Sustainability and Corporate Impact

More Than **95%**

of our global electricity consumption comes from renewable sources

Over **50%**

of our sites are Landfill Free certified through our internal program

Over **\$1 Million**

donated to 178 non-profit organizations via Aptar's Charitable Foundation since 2023

Through CARE®, our global signatory organization focused on education and economic empowerment, we amplify our impact by doubling employee donations. We also engage in fundraising and volunteer efforts that strengthen our local communities.
