** Not applicable.

¹ Q1'22 and Q1'21, pre-tax net losses of \$76 million and net gains of \$94 million, respectively, were primarily related to unrealized fair market value adjustments on marketable and nonmarketable equity securities.

² Q1'22 pre-tax charges of \$4 million were directly related to imposed sanctions and the suspension of our business operations in Russia. The net charge is comprised of general and administrative expenses of \$34 million primarily related to reserves on uncollectible balances with certain sanctioned customers, offset by a net benefit of \$30 million in rebates and incentives (contra-revenue) primarily related to a reduction in liabilities as a result of lower estimates of customer performance for certain customer business agreements due to the suspension of our business operations in Russia.
