As previously reported, the Chilean Internal Revenue Service (Servicio de Impuestos Internos or the "SII") has been conducting tax investigations related to the payment of invoices by Sociedad Química y Minera de Chile S.A. ("SQM" or the "Company") for services that have not been properly supported. The Chilean Public Prosecutor (Ministerio Público) has been conducting a related investigation to determine whether such payments may be linked with alleged violations of political contribution laws involving a number of Chilean companies, including the Company, and government officials. The Company has identified to the SII approximately US\$11 million in payments by the Company and up to an additional US\$2 million in payments by the Company's subsidiaries during the tax period 2009-2014 that may not meet the requirements to be qualified as tax deductible expenses under the Chilean tax code because of insufficient supporting documentation. The Company's board of directors created an ad-hoc committee of board members to conduct an internal investigation of these payments and the ad-hoc committee has retained independent U.S. and Chilean legal counsel and forensic accountants to assist it in its investigation.

The Company is unable to file its Annual Report on Form 20-F for the fiscal year ended December 31, 2014 (the "2014 Form 20-F") within the prescribed time period pending the outcome of matters subject to the internal investigation. The Company will file the 2014 Form 20-F, including the 2014 audited financial statements, as promptly as practicable; however, the Company is presently uncertain as to the date by which the audited financial statements and related audit report will be available for filing with the U.S. Securities and Exchange Commission (the "Commission"), and such filing may not occur by May 15, 2015 (the extended deadline for filing).

The Company has furnished to the Commission on Forms 6-K filed on February 26, March 12, 13, 17, 18, 20, 25, 27 and 31 and April 1, 24 and 27, 2015, information relating to the events giving rise to the pending investigation, the establishment and composition of the ad-hoc committee of the board of directors conducting the internal investigation, and related corporate governance matters.

The Company expects to furnish by May 1, 2015 to the Commission on Form 6-K certain business, operating and other data that would be contained in a Form 20-F.

On March 3, 2015, Sociedad Química y Minera de Chile S.A. (“SQM” or the “Company”) announced unaudited operating results for the fourth quarter and fiscal year ended December 31, 2014 which results were furnished to the U.S. Securities and Exchange Commission (the “Commission”) on Form 6-K filed on March 4, 2015, as supplemented by the Company’s press release dated March 5, 2015, furnished to the Commission on Form 6-K filed on March 5, 2015. The Company has also furnished on Form 6-K dated April 6, 2015, an English language copy of its 2014 Annual Report to Shareholders (the “Chilean Annual Report”) furnished to the Chilean Superintendency of Securities and Insurance (the “SVS”). The Chilean Annual Report includes statutory consolidated financial statements for the year ended December 31, 2014, prepared in accordance with the instructions and standards related to the preparation and presentation of financial information established by the SVS. These statutory consolidated financial statements are considered by the Commission to be unaudited financial statements for Commission purposes and were prepared prior to the termination of the employment contract of SQM’s former CEO following his refusal to cooperate with the Company’s internal investigation.

As reported in the Chilean Annual Report, the Company’s revenues totaled US\$2,014.2 million for the twelve months ended December 31, 2014, representing a decrease of 8.6% compared to US\$2,203.1 million reported for the twelve months ended December 31, 2013. Gross profit reached US\$583.0 million (28.9% of revenues) for the twelve months ended December 31, 2014, lower than US\$721.5 million (32.7% of revenues) recorded for the twelve months ended December 31, 2013.

The Company’s Chilean statutory consolidated financial statements were prepared in accordance with the SVS guidelines and instructions, which are composed of the IFRS as issued by the IASB and supplemental instructions from the SVS that require that the effects of the change in the income tax rates on deferred tax assets and liabilities be recognized in retained earnings instead of the income statement. The reconciliation of the Company’s net income as set forth in the Company’s Chilean statutory consolidated financial statements prepared in accordance with SVS guidelines and instructions to IFRS, without giving effect to such SVS guidelines and instructions, will be included in the Form 6-K that the Company expects to furnish to the Commission by May 1, 2015.
