deposits were up 7.8% for the quarter at \$110.2 million. Educators continue to begin their relationship with Horace Mann through 403(b) retirement savings products, which provide encouraging cross-sell opportunities. Average persistency rose from the prior period to 91.7%.

Horace Mann currently has \$5.7 billion in annuity assets under management, including \$2.2 billion of fixed annuities, \$3.1 billion of variable annuities and \$0.4 billion of fixed indexed annuities. Assets under administration, which includes Horace Mann Retirement Advantage® and other advisory and recordkeeping assets, were up due to the effect of equity market performance on assets.

Life annualized sales\* were \$2.5 million for the quarter. Persistency remains strong. Life insurance in force rose to \$21.2 billion at quarter-end.

We actively manage our interest rate risk exposure, considering a variety of factors, including earned interest rates, credited interest rates and the relationship between the expected durations of assets and liabilities. We

estimate that over the next 12 months approximately \$501.3 million of the Life & Retirement investment portfolio and related investable cash flows will be reinvested at current market rates.

As a general guideline, based on our existing policies and investment portfolio, the impact from a 100 basis point decline in the average reinvestment rate would reduce Life & Retirement net investment income by approximately \$2.4 million in year one and \$4.7 million in year two, reducing the annualized net interest spread on fixed annuities by approximately 9 basis points and 17 basis points in the respective periods, compared to the current period annualized net interest spread on fixed annuities. We could also consider potential changes in rates credited to policyholders, tempered by any restrictions on the ability to adjust policyholder rates due to guaranteed minimum crediting rates.

Supplemental & Group Benefits

The Supplemental & Group Benefits segment markets group solutions for districts and other public employers, as well as individual supplemental products typically distributed through the employer channel. The Supplemental & Group Benefits segment provides group term life, disability and specialty health insurance, along with supplemental products including cancer, heart, hospital, supplemental disability and accident coverages. The Supplemental & Group Benefits segment represented 18% of total revenues in 2024.

(All comparisons vs. same periods in 2024, unless noted otherwise)

For the three and six months ended June 30, 2025, net income reflected the following factors:

- Lower net investment income related to fixed income portfolio
- Lower benefits ratio for group benefits for the quarter and higher benefits ratio for the year
- Higher operating expenses due to investment in growth

The following table provides certain information for Supplemental & Group Benefits for the periods indicated.

<sup>(1)</sup> In the second quarter of 2025, the Company recorded a reduction in net investment income due to an immaterial out-of-period correction of an error. See additional disclosure contained in Note 1 of the June 30, 2025 Form 10-Q.

Supplemental & Group Benefits segment net income for the three and six months ended June 30, 2025, of \$7.9 million and \$19.1 million, was down \$6.2 million and \$6.0 million. The individual supplemental benefits ratio decreased 0.3 points. The group benefits benefit ratio decreased 3.5 points due to favorable policy utilization during the quarter. Operating expense increase reflects inflation and investments being made in growth initiatives and infrastructure.

Excluding the reduction in net investment income due to an immaterial out-of-period correction of an error of \$3.5 million (\$2.8 million after tax), net investment income increased \$0.1 million and \$1.7 million for the three and six months ended June 30, 2025.

Total sales\* for the three and six months ended June 30, 2025 increased \$0.4 million with individual supplemental product sales increasing \$1.7 million and group benefits products decreasing \$1.3 million. Individual supplemental sales increased 42.5% due to strong customer demand. Variability in sales between comparable periods is typical for Group Benefits given the relatively small scale and the longer sales cycle of this business. Persistency remains strong for the segment.

| Net loss                                 | (15.0)                         | (14.0) | -7.1%    | (21.6)    | (20.8)                       | -3.8%    |           |

For the three and six months ended June 30, 2025, the net results decreased \$1.0 million and \$0.8 million, primarily due to lower net investment income in the quarter and higher net investment losses and operating expenses offset by higher net investment income included in revenues for the year.

## Investment Results

(All comparisons vs. same periods in 2024, unless noted otherwise)

Our investment strategy is primarily focused on generating income to support product liabilities, and balances principal protection and risk. Total net investment income includes net investment income from our managed investment portfolio as well as accreted investment income from the deposit asset on reinsurance related to the company's reinsurance of policy liabilities related to legacy individual annuities written in 2002 or earlier.

| Pretax net unrealized investment losses on fixed maturity securities |                                |         |                       | (394.1)                      | (471.1)  | N.M.                  |

<sup>(1)</sup> In the second quarter of 2025, the Company recorded a reduction in net investment income due to an immaterial out-of-period correction of an error. See additional disclosure contained in Note 1 of the June 30, 2025 Form 10-Q.

