13. Resolution on the remuneration of the Auditor

The Board of Directors proposes to the Annual General Meeting, on the recommendation of the Audit Committee, that the Auditor's fees be paid against an invoice approved by the company.

14. Election of the Auditor

The Board of Directors proposes to the Annual General Meeting, on the recommendation of the Audit Committee, that KPMG Oy Ab be elected as the company's auditor for the term that ends at the conclusion of the Annual General Meeting following the appointment. KPMG Oy Ab has informed that APA Toni Aaltonen will act as the principal auditor.

The Audit Committee states that its recommendation is free from any third-party influence and that there has been no requirement to be complied with as defined in article 16 paragraph 6 of the Finnish Accounting Decree, which limits the election of an external auditor.

15. Authorizing the Board of Directors to decide on the repurchase of the company's own shares

The Board of Directors proposes that the Annual General Meeting authorize the Board of Directors to decide upon the repurchase of a maximum of 4,400,000 of the Company's own shares with assets pertaining to the Company's unrestricted equity in one or more tranches. The proposed maximum aggregate amount of the authorization corresponds to approximately 10 percent of all the shares in the Company.

The authorization for repurchases of the Company's own shares is proposed to be carried out at the share's market price on Nasdaq Helsinki Ltd or in another marketplace the rules of which allow companies to trade with their own shares. The authorization entitles the Board of Directors to repurchase the shares in another proportion than that of the shares held by the current shareholders (directed repurchase). In repurchasing the Company's own shares, the Company may enter into derivative, stock lending, or other arrangements customary in capital market practice within the limits set by law and other regulations. In the repurchases, the Company will follow the rules and guidelines

regarding, among other factors, the determination of the repurchase price, settlement, and disclosure of trades, of the marketplace in which the repurchase is carried out.

The consideration payable for the repurchase of the shares shall be based on the market price of the Company's share on the securities market. The minimum consideration for the repurchase of the Company's own shares is the lowest market price of the share quoted during the authorization period and, correspondingly, the maximum price is the highest market price of the share quoted during the authorization period.

The shares may be repurchased to be used for financing or implementing possible mergers and acquisitions, developing the Company's equity structure, improving the liquidity of the Company's shares, or to be used for the payment of the annual fees payable to the members of the Board of Directors, or for implementing the share-based incentive programs of the Company. For the aforementioned purposes, the Company may retain, transfer, or cancel the shares. The Board of Directors would decide upon any other terms related to repurchase of shares.

The repurchase authorization would be valid until the end of the next Annual General Meeting, however, no longer than until June 30, 2019.

This authorization would cancel the repurchase authorization granted by the Annual General Meeting to the Board of Directors on April 4, 2017.

16. Authorizing the Board of Directors to decide on the issuance of shares

The Board of Directors proposes that the Annual General Meeting authorize the Board of Directors to decide to transfer the Company's own shares held by the Company or to issue new shares in one or more tranches limited to a maximum of 4,400,000 shares. The proposed maximum aggregate amount of the authorization corresponds to approximately 10 percent of all the shares in the Company.

The Company's own shares held by the Company may be transferred and the new shares may be issued either against payment or without payment. The new shares may be issued and the Company's own shares held by the Company may be transferred to the Company's shareholders in proportion to their current shareholdings in the Company or in deviation from the shareholders' pre-emptive right through a directed share issue, if the Company has a weighty financial reason for this, such as financing or implementing mergers and acquisitions, developing the Company's equity structure, improving the liquidity of the Company's shares, settling the payment of the annual fees payable to the members of the Board of Directors, or implementing the share-based incentive programs of the company. Upon the

issuance of the new shares, the subscription price of the new shares shall be recorded in the invested unrestricted equity reserves. In case of a transfer of the Company's own shares, the price payable for the shares shall be recorded to the invested unrestricted equity reserves.

The Board of Directors would decide upon any other terms and conditions related to the share issues. The authorization would be valid until the end of the next Annual General Meeting, however, no longer than until June 30, 2019.

This authorization would cancel the share issue authorization granted by the Annual General Meeting to the Board of Directors on April 4, 2017.
