

NEWS RELEASE

Century Aluminum to Participate in Wells Fargo Industrials and Materials Conference 2026

2026-06-05

CHICAGO, June 05, 2026 (GLOBE NEWSWIRE) -- Century Aluminum Company (NASDAQ: CENX) today announced that Jesse Gary, Century's President and Chief Executive Officer, will present and participate in a question-and-answer session at the Wells Fargo Industrials and Materials Conference, beginning at approximately 1:30 p.m. CDT on Tuesday, June 9, 2026.

A real-time audio webcast of this session will be available on the "Investors" section of Century's website www.centuryaluminum.com.

About Century Aluminum Company

With its corporate headquarters located in Chicago, IL, Century Aluminum owns and operates primary aluminum smelting facilities in the United States and Iceland and is the majority owner and managing partner of the Jamalco alumina refinery in Jamaica. Visit www.centuryaluminum.com for more information.

Cautionary Statement

Forward-looking statements in this press release and statements made by Century Aluminum Company management during the session, for example, may include statements regarding: Our assessment of the aluminum market and aluminum prices (including premiums); Our assessment of prices of our key raw materials and supply and availability of those key raw materials, including alumina, coke, pitch and aluminum fluoride; Our assessment of power prices and availability, including any potential curtailments or other disruptions in the supply of power; The impact of the wars in Ukraine and in the Middle East, including any sanctions and export controls targeting Russia and businesses or individuals tied to Russia; The future financial and operating performance of the Company

and its subsidiaries; Our ability to successfully manage market risk and to control or reduce costs; Our plans and expectations with respect to future operations of the Company and its subsidiaries, including any plans and expectations to curtail or restart production, including the expected impact of any such actions on our future financial and operating performance; Our plans and expectations with regards to the restart of curtailed production at Mt. Holly including the timing, costs and benefits associated with restarting curtailed production; Our expectations as to the costs and benefits associated with Jamalco's operations; any future impact of the equipment failure at Grundartangi and related events on our financial and operating performance; The timing of our ability to return our operating facilities to full and normal operation following equipment failure or other extraordinary events including our expectations as to timing for bringing our Grundartangi facility back to 100% and returning Jamalco to full and normal operation following the restart after Hurricane Melissa; Our ability to recover losses from our insurance, including with respect to losses incurred in connection with the October 2025 equipment failure at Grundartangi; The timing and terms of the data center being constructed on our former Hawesville site to commence commercial operations and our ability to monetize our minority interest therein; The impact of Section 232 and 301 and other trade actions, including tariffs or other trade remedies, the extent to which any such remedies may be changed, including through exclusions or exemptions, and the duration of any trade remedy; The impact of any new or changed law or regulation, including, without limitation, sanctions or other similar remedies or restrictions or any changes in interpretation of existing laws or regulations; Our anticipated tax liabilities, benefits or refunds including the realization of U.S. and certain foreign deferred tax assets and liabilities; Our ability to qualify for and realize potential tax benefits under the Inflation Reduction Act of 2022 and the anticipated amounts of such benefits; Our expectations regarding the availability of the \$500 million DOE funding to our new smelter project, including our ability to raise additional capital through additional grants, incentives, subsidized loans and other debt and equity funding to support construction of a new aluminum smelter and our ability to successfully complete our new smelter project; The likelihood of our formalizing a joint venture with Emirates Global Aluminum for the new smelter project, and if we do, our ability to secure necessary power arrangements for the project on commercially reasonable terms, to timely complete construction of the project on budget, and to commence profitable operations; Our ability to access existing or future financing arrangements and the terms of any such future financing arrangements; Our ability to repay or refinance debt in the future; Our assessment and estimates of our pension and other postretirement liabilities, legal and environmental liabilities and other contingent liabilities; Our assessment of any future tax audits and expected outcomes; Negotiations with current labor unions or future representation by a union of our employees; Our assessment of any information technology-related risks, including the risk from cyberattacks or other data security breaches; Our plans and expectations regarding potential M&A and joint venture activity including our ability to consummate such transactions and our assessments of certain risks associated with the same, including, for example, unforeseen costs and expenses associated with unidentified liabilities, and difficulties integrating an acquired asset into our existing operations; and Our future business objectives, plans, strategies and initiatives, including our competitive position and prospects.