For the three and six months ended June 30, 2025, net investment income from our managed investment portfolio increased \$3.0 million and \$14.6 million. The increase was primarily driven by higher returns in limited partnerships, including commercial mortgage loan funds. The investment yield on the portfolio excluding limited partnership interests was 4.5%, with new money yields continuing to exceed portfolio yields in the core fixed maturity securities portfolio.

For the three and six months ended June 30, 2025, pretax net investment losses increased \$0.0 million and \$5.5 million. The increase was due to realized losses on dispositions of invested assets.

Pretax net unrealized investment losses on fixed maturity securities as of June 30, 2025 were down \$77.0 million, or 30.6%, compared to December 31, 2024, primarily due to a decrease of 10 basis points in US Treasury rates and investment-grade credit spreads that were tighter by 10 basis points.

### *Fixed Maturity and Equity Securities Portfolios*

The table below presents our fixed maturity and equity securities portfolios by major asset class, including the 10 largest sectors of our corporate bond holdings (based on fair value).

<sup>(1)</sup> The All other corporates category contains 20 additional industry sectors. Telecommunications, Food and Beverage, Retail, Broadcasting & Media, and Metal & Mining represented \$189.6 million of fair value at June 30, 2025, with the remaining 15 sectors each representing less than \$33.9 million.

<sup>(2)</sup> At June 30, 2025, 100% were investment grade, with an overall credit rating of AA+, and the positions were well diversified by property type, geography and sponsor.

<sup>(3)</sup> Holdings are geographically diversified, 39.8% are tax-exempt and 77.3% are revenue bonds tied to essential services, such as mass transit, water and sewer. The overall credit quality of the municipal bond portfolio was AA- at June 30, 2025.

<sup>(4)</sup> Based on fair value, 99.8% of the collateralized loan obligation securities were rated investment grade based on ratings assigned by a nationally recognized statistical ratings organization (NRSO- S&P, Moody's, Fitch, Dominion, A.M. Best, Morningstar, Egan Jones and Kroll).

As of June 30, 2025, our diversified fixed maturity securities portfolio consisted of 3,942 investment positions, issued by 2,588 entities, and totaled approximately \$5.5 billion in fair value. This portfolio was 97.2% investment grade, based on fair value, with an average quality rating of AA-. Our investment guidelines target single

corporate issuer concentrations to 0.5% of invested assets for AAA or AA rated securities, 0.35% of invested assets for A or BBB rated securities, and \$5.0 million for non-investment grade securities.

*Rating of Fixed Maturity Securities and Equity Securities<sup>(1)</sup>*

The following table presents the composition and fair value of our fixed maturity and equity securities portfolios by rating category. As of June 30, 2025, 94.7% of these combined portfolios were investment grade, based on fair value, with an overall average quality rating of A+. We have classified the entire fixed maturity securities portfolio as available for sale, which is carried at fair value.

| (\$ in millions)                 | Percent of Portfolio<br>Fair Value |               | June 30, 2025 |                        |

<sup>(1)</sup> Ratings are assigned by an NRSRO when available. If no rating is available from an NRSRO, then an internally developed rating is used. Ratings for publicly traded securities are determined when the securities are acquired and are updated monthly to reflect any changes in ratings.

<sup>(2)</sup> At June 30, 2025, the AA rated fair value amount included \$362.4 million of U.S. Government and federally sponsored agency securities and \$602.8 million of mortgage-backed and other asset-backed securities issued by U.S. Government and federally sponsored agencies.

<sup>(3)</sup> This category primarily represents private placement and municipal securities not rated by a NRSRO.

As of June 30, 2025, the fixed maturity securities portfolio had \$454.5 million of pretax gross unrealized investment losses on \$3,335.6 million of fair value related to 2,294 positions. Of the investment positions with gross unrealized losses, there were 428 trading below 80.0% of the carrying value as of June 30, 2025. The Company views the decrease in fair value of all of the fixed maturity securities with unrealized losses as of June 30, 2025 as due to factors other than a credit loss. Future changes in circumstances related to these and other securities could require subsequent recognition of impairment. See Part II - Item 8, Note 2 of the Consolidated Financial Statements in this Quarterly Report on Form 10-Q for more information.

