

HOLLY ENERGY PARTNERS, L.P. ETHICS AND COMPLIANCE HOTLINE

Holly Energy Partners, L.P. (together with all of its subsidiaries and affiliates, "**Holly Energy**") is committed to conducting its business with integrity and in an ethical and legal manner. We value our good name and our role as a good corporate citizen in every community in which we do business. Our mission statement and core values have their basis in honesty, openness, and integrity. Our Code of Business Conduct and Ethics and our Supplier Code of Business Conduct and Ethics (individually and collectively, the "**Code**") were each written with those commitments in mind. The Code lists the standards of conduct that each of our directors, officers, employees, agents, representatives, consultants and anyone conducting business on our behalf, must follow.

Perceived violation(s) of any law, rule, regulation, the Code or any Holly Energy policy or procedure should be promptly reported. There are two easy ways to make a report.

The Ethics and Compliance Hotline is available globally twenty-four (24) hours a day, seven (7) days a week. It is staffed by an independent company and can take calls in most languages. Reports made through the Ethics and Compliance Hotline are kept confidential and can be made anonymously, as permitted by applicable law.

We know it takes courage to come forward and share your concerns. We won't retaliate or permit retaliation against anyone who raises questions or concerns, anyone who promptly reports an alleged violation of the Code, any Holly Energy policy or procedure, any law, rule or regulation, or anyone who participates or cooperates in the investigation of a report.
