ATLANTA--(BUSINESS WIRE)-- BlueLinx Holdings Inc. (NYSE: BXC), a leading U.S. wholesale distributor of building products, announced senior leadership changes aimed at strengthening commercial alignment throughout the organization to advance the company's sales growth strategy.

Mike Wilson has been appointed Chief Commercial Officer, reporting directly to the Chief Executive Officer. In this new role, he will oversee the commercial leadership team comprised of the five Regional Vice Presidents and the Vice President of National Accounts, all reporting directly to him. Bringing over 30 years of building products experience to the role, Wilson's transition into this commercial leadership role from his previous role as Chief Product Management Officer underscores the importance of our product mix and vendor relationships to our core sales growth strategy.

Leo Oei has been named Vice President, Product Management, succeeding Mike Wilson in his former role, where he will lead the Product Management team and report directly to the Chief Executive Officer.