Unrealized investment losses declined primarily due to a decrease in US Treasury rates. As of June 30, 2025, the 10-year U.S. Treasury yield decreased 34 basis points since December 31, 2024, declining from 4.57% as of December 31, 2024 to 4.23% as of June 30, 2025. Credit spreads were only slightly wider during the same time period, with investment grade and high yield both wider by 3 basis points. As of June 30, 2025, investment grade and high yield total returns were up 4.17% and 4.57%, respectively, since December 31, 2024.

## Liquidity and Capital Resources

Our liquidity and access to capital were not materially impacted by inflation or changes in interest rates during the three and six months ended June 30, 2025. For further discussion regarding the potential future impacts of inflation and changes in interest rates, see Part I – Item 1A - Risk Factors and Part II – Item 7 – Management’s Discussion and Analysis of Financial Condition and Results of Operations - Effects of Inflation and Changes in Interest Rates presented in our Annual Report on Form 10-K for the year ended December 31, 2023.

### Investments

Information regarding our investment portfolio, which is comprised primarily of investment grade fixed maturity securities, is presented in Part I - Item 1, Note 2 of the Consolidated Financial Statements as well as Part I - Item 2 - Investment Results in this Quarterly Report on Form 10-Q.

### Cash Flow

Our short-term liquidity requirements, within a 12 month operating cycle, are for the timely payment of claims and benefits to policyholders, operating expenses, interest payments and federal income taxes. Cash flow generated from operations has been, and is expected to be, adequate to meet our operating cash needs in the next 12 months. Cash flow in excess of operational needs has been used to fund business growth, pay dividends to shareholders and repurchase shares of our common stock. Long-term liquidity requirements, beyond one year, are principally for the payment of future insurance and annuity policy claims and benefits, as well as retirement of debt. The following table summarizes our consolidated cash flows activity for the periods indicated.

| (\$ in millions)                          | Six Months Ended<br>June 30, |          | 2025-2024 |

#### Operating Activities

As a holding company, we conduct our principal operations in the personal lines segment of the property and casualty, life, retirement, supplemental and group insurance industries through our subsidiaries. Our insurance subsidiaries generate cash flow from premium and investment income, generally well in excess of their immediate needs for policy obligations, operating expenses and other cash requirements. Fluctuations in net cash provided by operating activities primarily reflect seasonality in timing of premium and investment income collections and claims and benefits payments.

For the six months ended June 30, 2025, net cash provided by operating activities increased \$157.4 million.

#### Investing Activities

Net cash used in investing activities for the six months ended June 30, 2025 and 2024 was \$(72.0) million and \$(87.2) million, respectively.

Investing cash inflows consist primarily of proceeds from the sales and maturities of investments. Investing cash outflows consist primarily of payments for purchases of investments. Our investment strategy is to appropriately match the cash flows and durations of our assets with the cash flows and durations of our liabilities to meet the funding requirements of our business and, generally, the expected principal and interest payments produced by our fixed maturity securities portfolio adequately fund the estimated runoff of our insurance reserves. When market opportunities arise, we may sell selected securities and reinvest the proceeds to improve the yield and credit quality of our portfolio. We may at times also sell selected securities and reinvest the proceeds to improve the duration matching of our assets and liabilities and/or rebalance our portfolio. As a result, sales before maturity may vary from period to period. The sale and purchase of short-term investments is influenced by

proceeds received from FHLB funding advances, issuance of debt, our reverse repurchase agreement program, and by the amount of cash which is at times held in short-term investments to facilitate the availability of cash to fund the purchase of appropriate long-term investments, repay maturing debt, and/or to respond to catastrophes.

### *Financing Activities*

Financing activities include primarily payment of dividends, receipt and withdrawal of funds by annuity contractholders, changes in the deposit asset on reinsurance, repurchases of our common stock, fluctuations in book overdraft balances, and borrowings, repayments and repurchases related to debt facilities.

For the six months ended June 30, 2025, net cash used in financing activities increased \$154.7 million compared to the prior year period. The change was primarily due to a \$57.0 million increase in net cash outflow from reverse repurchase agreements, a \$39.9 million increase in cash outflows from the deposit asset on reinsurance, a \$39.8 million increase in cash outflows from benefits, withdrawals and net transfers to Separate Account variable annuity assets and a \$15.0 million net increase in net cash outflows (advances less repayments) from FHLB funding agreements.

