

## Media Alert: Supermicro Announces its First GPU Live Forum

March 19, 2020

### Supermicro's Product Experts to Provide Product Insights, Features, and Product Updates

SAN JOSE, Calif., March 19, 2020 /PRNewswire/ -- On March 24, 2020, Supermicro will present its first GPU Live Forum. An expert line-up of Supermicro product managers will share insights and updates on the industry's broadest portfolio of NVIDIA GPU systems. Attendees will experience product panel discussions, product demos, networking opportunities with live Q & A, and a unique chance to chat live with Supermicro product experts in our virtual environment.

#### Sessions will include:

- GPU Accelerated VDI Solution Powered by NVIDIA vGPU
- High-Density Computing Blade Servers & GPU Options
- Intelligent Edge Computing with NVIDIA EGX
- End-to-End AI with Supermicro's Validated NGC and EGX Platforms
- Accelerating Distributed DL Training with Optimized GPU Computing Solution
- Infrastructure Challenges within GPU-CPU Workflows

**What:** Supermicro GPU Live Forum

**Where:** This is a digital-only event – it will include booth presentations and demos, as well as in-depth breakout sessions and live Q&A.

**When:** Beginning March 24, 2020. All sessions and information will remain live for a year.
