About Doncasters

Doncasters is a leading independent manufacturer of complex, highly engineered precision cast components and nickel- and cobalt-based superalloys primarily serving the high growth Aerospace and IGT end markets. We primarily manufacture products that operate across some of the most in-demand aeroengine and gas turbine platforms, and through decades of operations, we have developed deep engineering expertise, technical know-how, and a collaborative, customer-centric culture that provides solutions to our OEM customers' most complex casting challenges. Doncasters operates 14 advanced manufacturing facilities across North America, Europe, the United Kingdom and Asia, serving a broad blue-chip client base worldwide and maintaining a leading position in specialist manufacturing and casting of superalloys.