The following table shows activity from FHLB funding agreements for the periods indicated.

| (\$ in millions)                                | Six Months Ended<br>June 30, |                 | 2025-2024      | 2025-2024   |

We actively manage our financial position and liquidity levels in light of changing market, economic and business conditions. Liquidity is managed at both the entity and enterprise level across HMEC and is assessed on both base and stressed level liquidity needs. We believe we have sufficient liquidity to meet these needs. Additionally, we have existing intercompany agreements in place that facilitate liquidity management across HMEC to enhance flexibility.

As of June 30, 2025, we held \$1.0 billion of cash, U.S. government and agency fixed maturity securities and public equity securities (excluding non-redeemable preferred stocks and foreign equity securities) which, under normal market conditions, could be rapidly liquidated.

Certain remote events and circumstances could constrain our liquidity. Those events and circumstances include, for example, a catastrophe resulting in extraordinary losses, a downgrade of our Senior Notes rating to non-investment grade status or a downgrade in our insurance subsidiaries' financial strength ratings. The rating agencies also consider the interdependence of our individually rated entities; therefore, a rating change in one entity could potentially affect the ratings of other related entities.

## Capital Resources

We have determined the amount of capital that is needed to adequately fund and support business growth, primarily based on risk-based capital formulas, including those developed by the National Association of Insurance Commissioners. Historically, our insurance subsidiaries have generated capital in excess of such needed levels. These excess amounts have been paid to us through dividends. We have then utilized these dividends and our access to the capital markets to fund growth initiatives, service and retire debt, pay dividends to our shareholders, repurchase shares of our common stock and for other corporate purposes. If necessary, we also have other potential sources of liquidity that could provide for additional funding to meet corporate obligations or pay shareholder dividends, including a revolving line of credit, reverse repurchase agreements program, as well as issuances of various securities.

The insurance subsidiaries are subject to various regulatory restrictions that limit the amount of annual dividends or other distributions, including loans or cash advances, available to us without prior approval of the insurance regulatory authorities. The aggregate amount of dividends that may be paid in 2025 from all of our insurance subsidiaries without prior regulatory approval is \$148.8 million, excluding the impact and timing of prior dividends, of which \$39.0 million was paid during the six months ended June 30, 2025. We anticipate that our sources of capital will continue to generate sufficient capital to meet the needs for business growth, debt interest payments, shareholder dividends and our share repurchase programs. Additional information is contained in Part II - Item 8, Note 13 of the Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended December 31, 2024.

Total capital was \$1,907.8 million as of June 30, 2025, including \$547.5 million of long-term debt. Total debt represented 28.7% of total capital including net unrealized investment losses on fixed maturity securities (25.9% excluding net unrealized investment losses on fixed maturity securities and net reserve remeasurements attributable to discount rates\*) as of June 30, 2025, which was slightly above our long-term target of 25.0% for our debt to capital ratio excluding net unrealized investment gains (losses) and net reserve remeasurements attributable to discount rate.

Shareholders' equity was \$1,360.3 million as of June 30, 2025, including net unrealized investment losses on fixed maturity securities of \$309.9 million after taxes. The market value of our common stock and the market value per share were \$1,754.6 million and \$42.97, respectively, as of June 30, 2025. Book value per share and adjusted book value per share\* was \$33.31 and \$38.46, respectively, as of June 30, 2025.

Additional information regarding net unrealized investment gains (losses) on fixed maturity securities as of June 30, 2025 is included in Part I - Item 1, Note 2 of the Consolidated Financial Statements as well as in Part I - Item 2 - Investment Results in this Quarterly Report on Form 10-Q.

Total dividends paid to shareholders was \$28.6 million for the six months ended June 30, 2025. In March and June of 2025, the Board of Directors (Board) approved regular quarterly dividends of \$0.35 per share.

For the six months ended June 30, 2025, we repurchased 178,732 shares of our common stock at an average price per share of \$40.14 under our share repurchase program. See Part II - Item 8, Note 12 of the Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended December 31, 2024 for more information. As of June 30, 2025, \$69.2 million remained authorized for future share repurchases under the share repurchase program.

The following table summarizes our debt obligations.

| (\$ in millions)                                                                                                                                                 | Interest Rates | Final Maturity | June 30, 2025   | December 31, 2024 |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|----------------|-----------------|-------------------|
| Short-term debt                                                                                                                                                  |                |                |                 |                   |

| <b>Total</b>                                                                                                                                                     |                |                | <b>\$ 547.5</b> | <b>\$ 547.0</b>   |

<sup>(1)</sup> We designate debt obligations as "long-term" based on maturity date at issuance.

On September 15, 2023, we issued \$300.0 million aggregate principal amount of 7.25% senior notes (2023 Senior Notes), which will mature on September 15, 2028, issued at a discount resulting in an effective yield of 7.29%. Interest on the 2023 Senior Notes is payable semi-annually at a rate of 7.25%. The 2023 Senior Notes are redeemable in whole or in part, at any time, at our option, at a redemption price equal to the greater of (1) 100% of the principal amount of the notes being redeemed or (2) the sum of the present values of the remaining scheduled payments of principal and interest thereon discounted, on a semi-annual basis, at the Treasury yield (as defined in the indenture) plus 45 basis points, plus, in either of the above cases, accrued interest to the date of redemption. The 2023 Senior Notes are traded in the open market (HMN 7.25).

As of June 30, 2025, we had \$325.0 million available on the Revolving Credit Facility, with an interest rate based on Term SOFR plus 115 basis points plus the applicable benchmark adjustment spread. The Revolving Credit Facility expires on May 19, 2030. The unused portion of the Revolving Credit Facility is subject to a variable commitment fee, which was 0.15% on an annual basis as of June 30, 2025.

As of June 30, 2025, we had outstanding \$250.0 million aggregate principal amount of 4.50% senior notes (2015 Senior Notes), which will mature on December 1, 2025, issued at a discount resulting in an effective yield of 4.53%. Interest on the 2015 Senior Notes is payable semi-annually at a rate of 4.50%. Detailed information regarding the redemption terms of the 2015 Senior Notes is contained in the Part II - Item 8, Note 10 of the Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended December 31, 2024. The 2015 Senior Notes are traded in the open market (HMN 4.50).

As of June 30, 2025, we had no borrowings outstanding with FHLB. The Board has authorized a maximum amount equal to 15% of net aggregate admitted assets less separate account assets of the insurance subsidiaries for FHLB borrowing and funding agreements which is below our maximum FHLB borrowing capacity.

We had no obligation for securities sold under reverse repurchase agreements at June 30, 2025 compared to \$12.0 million as of December 31, 2024.

To provide additional capital management flexibility, we filed a "universal shelf" registration statement on Form S-3 with the Securities and Exchange Commission (SEC) on March 8, 2024. The registration statement, which registered the offer and sale from time to time of an indeterminate amount of various securities, which may include debt securities, common stock, preferred stock, depository shares, warrants, delayed delivery contracts and/or units that include any of these securities, was automatically effective on March 8, 2024. Unless withdrawn by us earlier, this registration statement will remain effective through March 8, 2027. No securities associated with the registration statement have been issued at the time of issuance of this Quarterly Report on Form 10-Q.

On March 13, 2018, we filed a "shelf" registration statement on Form S-4 with the SEC which became effective on May 2, 2018. Under this registration statement, we may from time to time offer and issue up to 5,000,000 shares of our common stock in connection with future acquisitions of other businesses, assets or securities. Unless withdrawn by us, this registration statement will remain effective indefinitely. No securities associated with the registration statement have been issued at the time of issuance of this Quarterly Report on Form 10-Q.

## Financial Ratings

Our principal insurance subsidiaries are rated by A.M. Best Company, Inc. (A.M. Best), Fitch, Moody's, and S&P. These rating agencies have also assigned ratings to our Senior Notes. The ratings that are assigned by these agencies, which are subject to change, can impact, among other things, our access to sources of capital, cost of capital, and competitive position. These ratings are not a recommendation to buy or hold any of our securities.

All four agencies currently have assigned the same insurance financial strength ratings to our Property & Casualty and Life insurance subsidiaries. Only A.M. Best currently rates our Supplemental & Group Benefits subsidiaries, each of which is rated at the same level as our Property & Casualty and Life & Retirement subsidiaries. Assigned ratings and respective affirmation/review dates as of July 31, 2025 were as follows:

|                                                     | Insurance Financial        |          |                        |          | Affirmed/ |
|-----------------------------------------------------|----------------------------|----------|------------------------|----------|-----------|

## Reinsurance Programs

There have been no material changes in our reinsurance programs for our Property & Casualty, Life & Retirement and Supplemental & Group Benefits segments from that disclosed in Part I - Item 1, Reporting Segments in our Annual Report on Form 10-K for the year ended December 31, 2024.

## ITEM 3. | Quantitative and Qualitative Disclosures about Market Risk

Market value risk, our primary market risk exposure, is the risk that our invested assets will decrease in value. This decrease in value may be due to (1) a change in the yields realized on our assets and prevailing market yields for similar assets, (2) an unfavorable change in the liquidity of an investment, (3) an unfavorable change in the financial prospects of the issuer of an investment, or (4) a downgrade in the credit rating of the issuer of an investment. Also see Consolidated Results of Operations in Part I - Item 2 of this Quarterly Report on Form 10-Q regarding net investment losses.

Significant changes in interest rates expose us to the risk of experiencing losses or earning a reduced level of income based on the difference between the interest rates earned on our investments and the credited interest rates on our insurance and investment contract liabilities. Also see Consolidated Results of Operations in Part I - Item 2 of this Quarterly Report on Form 10-Q regarding interest credited to policyholders.

We seek to manage our market value risk by coordinating the projected cash inflows of assets with the projected cash outflows of liabilities. For all of our assets and liabilities, we seek to maintain reasonable durations, consistent with the maximization of income without sacrificing investment quality, while providing for liquidity

and diversification. The investment risk associated with variable annuity deposits and the underlying mutual funds is assumed by those contractholders, and not by us. Certain fees that we earn from variable annuity deposits are based on the market value of the funds deposited.

More detailed descriptions of our exposure to market value risks and the management of those risks is contained in Part II - Item 7A of our Annual Report on Form 10-K for the year ended December 31, 2024.

## ITEM 4. | Controls and Procedures

### **Management's Conclusion Regarding the Effectiveness of Disclosure Controls and Procedures**

Under the supervision and with the participation of our management, including our chief executive officer and chief financial officer, we conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as such term is defined in Rule 13a-15(e) of the Securities Exchange Act of 1934 as amended (Exchange Act), as of June 30, 2025. Based on this evaluation, the chief executive officer and chief financial officer concluded that our disclosure controls and procedures are effective in timely alerting them to material information relating to us (including our consolidated subsidiaries) that is required to be included in our periodic SEC filings. No material weaknesses in our disclosure controls and procedures were identified in the evaluation and therefore, no corrective actions were taken. There were no significant changes in our internal controls or in other factors that could significantly affect these controls subsequent to the date of their evaluation.

### **Changes in Internal Control Over Financial Reporting**

There were no changes in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) during the period covered by this Quarterly Report on Form 10-Q that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## PART II: OTHER INFORMATION

### ITEM 1. | Legal Proceedings

For a description of noteworthy litigation, see Part I - Item 1, Note 10 of the Consolidated Financial Statements of this Quarterly Report on Form 10-Q.

### ITEM 1A. | Risk Factors

At the time of issuance of this Quarterly Report on Form 10-Q, we believe there are no material changes from the risk factors as previously disclosed in Part I - Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2024.

### ITEM 2. | Unregistered Sales of Equity Securities and Use of Proceeds

#### Issuer Purchases of Equity Securities

On May 13, 2025, our Board of Directors authorized a share repurchase program allowing repurchases of up to \$50 million (i.e., the 2025 Program) to begin following the completion of the current \$50 million repurchase plan which was authorized on May 25, 2022 (i.e., the 2022 Program). Both Programs authorize the repurchase of our common shares in open market or privately negotiated transactions, from time to time, depending on market conditions. The Programs do not have expiration dates and may be limited or terminated at any time without notice. During the three months ended June 30, 2025, we repurchased shares under the 2022 Program as follows:

| Period       | Total Number of Shares Purchased | Average Price Paid per Share | Total Number of Shares Purchased under the Program | Approximate Dollar Value of Shares that may yet be Purchased under the Program |
|--------------|----------------------------------|------------------------------|----------------------------------------------------|--------------------------------------------------------------------------------|
| April 1 - 30 | 175,192                          | \$ 40.14                     | 175,192                                            | \$ 19.2 million                                                                |

### ITEM 5. | Other Information

#### Securities Trading Plans of Executive Officers and Directors

Rule 10b5-1 under the Exchange Act provides an affirmative defense that enables prearranged transactions in Company securities in a manner that avoids concerns about initiating transactions at a future date while possibly in possession of material nonpublic information. Our Insider Trading Policy permits our executive officers and directors to enter into trading plans designed to comply with Rule 10b5-1.

During the three months ended June 30, 2025, no director or officer of the Company who is required to file reports under Section 16 of the Exchange Act adopted, modified, or terminated a “Rule 10b5-1 trading arrangement” or “non-Rule 10b5-1 trading arrangement,” as each term is defined in Item 408(a) of Regulation S-K.

## ITEM 6. | Exhibits

The following items are filed as Exhibits. Management contracts and compensatory plans are indicated by an asterisk (\*).

| Exhibit No. | Description                                                                                                                                                                         |
